Ready Player Two Ernest Cline,2020-11-24 #1 NEW YORK TIMES BESTSELLER • The thrilling sequel to the beloved worldwide bestseller Ready Player One, the near-future adventure that inspired the blockbuster Steven Spielberg film. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST • “The game is on again. . . . A great mix of exciting fantasy and threatening fact.”—The Wall Street Journal AN UNEXPECTED QUEST. TWO WORLDS AT STAKE. ARE YOU READY? Days after winning OASIS founder James Halliday’s contest, Wade Watts makes a discovery that changes everything. Hidden within Halliday’s vaults, waiting for his heir to find, lies a technological advancement that will once again change the world and make the OASIS a thousand times more wondrous—and addictive—than even Wade dreamed possible. With it comes a new riddle, and a new quest—a last Easter egg from Halliday, hinting at a mysterious prize. And an unexpected, impossibly powerful, and dangerous new rival awaits, one who’ll kill millions to get what he wants. Wade’s life and the future of the OASIS are again at stake, but this time the fate of humanity also hangs in the balance. Lovingly nostalgic and wildly original as only Ernest Cline could conceive it, Ready Player Two takes us on another imaginative, fun, action-packed adventure through his beloved virtual universe, and jolts us thrillingly into the future once again.

Trefethen's Index Cards Lloyd N Trefethen,2011-06-14 This is a book unique in structure — a collection of ideas noted on index cards over a period of 40 years. Acclaimed mathematician Lloyd N Trefethen, Professor of Numerical Analysis at Oxford University, has created an intellectual diary, marking the development of his interests and ideas, from his teenage years to the present. These thoughts stand as signposts, directing us through a mind that applies the same scientific discipline and rigor in everyday life as that needed for success in science and academia. Informative and entertaining, Professor Trefethen's Index Cards is a collage of observations of rare clarity, in subjects ranging from astronomy to family life, and from music to politics. The book will be of interest not only to other scientists and mathematicians, but to anyone in the general public interested in discerning how a scientific outlook informs the way we see broader issues in the societies we live in. Contents:EgoKidsAging and DeathSexLiving with OthersThe Meaning of LifePolitics and SocietyCold War NukesEducationBritainFamous PeopleOptimizing Your LifeThe Life of the ProfessorMusicWordsWriting and LiteratureMemoryMisperceptionsKnowledge and TruthAnalogiesBad LogicGod and ReligionGood and EvilScienceStars and PlanetsMathematicsBig NumbersMathematics and Science in Everyday LifeInventionsComputersLife and DNABeats, Minds and Bodies Readership: Students and general public, mathematicians, mathematical scientists. Keywords:Index Cards;Idea Development;Philosophy;Computer Science;Numerical Analysis;Mathematics and Science in Everyday LifeReviews: “What's especially original here is the book's structure. It's a collection of thoughts and questions, some playful, some very deep, each compact enough to fit on an index card. Nick has been writing these index cards to himself for the past 40 years. By arranging them longitudinally, he allows us to watch him unfold, captured as if by time-lapse photography, as he matures from promising teenager to the Professor of Numerical Analysis and FRS at Oxford. Whether you're a fellow mathematician, or merely a fellow human being, you're in for a treat you'll never forget. I know of nothing else like it.” Steven Strogatz Cornell University

Sourav Ganguly Saptarshi Sarkar,2015-04-01 A no-holds-barred biography of one of India's most successful cricket captains Sourav Ganguly is a difficult icon. He is undoubtedly one of India's most successful captains, one who moulded a new team when India was at its lowest ebb, reeling from the betting scandal. There can be no argument about his cricketing genius, right from the time he scored a Test century at Lord's to the time he led India to the 2003 World Cup final. But the world of cricketing fans is divided into those who adore him fiercely and despise him greatly. He could be arrogant on occasion: Ganguly allegedly refused to carry the drinks as a twelfth man. He constantly challenged authority. Greg Chappell discarded him from the team during his stint as coach. Ganguly cared little for convention: remember the bare-chested celebration at an Indian win?Yet, in all the years of his roller-coaster ride through Indian cricket, no one questioned the man's utter devotion to the game or his team. In this account of one of India's greatest cricketers, shot through with intimate details, Saptarshi Sarkar tackles controversies around the legendary cricketer head on.Racy and gripping, Sourav Ganguly: Cricket, Captaincy and Controversy investigates the big events in Dada's interesting career. It probes the symbiotic relationship between the man and the cricketer. What was Ganguly thinking before a match? Why did he demand that the grass be trimmed just before start of play at the Nagpur pitch? What was the Indian dressing room like? What was that Greg Chappell chapter all about?An unflinching biography of a man who never shied away from controversies, this is as much a ready reckoner for Sourav Ganguly fans as it is an examination of a crucial era in Indian cricket.

