United States. Joint Chiefs of Staff

The Group Commander C.S. McLean,2018-06-28 In a crippled B-17 Flying Fortress hurtling towards the earth after a one-sided aerial battle with the cream of the Luftwaffe, Frank Banner, Brigadier General, AAF, shouldn't even have been there. He'd only come along to observe the troubled group's performance as a favour to his friend. Should he somehow survive, he knows capture and interrogation by the feared Gestapo probably await him. He has the answer he was sent to find, but will he be able to evade capture and report back, and if so, would he be given the chance to turn the badly-needed, but poorly-led, B-17 group into one of the best in the air war over Nazi Germany...?

Commander: The Life and Exploits of Britain's Greatest Frigate Captain Stephen Taylor,2012-10-15 Nobody describes a naval battle better than Taylor...a flawless demonstration of the

biographer's craft. —Jan Morris, *The Guardian* Edward Pellew, captain of the legendary *Indefatigable*, was quite simply the greatest British frigate captain in the age of sail. Left fatherless at age eight, with a penniless mother and five siblings, Pellew fought his way from the very bottom of the navy to fleet command. Victories and eye-catching feats won him a public following. Yet he had a gift for antagonizing his better-born peers, and he made powerful enemies. Redemption came with his last command, when he set off to do battle with the Barbary States and free thousands of European slaves. Opinion held this to be an impossible mission, and Pellew himself, leading from the front in the style of his contemporary Nelson, did not expect to survive. Pellew's humanity, fondness for subordinates, and blind love for his family, and the warmth and intimacy of his letters, make him a hugely engaging figure. Stephen Taylor gives him at last the biography he deserves.

Lieutenant Colonel S G Shepard, Cs Alice Hughes Shepard Carver, Reta Moser, 2010-05 There is a monument at Gettysburg that bears his name; another has his written words. His Official Report (OR) authenticates that Confederates other than Virginians and Carolinians crossed over the stone wall, and it also establishes that Heth's Division was lined up with not in support of Pickett's Division in that famous charge. Colonel Shepard went up Cemetery Ridge in charge of the Seventh Tennessee Infantry Regiment; he came down the hill in charge of Archer's Light Brigade. He crossed over the famed stone wall. He may have been the first to hear General Robert E. Lee say, It is all my fault. For a short time after Gettysburg, he was in charge of Heth's Division. He was in twenty battles during the Civil War. Six of these battles are listed as the bloodiest battles of the Civil War. But this book is about

more than his Civil War exploits. After the war, he was elected to the 1870 Tennessee Constitutional Convention and subsequently elected to the House of Representatives. He was a lawyer, school superintendent, and farmer. He became a Baptist minister. This loving, charming, touching story could only have been written by his talented daughter, Alice Hughes Shepard Carver. Her story went unpublished for almost a century. Author Reta Moser has now authenticated it with additional facts, footnotes, photos, and articles.

Challenge of Command Roger H. Nye,2001-10-01 “A must for those who aspire to follow the profession of arms.”—Maj. Gen. George S. Patton Here is a unique book that emphasizes the attainment of military excellence through reading and field experience. Written to help men and women prepare for positions of command in the American Armed Forces, it is a product of the author’s years

of discussions with military commanders about their roles as decision-makers, moral standard bearers, and energizers of military organizations. In his commentary on the problems of the commander as tactician, strategist, warrior, trainer, mentor, disciplinarian, and moral leader, the author analyzes and recommends both classical and current readings that are available for those who seek an expanded vision of their potential as commanders. This book is designed to raise new challenges to conventional thinking about the art of military command.
