Consequences: Alec will be forced to choose between duty and love, between right and wrong. Before the final note plays, he'll learn the true meaning of sacrifice. Publisher's Note: Bound is a YA Urban Fantasy novel, and is one possible entry point into the books that make up the Reflections Universe. The Reflections Universe is a series of YA Paranormal books featuring vampires, shape shifters, werewolves and more, which have been written so they can be safely enjoyed by both young adults and older readers alike. Bound is followed by Hunted, and is one of several free YA books available from Dean. The Reflections Universe: Some stories are too full of teen urban fantasy goodness to fit into just one series! Dean Murray is the successful author of multiple clean young adult paranormal romance, urban fantasy, and epic fantasy series which collectively have more than 480,000 copies in circulation. Keywords: Free, Freebie, Young Adult, Urban Fantasy, YA, Free Book, Vampires, Werewolves

The Dark Reflections Series: Books 1-3 Dean Murray, 2015-03-03 As the heir to the largest shape shifter pack in North America, Alec Graves has inherited a savage, dangerous life. If he can successfully take over his father's pack, Alec will finally have a chance to make changes for the better, but he wouldn't be the first person to be corrupted by that kind of power. Human teenager Adri Paige is only days away from manifesting a supernatural ability that is as powerful as it is terrifying. Her only hope of survival lies in mastering her gift before it lures dark forces into her life. Separately, Alec and Adri have no chance of seeing another year. Together they just might be able to save the world. This omnibus edition includes the first three novels in the popular Dark Reflections Series (which has received more than 300 4- & 5-star reviews), and is nearly 800 pages of action, danger and romance set in one of the richest, most complex worlds in the genre. This Bundle includes: Bound: The only thing worse than having no family at all, is having a family that is out to hurt you. That would all be bad enough for a normal 17-year-old, but it's even worse for Alec Graves. A shape shifter's pack, his family, is the only thing stopping the other preternatural creatures out there from killing them. Alec's pack isn't just neglectful, he's pretty sure that his father wants him dead. Alec is about to be sent to the front lines of a war between his people and everything else that goes bump in the night. His only chance of survival is to convince everyone around him that he's the perfect soldier, but there are lines that Alec won't cross, not for any price. Hunted:

The Perfect Weapon: Adri Paige can visit people inside of their dreams, where they are defenseless. The Ultimate Spy: Adri's power lets her ferret out anyone's secrets and even influence their waking actions. The World's Biggest Prize: Adri's power comes with a price. Dark forces hunt her, hoping to bend her gifts to their purposes. The Real Problem? Adri needs to make it through high school without letting anyone around her figure out her true capabilities—all while crushing on a guy she knows is probably trouble. Ambushed: Adriana Paige has survived not one but two vampire attacks in less than twenty-four hours, and unless she's able to master her ability to share other people's dreams, the attacks are only going to get worse. Taggart has promised to train Adri, but he's got even more enemies than she does and there's no guarantee that he'll be able to keep her from being caught in the crossfire. More than anything else, Adri wants to talk to shape shifter Alec Graves, but he's gone strangely silent. There's no way for Adri to know if that's because he's no longer interested in her, or if it's simply because he's still on the run from his ruthless father, Kaleb. As enemies both new and old start closing in on Adri, she's starting to worry that she might be forced into choosing between Taggart, the man who saved her life, and Alec, the guy to whom she feels inexplicably connected. Publisher's Note: Dean Murray's ongoing Reflection Series has been a stunning success with more than half a million copies in circulation, and a rich, complex world where choices—right or wrong—have real, profound consequences. Unsatisfied with the restrictions imposed on him by writing inside of the conventional series structure, Dean has returned to Sanctuary and the characters so many fans have fallen in love with. The Dark Reflections Series is an alternate timeline set in the same world and featuring many of the same characters as the Reflections Series, but with a profoundly different backstory. Keywords: Teen, Young Adult, Urban Fantasy, YA, Vampires, Werewolves, Series, Paranormal, Romance, Shape Shifters, Shapeshifters

DARK DAWNING Auguste Dinoto,2012-05-01 In the year 2030 a great earthquake strikes the Mid-East nations. A ground fault forms under the oil

fields. 85% of the world's oil supply is lost. The price of gasoline fires up to \$500 a gallon. The automobile industry collapses. Millions are thrown out of work. Bloody riots shake the nation. Martial law is declared, and from the ashes rises a dictator named ALIB DEEDS. He forms a gestapo-like police force called, FLEDGLING ONE. Privately owned vehicles are banned. People are moved into living quads where power is strictly controlled. Cities are surrounded by electric fences. The penalty is death for anyone who tries to leave the city. Freedom fighters Brick Sanders and Tyra McCord, steal a jeep from the federal motor pool. They have a gun battle with the guards at Fuel Dispersal Center No.2, and head for the fence. A bullet hits the gas tank. The speeding jeep sputters and rolls to a stop. The Fledglings are right behind them. Brick looks at the gauge in front of him. They are out of gas...

Hope Isn't Stupid Sean Austin Grattan, 2017-10-01 *Hope Isn't Stupid* is the first study to interrogate the neglected connections between affect and the practice of utopia in contemporary American literature. Although these concepts are rarely theorized together, it is difficult to fully articulate utopia without understanding how affects circulate within utopian texts. Moving away from science fiction—the genre in which utopian visions are often located—author Sean Grattan resuscitates the importance of utopianism in recent American literary history. Doing so enables him to assert the pivotal role contemporary American literature has to play in allowing us to envision alternatives to global neoliberal capitalism. Novelists William S. Burroughs, Dennis Cooper, John Darnielle, Toni Morrison, Thomas Pynchon, and Colson Whitehead are deeply invested in the creation of utopian possibilities. A return to reading the utopian wager in literature from the postmodern to the contemporary period reinvigorates critical forms that imagine reading as an act of communication, friendship, solace, and succor. These forms also model richer modes of belonging than the diluted and impoverished ones on display in the neoliberal present. Simultaneously, by linking utopian studies and affect studies, Grattan's work resists the tendency for affect studies to codify around the negative, instead reorienting the field around the messy, rich, vibrant, and ambivalent affective possibilities of the world. *Hope Isn't Stupid* insists on the centrality of utopia not only in American literature, but in American life as well.
