Wonders of New York Alessandra Mattanza, 2012-04-26 New York is like an infinite onion that you discover layer after layer, never tiring of peeling. You get to know it step by step, enchanted by its colours, its light, the sunsets and sunrises, by the ever-changing colour of the sky, as mutable as the wind. In the shadow of its breathtakingly tall skyscrapers, its buildings, its townhouses, as you hurry from one of the varied shop windows to the next. In its elegance and glamour, the formality of its museums, great temples of culture, in the magic of evocative moments and glimpses of street life. Indeed, New York does not actually exist, because there is not only one New York City, but ten, one thousand, one hundred thousand cities within the city, all jostling and intersecting each other, all connected to each other, in a melting pot of people, traditions and cultures that take you on a journey to every part of the world. This latest addition to the successful CubeBook Collection is dedicated to the discovery of this multifaceted city that is in a state of continuous transformation. AUTHOR: Alessandra Mattanza lives in New York. As a writer, journalist and photographer, she feels multi-faceted like the City that she adores from its most insignificant sidewalk to the top of its

stunning skyscrapers. She writes for the major Italian and German magazines of the Mondadori, Conde Nast, Rizzoli, Gruner + Jahr and Stern publishing groups and for several publishers, including Sperling & Kupfer, White Star and Giunti. She is also the author of a work of fiction *Storie di New York*, FBE Edizioni (2010), a collection of short stories, for which she is now producing a screenplay. SELLING POINTS: \* The images of the new New York, with the latest skyscrapers and exceptional works of architecture. \* The passionate texts of an adopted New Yorker. \* The testimony to the rebirth of the city. \* 390 photographs from air and land. \* A new title in a successful series for collectors. ILLUSTRATIONS: 392 colour photos

**The Redbreast** Jo Nesbo, 2012-01-03 "An elegant and complex thriller....Harrowingly beautiful." —New York Times Book Review "A hugely impressive achievement—ambitious in scope, and skilled in execution." —Los Angeles Times "The Redbreast certainly ranks with the best of current American crime fiction." —Washington Post Jo Nesbø, the New York Times bestselling author of *The Snowman*, has solidified his spot as one of the most exciting Scandinavian thriller writer in the crime fiction business. *The Redbreast* is a fabulous installment in Nesbø's tough-as-nails series protagonist, Oslo police detective Harry Hole. Detective Harry Hole embarrassed the force, and for his sins he's been reassigned to mundane surveillance tasks. But while monitoring neo-Nazi activities in Oslo, Hole is inadvertently drawn into a mystery with deep roots in Norway's dark past—when members of the nation's government willingly collaborated with Nazi Germany. More than sixty years later, this black mark won't wash away, and disgraced old soldiers who once survived a brutal Russian winter are being murdered, one by one. Now, with only a stained and guilty conscience to guide him, an angry, alcoholic, error-prone policeman must make his way safely past the traps and mirrors of a twisted criminal mind. For a hideous conspiracy is rapidly taking

shape around Hole—and Norway's darkest hour may still be to come.
