Comprehensive Prediction By Divisional Charts V. P. Goel,2012-01-01 Comprehensive Prediction By Divisional Charts - an original research work. About the Author: Shri Vinod Prakash Goel is a former officer of the Indian Engineering and has served with the Ministry of Defence, India. He has held managerial positions with private companies in India and abroad setting up an engineering manufacturing and contracting firm. Presently he is consultant to the Defence Research and Development Organisation. Shri Goel has an M. Tech. degree from IIT Kharagpur and B. Sc Mechanical Engineering (Honours) degree from Benaras Hindu University. In the years 1999 and 2000, he was awarded Gold Medals for Jyolish and Jyotish Acharya at the Institute of Astrology, Bhartiya Vidya Bhavan. Delhi. He is now on the faculty of the Institute. He is a published author of four books on Astrology prior to this presentation. About the Book: Three distinguishing features of Hindu Astrology are divisional charts, dasha systems and yogas. This book deals with divisional charts. We all know the concept of divisional charts after we go through the Brihat Parashar Hora Shastra. It is for the first time that the practical application of these are given. The book deals with all Parashari and non Parashari divisional charts and brings out their predictive value and the technique. The highlights of the book are: 1 . Rules for examination of each divisional chart. 2. House significations of divisional charts. 3. Linking of divisional charts. I hope that this book will be helpful to all students and scholars of Astrology in sharpening their predictive accuracy.

Hindustani Music in the 20th Century W. van der Meer,2012-12-06 AIM In spite of a reasonably extensive literature in English' and Indian vernaculars, there are extremely few books on Indian music that can be considered of a scientific standard. I found, when I took up an interest in Indian music in 1967, that even protracted reading of the studies in English was not conducive to an understanding of the principles of performance. Most of my study and research have been devoted to the gradual refinement of this very understanding. In the course of time it also became obvious that different scholars and different musicians held divergent views on many basic concepts of Indian music. Therefore, one of my tasks was to assess the degree of variability in Indian music. As a corollary I wanted to know how this variability could manifest itself as change in a relatively short and well-documented period. It is often assumed that traditional cultures, as e. g. in India, are rather inert and that the art forms hardly ever change. This study proves the contrary: Indian music has a strong vitality. If we examine the different treatises through the centuries this vitality would appear to be a basic characteristic. I felt that at least an effort to discover the roots of such change would be valuable as a contribution to the study of art history and possibly to the sociology of culture.

U.S. Army Special Forces Language Visual Training Materials - KURMANJI - Plus Web-Based Program and Chapter Audio Downloads , Now included at the end of the book is a link for a web-based program, PDFs and MP3 sound files for each chapter. Over 400 pages ... Developed by I Corps Foreign Language Training Center Fort Lewis, WA For the Special Operations Forces Language Office United States Special Operations Command LANGUAGE TRAINING The ability to speak a foreign language is a core unconventional warfare skill and is being incorporated throughout all phases of the qualification course. The students will receive their language assignment after the selection phase where they will receive a language starter kit that allows them to begin language training while waiting to return to Fort Bragg for Phase II. The 3rd Bn, 1st SWTG (A) is responsible for all language training at the USAJFKSWCS. The Special Operations Language Training (SOLT) is primarily a performance-oriented language course. Students are trained in one of ten core languages with enduring regional application and must show proficiency in speaking, listening and reading. A student receives language training throughout the Pipeline. In Phase IV, students attend an 8 or 14 week language blitz depending upon the language they are slotted in. The general purpose of the course is to provide each student with the ability to communicate in a foreign language. For successful completion of the course, the student must achieve at least a 1/1/1 or higher on the Defense Language Proficiency Test in two of the three graded areas; speaking, listening and reading. The Hermit's Hut Kazi K. Ashraf,2013-10-31 The Hermit's Hut offers an original insight into the profound relationship between architecture and asceticism. Although architecture continually responds to ascetic compulsions, as in its frequent encounter with the question of excess and less, it is typically considered separate from asceticism. In contrast, this innovative book explores the rich and mutual ways in which asceticism and architecture are played out in each other's practices. The question of asceticism is also considered—as neither a religious discourse nor a specific cultural tradition but as a perennial issue in the practice of culture. The work convincingly traces the influences from early Indian asceticism to Zen Buddhism to the Japanese teahouse—the latter opening the door to modern minimalism. As the book's title suggests, the protagonist of the narrative is the nondescript hermit's hut. Relying primarily on Buddhist materials, the author provides a complex narrative that stems from this simple structure, showing how the significance of the hut resonates widely and how the question of dwelling is central to ascetic imagination. In exploring the conjunctions of architecture and asceticism, he breaks new ground by presenting ascetic practice as fundamentally an architectural project, namely the fabrication of a “last” hut. Through the conception of the last hut, he looks at the ascetic challenge of arriving at the edge of civilization and its echoes in the architectural quest for minimalism. The most vivid example comes from a well-known Buddhist text where the Buddha describes the ultimate ascetic moment, or nirvana, in cataclysmic terms using architectural metaphors: “The roof-rafters will be shattered,” the Buddha declares, and the architect will “no longer build the house again.” As the book compellingly shows, the physiological and spiritual transformation of the body is deeply intertwined with the art of building. The Hermit's Hut weaves together the fields of architecture, anthropology, religion, and philosophy to offer multidisciplinary and historical insights. Written in an

engaging and accessible manner, it will appeal to readers with diverse interests and in a variety of disciplines—whether one is interested in the history of ascetic architecture in India, the concept of “home” in ancient India, or the theme of the body as building.

The Iconography of Hindu Tantric Deities Gudrun Bühnemann,2022-11-28 While Volume I of this two-volume monograph focuses on the deity pantheon of the sixteenth-century Mantramahodadhi, this volume compares for the first time deity descriptions extracted from two earlier and closely related texts, the anonymous Prapañcasāra (ca. tenth century) and Lakṣmaṇadeśika’s Sāradātilaka (tenth/eleventh centuries). The latter work, though based on the Prapañcasāra, treats the topics independently and incorporates new deity descriptions while omitting others. Both texts are still influential and are frequently cited. The Sanskrit text of the 78 deity descriptions extracted from the Prapañcasāra and the 101 descriptions from the Sāradātilaka is based on a comparison of different printed editions of these texts, as well as citations found in other works. The Sanskrit text is presented with a literal translation and remarks on the iconography. The introductory section addresses basic questions related to these two works. In addition, a new edition and translation of the important chapters I (on cosmogony) and 25 (on yoga) of the Sāradātilaka are presented in two appendices. A large number of illustrations of deities complement the volume. The print edition is available as a set of two volumes (9789069801193).
