**Twelve Years a Slave** Solomon Northup,2024-01-04

Filmatised in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes

his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**Digital Forensics with Open Source Tools** Cory Altheide, Harlan Carvey, 2011-03-29 Digital Forensics with Open Source Tools is the definitive book on investigating and analyzing computer systems and media using open source tools. The book is a technical procedural guide, and explains the use of open source tools on Mac, Linux and Windows systems as a platform for performing computer forensics. **Every Child Matters** Kailash Satyarthi, 2018-01-01  
Society has celebrated children even as it has denied  
fundamental rights and dignity to millions of them. Mass  
movements and social awareness against injustices like  
child labour, lack of access to health and education, child  
sexual abuse and trafficking have been catalysed by  
reformers like Nobel Peace Laureate Kailash Satyarthi. As a  
result of his untiring efforts, child labour is now universally  
considered to be a social evil that has to be abolished.  
Equally important, societies and governments across the  
world have accepted that access to quality education is the  
fundamental right of every child. Even as he has fought for  
justice and dignity for children, Mr. Satyarthi has found time  
to provoke, inspire and illuminate young minds by writing  
about children, their dreams and the power of their  
humanity. This book is a compilation of columns and  
interviews which highlight the continuing struggle to create  
safe childhoods. Readers will find much to introspect after  
going through this collection.

*Overcoming School Refusal* Joanne Garfi, 2018-01-31  
School refusal affects up to 5% of children and is a complex

and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal
