Medea Christa Wolf, 2012-10-24 Medea is among the most notorious women in the canon of Greek tragedy: a woman scorned who sacrifices her own children to her jealous rage. In her gripping new novel, Christa Wolf explodes this myth, revealing a fiercely independent woman ensnared in a brutal political battle. Medea, driven by her conscience to leave her corrupt homeland, arrives in Corinth with her husband, the hero Jason. He is welcomed, but she is branded the outsider-and then she discovers the appalling secret behind the king's claim to power. Unwilling to ignore the horrifying truth about the state, she becomes a threat to the king and his ruthless advisors; abandoned by Jason and made a public scapegoat, she is reviled as a witch and a murderess. Long a sharp-eyed political observer, Christa Wolf transforms this ancient tale into a startlingly relevant commentary on our times. Possessed of the enduring truths so treasured in the classics, and yet with a thoroughly contemporary spin, her *Medea* is a stunningly perceptive and probingly honest work of fiction.

Far Journeys Robert A. Monroe, 2014-11-12 The sequel to Monroe's *Journey Out Of The Body* is an amazing parapsychological odyssey that reflects a decade of research into the psychic realm beyond the known dimensions of physical reality.

Children of Eden Joey Graceffa, 2016-10-04 What would you do to survive if your very existence were illegal? Rowan is a second child in a world where

population control measures make her an outlaw, marked for death ...--

Elites of Eden Joey Graceffa, 2017-10-03 Two young girls hold the fate of the world in their hands in the highly anticipated sequel to the instant #1 New York Times bestseller *Children of Eden*. Two girls, one destiny. Yarrow is an elite: rich, regal, destined for greatness. She's the daughter of one of the most powerful women in Eden. At the exclusive Oaks boarding school, she makes life miserable for anyone foolish enough to cross her. Her life is one wild party after another...until she meets a fascinating, lilac-haired girl named Lark. Meanwhile, there is Rowan, who has been either hiding or running all her life. As an illegal second child in a strictly regulated world, her very existence is a threat to society, punishable by death...or worse. After her father betrayed his family, and after the government killed her mother, Rowan discovered a whole city of people like herself. Safe in an underground sanctuary that also protected the last living tree on Earth, Rowan found friendship, and maybe more, in a fearless hero named Lachlan. But when she was captured by the government, her fate was uncertain. When these two girls discover the thread that binds them together, the collision of memories means that their lives may change drastically--and that Eden may never be the same.

Crazy Love Francis Chan, 2013-04-01 Revised & Updated Edition! God is love. Crazy, relentless, all-powerful love. Have you ever wondered if we're missing it? It's crazy, if you think about it. The God of the universe--the Creator of nitrogen and pine needles, galaxies and E-minor--loves us with a radical,

unconditional, self-sacrificing love. And what is our typical response? We go to church, sing songs, and try not to cuss. Whether you've verbalized it yet or not, we all know something's wrong. Does something deep inside your heart long to break free from the status quo? Are you hungry for an authentic faith that addresses the problems of our world with tangible, even radical, solutions? God is calling you to a passionate love relationship with Himself. Because the answer to religious complacency isn't working harder at a list of do's and don'ts—it's falling in love with God. And once you encounter His love, as Francis describes it, you will never be the same. Because when you're wildly in love with someone, it changes everything. The Untrue Story of You Bryan Hubbard, 2014-10-06 In The Untrue Story of

You, Bryan Hubbard presents a powerful, groundbreaking theory explaining who we really are, how our relationship to our past affects us and how we can finally find true healing. In the pages of this book, you will discover that 'you' are actually made up of Three Selves, or time-bodies – past, present and potential - and that these three distinct entities send out energetic pulses, or waves, that interact to create your experience of life. As you move through life, experiences you never fully understood from your past begin to weigh you down, causing you to respond in the present with anxiety and fear without knowing why. As this pattern repeats itself, it can drag you into depression or addictive behaviours that are seemingly out of your control. Sharing his own moving story of overcoming the painful experiences of his childhood, Bryan teaches you how to heal the negative patterns you have created in your life, and, through a 21-day programme, become the real 'you' – the child you once were who could see the world as it really is, an unfolding miracle in the present moment.

The Probability of God Dr. Stephen D. Unwin, 2004-10-26 Does God exist? This is probably the most debated question in the history of mankind. Scholars, scientists, and philosophers have spent their lifetimes trying to prove or disprove the existence of God, only to have their theories crucified by other scholars, scientists, and philosophers. Where the debate breaks down is in the ambiguities and colloquialisms of language. But, by using a universal,

unambiguous language—namely, mathematics—can this question finally be answered definitively? That's what Dr. Stephen Unwin attempts to do in this riveting, accessible, and witty book, *The Probability of God*. At its core, this groundbreaking book reveals how a math equation developed more than 200 years ago by noted European philosopher Thomas Bayes can be used to calculate the probability that God exists. The equation itself is much more complicated than a simple coin toss (heads, He's up there running the show; tails, He's not). Yet Dr. Unwin writes with a clarity that makes his mathematical proof easy for even the nonmathematician to understand and a verve that makes his book a delight to read. Leading you carefully through each step in his argument, he demonstrates in the end that God does indeed exist. Whether you're a devout believer and agree with Dr. Unwin's proof or are unsure about all things divine, you will find this provocative book enlightening and engaging. "One of the most innovative works [in the science and religion movement] is *The Probability of God*...An entertaining exercise in thinking."—Michael Shermer, *Scientific American* "Unwin's book [is] peppered with wry, self-deprecating humor that makes the scientific discussions more accessible...Spiritually inspiring."--Chicago Sun Times "A pleasantly breezy account of some complicated matters well worth learning about."--Philadelphia Inquirer "One of the best things about the book is its humor."--Cleveland Plain Dealer "In a book that is surprisingly lighthearted and funny, Unwin manages to pack in a lot of facts about science and philosophy."--Salt Lake

Nanny for the Army Rangers Krista Wolf, 2021-07-02 When I saved the little boy from falling off the bleachers at the aquarium, I never imagined it would

change my life. But his three Army Ranger dads had other plans for me, and sometimes the best things in life come when you least expect. I never planned on being a nanny to the most adorable twins on the planet, just like I'd never dreamt of living with three ripped, beautiful soldiers-turned-mercenaries, constantly working out in their Southold mansion to keep their hard bodies in Army Ranger shape. Yet here I am, alone on Long Island and out of money for med school. So when a chance rescue affords me the opportunity to get back on my feet, I'm more than willing to take on the responsibility... and all the delicious fringe benefits that come with it. But the men are lonely too, and our attraction is overwhelming. Week by week I'm tempted by three shredded, ridiculously-trained bodies, until lines are crossed and inhibitions are dropped and I find myself in bed with all three of them. Regrets? Absolutely none. Only that I hadn't found this part of my life sooner. Liam is as physically flawless as he is sweet, while Duncan's bright smile and broad-shouldered humor masks a much darker secret. Julius is the powerful, deadly loner of the group - relieved from command for undertaking a vengeful, near-suicide mission. Together my new lovers form the upper echelon of a rogue mercenary company, operating out of Manhattan. But when an edgy, almost impossible task calls them, one by one, to the far side of the world? action, and suspense. HEA guaranteed!