Running with Sherman Christopher McDougall,2020-07-28 From the bestselling author of Born to Run, a heartwarming story about training a rescue donkey to run one of the most challenging races in America, and, in the process, discovering the life-changing power of the human-animal connection. A delight, full of heart and hijinks and humor. —John Grogan, author of Marley & Me: Life and Love with the World's Worst Dog When Christopher McDougall decided to adopt a donkey in dire straits, he had no idea what he was getting himself into. But with the help of his neighbors, Chris came up with a crazy idea. Burro racing, a unique type of competition in which humans and donkeys run side by side over mountains and through streams, would be exactly the challenge Sherman and Chris needed. In the course of Sherman’s training, Chris would enlist Amish running clubs, high-spirited goats, the service animal community, and two Sarah Palin-loving long-distance female truckers. Sherman’s heartwarming story of overcoming all odds to run one of the most unbelievable races in America shows the healing power of movement and the strength of the human-animal connection. Look for Christopher McDougall's new book, Born to Run 2, coming in December!

Draplin Design Co. Aaron James Draplin,2016-05-17 A funny, colorful, fascinating tour through the work and life of one of today’s most influential graphic designers. Esquire. Ford Motors. Burton Snowboards. The Obama Administration. While all of these brands are vastly different, they share at least one thing in common: a teeny little bit of Aaron James Draplin. Draplin is one of the new school of influential graphic designers who combine the power of design, social media, entrepreneurship, and DIY aesthetic to create a successful business and way of life. Pretty Much Everything is a mid-career survey of work, case studies, inspiration, road stories, lists, maps, how-tos, and advice. It includes examples of his work—posters, record covers, logos—and presents the process behind his design with projects like Field Notes and the “Things We Love” State Posters. Draplin also offers valuable advice and hilarious commentary that illustrates how much more goes into design than just what appears on the page. With Draplin’s humor and pointed observations on the contemporary design scene, Pretty Much Everything is the complete package.

Flight of a Lifetime Philip Watling,2008-09-01 The author takes us on a flight into a dangerous world - a world where death overtook him and yet, somehow, he cheated it. This is the amazing and miraculous story of a young man who went up against the odds to claw his way back to normality. From A levels to a party in celebration of his continuing life, through his work with horses and time spent in three hospitals - straight across the brink of his own existence - Philip Watling's true account takes us down paths we wouldn't normally wish to follow and into places we never knew existed. This

harrowing tale of life and death transcends everyday living and defies the imagination. With humour and mysticism throughout, this thought-provoking book teaches us the value of the one life we are given, and will help light our way towards survival after experiencing a traumatic event.

The Music Shop Rachel Joyce, 2018-01-02 “An unforgettable story of music, loss and hope. Fans of High Fidelity, meet your next quirky love story.”—People NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE TIMES (UK) AND THE WASHINGTON POST It is 1988. On a dead-end street in a run-down suburb there is a music shop that stands small and brightly lit, jam-packed with records of every kind. Like a beacon, the shop attracts the lonely, the sleepless, and the adrift; Frank, the shop’s owner, has a way of connecting his customers with just the piece of music they need. Then, one day, into his shop comes a beautiful young woman, Ilse Brauchmann, who asks Frank to teach her about music. Terrified of real closeness, Frank feels compelled to turn and run, yet he is drawn to this strangely still, mysterious woman with eyes as black as vinyl. But Ilse is not what she seems, and Frank has old wounds that threaten to reopen, as well as a past it seems he will never leave behind. Can a man who is so in tune with other people’s needs be so incapable of connecting with the one person who might save him? The journey that these two quirky, wonderful characters make in order to overcome their emotional baggage speaks to the healing power of music—and love—in this poignant, ultimately joyful work of fiction. Praise for The Music Shop “Captures the sheer, transformative joy of romance.”—The Washington Post “Love, friendship, and especially the healing powers of music all rise together into a triumphant crescendo. . . . This lovely novel is as satisfying and enlightening as the music that suffuses its every page.”—The Boston Globe “Magnificent . . . If you love words, if you love music, if you love love, this [novel] will be without question one of the year’s best.”—BookPage (Top Pick in Fiction) “Joyce has a knack for quickly sketching characters in a way that makes them stick. [The Music Shop] will surprise you.”—Minneapolis Star Tribune “Rachel Joyce has established a reputation for novels that celebrate the dignity and courage of ordinary people and the resilience of the human spirit. . . . But what really elevates The Music Shop is Joyce’s detailed knowledge of—and passion for—music.”—The Guardian

