Hypnotic Writing Joe Vitale,2006-12-22 Discover the secrets of written persuasion! The principles of hypnosis, when applied to copywriting, add a new spin to selling. Joe Vitale has taken hypnotic words to set the perfect sales environment and then shows us how to use those words to motivate a prospect to take the action you want. This is truly a new and effective approach to copywriting, which I strongly recommend you learn. It's pure genius. -Joseph Sugarman, author of Triggers I've read countless book on persuasion, but none come close to this one in showing you exactly how to put your readers into a buying trance that makes whatever you are offering them irresistible. -David Garfinkel, author of Advertising Headlines That Make You Rich I am a huge fan of Vitale and his books, and Hypnotic Writing (first published more than twenty years ago), is my absolute favorite. Updated with additional text and fresh examples, especially from e-mail writing, Joe's specialty, Hypnotic Writing is the most important book on copywriting (yes, that's really what it is about) to be published in this century. Read it. It will make you a better copywriter, period. -Bob Bly, copywriter and author of The Copywriter's Handbook I couldn't put this book down. It's eye opening and filled with genuinely new stuff about writing and persuading better. And it communicates it brilliantly and teaches it brilliantly-exemplifying the techniques by the writing of the book itself as you go along. -David Deutsch, author of Think Inside the Box, www.thinkinginside.com Hypnotic Writing is packed with so much great information it's hard to know where to start. The insights, strategies, and tactics in the book are easy to apply yet deliver one heck of a punch. And in case there's any question how to apply them, the before-and-after case studies drive the points home like nothing else can. Hypnotic Writing is not just about hypnotic writing. It is hypnotic writing. On the count of three, you're going to love it. Just watch and see. -Blair Warren, author of The Forbidden Keys to Persuasion

The Henigs combine the behavioral science literature for insights into how young people make choices about schooling, career, marriage, and childbearing; how they relate to parents, friends, and lovers; and how technology both speeds everything up and slows everything down. Packed with often-surprising discoveries, Twentysomething is a two-generation conversation that will become the definitive book on being young in our time. Richard Brautigan John F. Barber,2006-11-14 Best known for his novel Trout Fishing in America, American writer Richard Gary Brautigan (1935-1984) published eleven novels, ten poetry collections, and two story collections, as well as five volumes of collected work, several nonfiction essays, and a record album of spoken voice recordings. Brautigan's idiosyncratic style and humor caused him to be identified with the counterculture movement of the 1960s. The authors of many of these 32 essays knew Brautigan personally and professionally; others came to know and respect him through a cultivated connection with his writings. The essays--many of which are new, others of which were published in obscure journals--combine personal remembrance of the man and critical appraisal of his still-controversial works. Includes previously unpublished photographs and artworks.
