Howard Hughes: The Secret Life Charles Higham, 2013-09-24 His wealth was legendary. His passions were bizarre. Now, the truth about the money, the madness, and the man behind the enigma. Howard Hughes is one of the best known and least understood men of our times--famed for his wealth, his daring, and his descent into madness. Bestselling biographer Charles Higham goes beyond the enigma to reveal the incredible private life of Howard Hughes: * his romances with the great stars of Hollywood--Katharine Hepburn, Bette Davis, Cary Grant, Tyrone Power, and numerous others * his forays into sadomasochism * his involvement with Richard Nixon and Watergate * his bizarre final years This is a compelling portrait of a unique American figure--in a story as revealing as it is unforgettable.

The Tao of Raven Ernestine Hayes, 2017-05-01 In her first book, *Blonde Indian*, Ernestine Hayes powerfully recounted the story of returning to Juneau and to her Tlingit home after many years of wandering. *The Tao of Raven* takes up the next and, in some ways, less explored question: once the exile returns, then what? Using the story of Raven and the Box of Daylight (and relating it to Sun Tzu's equally timeless *Art of War*) to deepen her narration and reflection, Hayes expresses an ongoing frustration and anger at the obstacles and prejudices still facing Alaska Natives in their own land, but also recounts her own story of attending and completing college in her fifties and becoming a professor and a writer. Hayes lyrically weaves together strands of memoir, contemplation, and fiction to articulate an Indigenous worldview in which all things are connected, in which intergenerational trauma creates many hardships but transformation is still possible. Now a grandmother and thinking very much of the generations who will come after her, Hayes speaks for herself but also has powerful things to say about the resilience and complications of her Native community.

The Book of Jack London Charmian London, 1921 Several years after Jack London's death, his wife Charmian released a 2-volume biography of his life. Volume I starts with the origins of his parents, John and Flora, and covers Jack's childhood and early life growing up in the San Francisco Bay Area. It also covers his oyster pirating, Klondike trips, and time spent riding the railroads. The book is full of his letters to Cloudesley Johns, Anna Strunsky, and others. The first volume ends with his voyage to Asia to cover the Japanese-Russian War. Volume II starts with his return from Korea after war-reporting and his divorce from his first wife. It covers their trip on the Snark and trips to New York and around Cape Horn. The 'bad year' when his house burns is described in detail, as is a return to Hawaii and the start of World War I. The volume ends with Jack's death in 1916.

For Business and Pleasure Mara Laura Keire, 2010-03-01 Mara L. Keire's history of red-light districts in the United States offers readers a fascinating survey of the business of pleasure from the 1890s through the repeal of Prohibition in 1933. Anti-vice reformers in the late nineteenth century accepted that complete eradication of disreputable pleasure was impossible. Seeking a way to regulate rather than eliminate prostitution,

alcohol, drugs, and gambling, urban reformers confined sites of disreputable pleasure to red-light districts in cities throughout the United States. They dismissed the extremes of prohibitory law and instead sought to limit the impact of vice on city life through realistic restrictive measures. Keire's thoughtful work examines the popular culture that developed within red-light districts, as well as efforts to contain vice in such cities as New Orleans; Hartford, Connecticut; New York City; Macon, Georgia; San Francisco; and El Paso, Texas. Keire describes the people and practices in red-light districts, reformers' efforts to limit their impact on city life, and the successful closure of the districts during World War I. Her study extends into Prohibition and discusses the various effects that scattering vice and banning alcohol had on commercial nightlife.

And It Begins Like This LaTanya McQueen,2020 LaTanya McQueen's essays offer a bold examination of the weight history, both personal and societal, places on our present moment. And it Begins Like This is a book brave enough to challenge our accepted notions of the past to put black women in their rightful place, in the forefront of the ongoing struggle for dignity and equality. It's a book that is both moving and absolutely necessary.

White Noise Don DeLillo,1999-06-01 A brilliant satire of mass culture and the numbing effects of technology, White Noise tells the story of Jack Gladney, a teacher of Hitler studies at a liberal arts college in Middle America. Jack and his fourth wife, Babette, bound by their love, fear of death, and four ultramodern offspring, navigate the rocky passages of family life to the background babble of brand-name consumerism. Then a lethal black chemical cloud, unleashed by an industrial accident, floats over their lives, an airborne toxic event that is a more urgent and visible version of the white noise engulfing the Gladneys—the radio transmissions, sirens, microwaves, and TV murmurings that constitute the music of American magic and dread.

Game Over David Sheff,2011-11-02 More American children recognize Super Mario, the hero of one of Nintendo's video games, than Mickey Mouse. The Japanese company has come to earn more money than the big three computer giants or all Hollywood movie studios combined. Now Sheff tells of the Nintendo invasion—a tale of innovation and cutthroat tactics.