Eat to Live Russell Simmons, 2021-08-31 Mogul, Philanthropist, Yogi and New York Times Best Selling author (The Happy Vegan: A Guide to Living a Long, Healthy, and Successful Life/ Russell Simmons' Laws of Success: 12 Proven Steps to Achieving Happiness and Empowerment/Super Rich: A Guide to Having it All/Success Through Stillness: Meditation Made Simple/Life and Def: Sex, Drugs, Money, + God) Russell Simmons presents Eat To Live: A Post- Pandemic Guide to Healthy Living. Russell Simmons has transformed himself from an overweight/smoking/drug-using carnivore to a healthy, fit, vegan yogi. Distressed by watching his friends, community, and citizens of the world falling victim to COVID-19 at alarming rates, many with pre-existing conditions that put them at higher risk for death, Simmons decided to write a guide detailing the easy changes we can all incorporate into our daily lives to create health (mentally and physically) from the inside out, with an emphasis on plant-based eating -delicious recipes included!

Life Force Tony Robbins, Peter H. Diamandis, 2022-02-08 INSTANT #1 NEW YORK TIMES BESTSELLER Transform your life or the life of someone you love with Life Force—the newest breakthroughs in health technology to help maximize your energy and strength, prevent disease, and extend your health span—from Tony Robbins, author of the #1 New York Times bestseller Money: Master the Game. What if there were scientific solutions that could wipe out your deepest fears of falling ill, receiving a life-threatening diagnosis, or feeling the effects of aging? What if you had access to the same cutting-edge tools and technology used by peak performers and the world’s greatest athletes? In a world full of fear and uncertainty about our health, it can be difficult to know where to turn for actionable advice you can trust. Today, leading scientists and doctors in the field of regenerative medicine are developing diagnostic tools and safe and effective therapies that can free you from fear. In this book, Tony Robbins, the world’s #1 life and business strategist who has coached more than fifty million people, brings you more than 100 of the world’s top medical minds and the latest research, inspiring comeback stories, and amazing advancements in precision medicine that you can apply today to help extend the length and quality of your life. This book is the result of Robbins going on his own life-changing journey. After being told that his health challenges were irreversible, he experienced firsthand how new regenerative technology not only helped him heal but made him stronger than ever before. Life Force will show you how you can wake up every day with increased energy, a more bulletproof immune system, and the know-how to help turn back your biological clock. This is a book for everyone, from peak performance athletes, to the average person who wants to increase their energy and strength, to those looking for healing. Life Force provides answers that can transform and even save your life, or that of someone you love.

Vagabonding Rolf Potts, 2002-12-24 INTERNATIONAL BESTSELLER • With a new foreword by Tim Ferriss • “Vagabonding easily remains in my top-10 list of life-changing books. Why? Because one incredible trip, especially a long-term trip, can change your life forever. And Vagabonding teaches you how to travel (and think), not just for one trip, but for the rest of your life.”—Tim Ferriss, from the foreword There’s nothing like vagabonding: taking time off from your normal life—from six weeks to four months to two years—to discover and experience the world on your own terms. In this one-of-a-kind handbook, veteran travel writer Rolf Potts explains how anyone armed with an independent spirit can achieve the dream of extended overseas travel. Now completely revised and updated, Vagabonding is an accessible and inspiring guide to • financing your travel time • determining your destination • adjusting to life on the road • working and volunteering overseas • handling travel adversity • re-assimilating back into ordinary life Updated for our ever-changing world, Vagabonding is an indispensable guide for the modern traveler.

Fabre's Book of Insects Jean-Henri Fabre, 2023-11-21 Charles Darwin described Fabre as the 'Homer of insects'. This book is a collection of essays that Fabre wrote detailing his observations of all kinds of insects in his homeland of France. Though the subject matter might sound dull to a non-scientist, Fabre manages to combine real observation with folk-lore, storytelling and culture in an immensely readable way.

