Flashing Steel, 25th Anniversary Edition

Masayuki Shimabukuro, Leonard J. Pellman, 2020-12-08

Revised and updated, the classic guide to the techniques, philosophy, and applications of iaijutsu--the art of self-defense with the Japanese sword. The 25th anniversary edition of the best-selling, highly acclaimed classic *Flashing Steel* introduces updated techniques, drills, and practices for students and practitioners of iaijutsu (or iaido). This complete essential resource on the Japanese sword arts expands on the two previous editions with additional practices, deep attention to foundational elements, and practical techniques--including 55 ways of deploying a samurai sword in self-defense. Expanded and revised, the memorial edition of *Flashing Steel* includes updates on promotion guidelines, tournaments, extended series of solo quick-draw exercises, and more, plus two added sets of solo techniques and three added sets of partner exercises to develop timing, distance control, angles of attack and defense, mental focus, and attitude. It provides a deep survey of fundamentals like training progression, preparation, etiquette, and proper sword nomenclature. Students will learn realistic defense and attack scenarios with wider applications to martial arts like kendo and aikido, while absorbing the philosophical tenets that inform and infuse the warrior's life with meaning and fulfillment. Organized into 23 chapters with black and white photographs throughout, this anniversary edition also includes

an expanded history of iaijutsu, and an updated biography and tribute to the late Masayuki Shimabukuro, with personal anecdotes from the making of Flashing Steel that reveal his life and character.

The Use of Medieval Weaponry Eric

Lowe, 2020-11-30 From fantasy novels and cosplay to Renaissance festivals and roleplaying games, the love for medieval weapons runs deep. But how were they actually used? In *The Use of Medieval Weaponry*, historical fencing instructor and competitive fighter, Eric Lowe brings together the words of over a dozen medieval masters, as well as the practical experience of contemporary historical European martial artists, to answer this deceptively simple question. For the first time, learn to see weapons from the perspective, not of ancient generals or modern museum curators, but the people holding the sword. Compare weapons in combat, consider the pros and cons of different types and styles, and discover how medieval warriors adapted their art to their favorite tools. Whether you are an armchair enthusiast or a fighter ready to step up your game, Lowe takes you inside the world of medieval martial arts as no one else can.
