Olive is balancing the too-many things she wants to do with the too-few hours in the day to do them. When everything adds up, suddenly it's crunch time! It's no secret that Olive loves trying new things. Between taking guitar lessons, making a short film, joining Berry Scouts, and leading the charge on her school's dress code reform, Olive has her hands full! But she enjoys being busy, so staying on track with her jam-packed schedule should be no problem...right? As weeks fly by, it gets harder and harder for Olive to find time for her activities, never mind time for herself. Will she be able to accomplish her goals, or will all her sizzle turn to fizzle? The New York Times bestselling author-illustrator Kayla Miller delivers a vibrant and timely story about the importance of balance, effort, and reaching out for help. Don't miss any of the popular graphic novels in Kayla Miller's *Click* series: *Click* *Camp* *Act* *Clash* *Crunch*

Crunch Leslie Connor, 2010-03-30 By the award-winning author of *Waiting for Normal* and *All Rise for the Honorable Perry T. Cook*, Leslie Connor. Multiple award winner: Kirkus Reviews Best Children's Book * Smithsonian Magazine Notable Book for Children * Cooperative Children's Book Center Choice *Crunch* asks: What might happen if the earth's supply of gas runs out? It's a perfect classroom read to spark discussions about energy conservation and the future of our planet. Dewey Marriss is stuck in a crunch. He never guessed that the gas pumps would run dry the same week he promised to manage the family's bicycle-repair business. Suddenly everyone needs a bike. And nobody wants to wait. Meanwhile, the crunch has stranded Dewey's parents far up north. It's up to Dewey and his older sister, Lil, to look after their younger siblings and run the bike shop all on their own. To top things off, Dewey discovers that bike parts are missing from the shop. He's sure he knows who's responsible—or does he? Will exposing the thief only make more trouble for Dewey and his siblings? "Charming and original." —Kirkus Reviews (starred review)

The Big Crunch Pete Hautman, 2011-01-01 A funny, clear-eyed view of the realities of teenage love from National Book Award winner Pete Hautman. A funny, clear-eyed view of the realities of teenage love from National Book Award winner Pete Hautman. Jen and Wes do not meet cute. They do not fall in love at first sight. They do not swoon with scorching desire. They do not believe that they are instant soul mates destined to be together forever. This is not that kind of love story. Instead, they just hang around in each other's orbits...until eventually they collide. And even after that happens, they're still not sure where it will go. Especially when Jen starts to pity-date one of Wes's friends, and Wes makes some choices that he immediately regrets. From National Book Award winner Pete Hautman, this is a love story for people not particularly biased toward romance. But it is romantic, in the same way that truth can be romantic and uncertainty can be the biggest certainty of all...

Color Crunch! Charles Reasoner, 2009-07 Using food illustrations and rhyming text, this book teaches children about colors.

Crunch! Dirk Burhans, 2008-11-05 The potato chip has been one of America's favorite snacks since its accidental origin in a nineteenth-century kitchen. *Crunch!* A History of the Great American Potato Chip tells the story of this crispy, salty treat, from the early sales of locally made chips at corner groceries, county fairs, and cafes to the mass marketing and corporate consolidation of the modern snack food industry. *Crunch!* also uncovers a dark side of potato chip history, including a federal investigation of the snack food industry in the 1990s following widespread allegations of antitrust activity, illegal buyouts, and predatory pricing. In the wake of these Great Potato Chip Wars, corporate snack divisions closed and dozens of family-owned companies went bankrupt. Yet, despite consolidation,

many small chippers persist into the twenty-first century, as mom-and-pop companies and upstart boutique businesses serve both new consumers and markets with strong regional loyalties. Illustrated with images of early snack food paraphernalia and clever packaging from the glory days of American advertising art, *Crunch!* is an informative tour of large and small business in America and the vicissitudes of popular tastes.

Click Kayla Miller, 2022-05-31 Olive wants to get in on the act . . . Any act! For fans of Raina Telgemeier comes the first book in the New York Times best-selling graphic novel series about friendship and finding where you click. Olive “clicks” with everyone in the fifth grade –until one day she doesn’t. When a school variety show leaves Olive stranded without an act to join, she begins to panic, wondering why all her friends have already formed their own groups... without her. With the performance drawing closer by the minute, will Olive be able to find her own place in the show before the curtain comes up? A heartfelt and insightful story about navigating friendships, leaning on family, and learning to take the stage in the most important role of all.

The Big Crunch Wiley Blevins, 2017-08-01 It's another lazy day in the backyard, and Ick doesn't want to explore the mysterious sound in the woods. But Crud has his back—or does he?

Crunch Jared Bernstein, 2008-04-21 According to author Bernstein, economic experts all too often manipulate and distort the science at the heart of important issues. In *Crunch*, he offers entertaining, informative, and direct answers to a set of compelling economic questions posed by ordinary people.

The Carbon Crunch Dieter Helm, 2012-10-12 An economist’s take on “why the world’s efforts to curb the carbon dioxide emissions behind global warming have gone so wrong, and how it can do better” (Financial Times). Despite commitments to renewable energy and two decades of international negotiations, global emissions continue to rise. Coal, the most damaging of all fossil fuels, has actually risen from 25% to almost 30% of world energy use. And while European countries congratulate themselves on reducing emissions, they’ve increased their carbon imports from China and other developing nations, who continue to expand their coal use. As standards of living improve in developing countries, coal use can only increase as well—and global temperatures along with it. Written by an Oxford economist who specializes in environmental issues, this book goes beyond pieties and pipe dreams to address the practical realities that are preventing us from making progress on this crucial issue—and what we can do differently before it’s too late. “Should be compulsory reading for the entire political class as well as the bureaucratic elite and the commentariat.”—New Statesman “An optimistically levelheaded book about actually dealing with global warming.”—Kirkus Reviews (starred review) “A powerful and heartfelt plea for hard-nosed realism.”—New Scientist

Crunch the Shy Dinosaur Cirocco Dunlap, 2021-06-29 From Cirocco Dunlap (*This Book Will Not Be Fun*) and Theodor Seuss Geisel Award winner Greg Pizzoli (*The Watermelon Seed*) comes a charming, giggly read-aloud that illustrates the particular art of making a friend! *Crunch* is a lovely and quiet brontosaurus who has hidden himself in some shubbery and is rather shy. He would like to play, but it will require some gentle coaxing from you! If you are patient and encouraging, you will find yourself with a new friend! This book is a warm, funny example of how to engage with someone new, who is perhaps a bit different from you. Lessons in friend-making (such as minding personal space and demonstrating interest in another's hobbies) are delivered so subtly that children will absorb them unconsciously as they delight in *Crunch*'s silly hat and dance moves! Cirocco Dunlap (*This Book Will Not Be Fun*) and Greg Pizzoli (*The Watermelon Seed*) enchant and surprise us with their first collaboration. A Chicago Public Library Best Book of 2018!