To Life! Linda Weintraub, 2012-09-01 This title documents the burgeoning eco art movement from A to Z, presenting a panorama of artistic responses to environmental concerns, from Ant Farms anti-consumer antics in the 1970s to Marina Zurkows 2007 animation that anticipates the havoc wreaked upon the planet by global warming.

The Long Tail Chris Anderson, 2006-07-11 What happens when the bottlenecks that stand between supply and demand in our culture go away and everything becomes available to everyone? The Long Tail is a powerful new force in our economy: the rise of the niche. As the cost of reaching consumers drops dramatically, our markets are shifting from a one-size-fits-all model of mass appeal to one of unlimited variety for unique tastes. From supermarket shelves to advertising agencies, the ability to offer vast choice is changing everything, and causing us to rethink where our markets lie and how to get to them. Unlimited selection is revealing truths about what consumers want and how they want to get it, from DVDs at Netflix to songs on iTunes to advertising on Google. However, this is not just a virtue of online marketplaces; it is an example of an entirely new economic model for business, one that is just beginning to show its power. After a century of obsessing over the few products at the head of the demand curve, the new economics of distribution allow us to turn our focus to the many more products in the tail, which collectively can create a new market as big as the one we already know. The Long Tail is really about the economics of abundance. New efficiencies in distribution, manufacturing, and marketing are essentially resetting the definition of what's commercially viable across the board. If the 20th century was about hits, the 21st will be equally about niches.

Windows 10 For Dummies Andy Rathbone, 2015-08-10 Illustrates the new features of Windows 10.

Ubiquitous Computing Fundamentals John Krumm, 2018-10-08 ...a must-read text that provides a historical lens to see how ubicomp has matured into a multidisciplinary endeavor. It will be an essential reference to researchers and those who want to learn more about this evolving field. - From the Foreword, Professor Gregory D. Abowd, Georgia Institute of Technology First introduced two decades ago, the term ubiquitous computing is now part of the common vernacular. Ubicomp, as it is commonly called, has grown not just quickly but broadly so as to encompass a wealth of concepts and technology that serves any number of purposes across all of human endeavor. While such growth is positive, the newest generation of ubicomp practitioners and researchers, isolated to specific tasks, are in danger of losing their sense of history and the broader perspective that has been so essential to the field’s creativity and brilliance. Under the guidance of John Krumm, an original ubicomp pioneer, Ubiquitous Computing Fundamentals brings together eleven ubiquitous computing trailblazers who each report on his or her area of expertise. Starting with a historical introduction, the book moves on to summarize a number of self-contained topics. Taking a decidedly human perspective, the book includes discussion on how to observe people in their natural environments and evaluate the critical points where ubiquitous computing technologies can improve their

lives. Among a range of topics this book examines: How to build an infrastructure that supports ubiquitous computing applications Privacy protection in systems that connect personal devices and personal information Moving from the graphical to the ubiquitous computing user interface Techniques that are revolutionizing the way we determine a person’s location and understand other sensor measurements While we needn’t become expert in every sub-discipline of ubicomp, it is necessary that we appreciate all the perspectives that make up the field and understand how our work can influence and be influenced by those perspectives. This is important, if we are to encourage future generations to be as successfully innovative as the field’s originators.

The Art of Captaincy Mike Brearley,2015-06-18 'The best book on captaincy, written by an expert' - Mike Atherton Mike Brearley is one of the most successful cricket captains of all time, and, in 1981, he captained the England team to the momentous Ashes series victory against Australia. In *The Art of Captaincy*, his study on leadership and motivation, he draws directly on his experience of man-managing a team, which included a pugnacious Ian Botham and Geoffrey Boycott, to explain what it takes to be a leader on and off the field. Giving an insight into both his tactical understanding of the game, as well as how to get a group of individuals playing as a team in order to get the best out of them, *The Art of Captaincy* is a classic handbook on how to generate, nurture and inspire success. With a foreword by former England player and BBC commentator Ed Smith, to celebrate the thirtieth anniversary of its first publication, and an afterword by director Sam Mendes, *The Art of Captaincy* remains urgently relevant for cricket fans and business leaders alike. Covering the ability to use intuition, resourcefulness, clear-headedness and the importance of empathy as a means of achieving shared goals, Brearley's seminal account of captaincy is both the ultimate blueprint for creating a winning mind set, but also shows how the lessons in the sporting arena can be applied to any walk of personal and professional life.
