**Cropper's Cabin** Jim Thompson, 2012-05-01 Tommy Carver may be every inch the angry, rebellious young man his teachers and parents accuse him of being. But sometimes, there are reasons for a fury like Tommy's. Tommy's relationship with Donna, the daughter of a man he hates almost as much as his own father, has led to more outbursts than anything else in Tommy's firecracker existence. With her unearthly beauty and a passion that rivals Tommy's own, he couldn't help but fall for her. But as everybody knows, the stories of star-crossed lovers never have happy endings -- especially not with explosive parties like these. *Cropper's Cabin* is Jim Thompson's hair-raising thriller of what no writer has known better before or since -- the hardscrabble existence of small-town American lives set to blow.

How you think affects who you are. Do you think optimistically or pessimistically? Do you think success or failure? In this book Kevin R. Cropper shows you how your mind directly affects your goals and destinations in life. He helps you to determine if it's time for a change of mind. If you are tired of suffering all of the ill effects of negative, counter-productive and destructive thinking, then it's time to change your mind so that you can change your life.
