

Dark Forces

Les Logan

Dark Forces Kirby McCauley, 1989 This is the ultimate feast of fear by a host of horror writers such as Robert Bloch, Ray Bradbury, Ramsey Campbell, and others. Twenty-four macabre tales include the nerve-twisting novelette *The Mist* by Stephen King.

Dark Forces at Work Cynthia J. Miller, A. Bowdoin Van Riper, 2019-11-15 *Dark Forces at Work* examines the role of race, class, gender, religion, and the economy as they are portrayed in, and help construct, horror narratives across a range of films and eras. These larger social forces not only create the context for our cinematic horrors, but serve as connective tissue between fantasy and lived reality, as well. While several of the essays focus on “name” horror films such as *IT*, *Get Out*, *Hellraiser*, and *Don’t Breathe*, the collection also features essays focused on horror films produced in Asia, Europe, and Latin America, and on American classic thrillers such as Alfred Hitchcock’s *Psycho*. Key social issues addressed include the war on terror, poverty, the housing crisis, and the Time’s Up movement. The volume grounds its analysis in the films, rather than theory, in order to explore the ways in which institutions, identities, and ideologies work within the horror genre.

The Will Changers Chad Wilkinson & M.S. Rogers, 2012-11-17

The will of God has always been set in stone ... until now. Rick Walters knew that his life was meant for something greater, but he had no idea just how great it could actually be. Praymar, an angel of God, has joined with Rick, empowering him with God's light and strength, revealing a world beyond the limits of Rick's understanding. With Praymar's help, he can mend the destructive ways of the church, unifying them under God's glory and light. As he falls in love with Christine Feldman, a close friend and local lawyer in the small town of Marquette, Ohio, Rick begins to realize just how important each and every choice is. Together, with help from heaven, Rick and Christine struggle to rescue their embattled church from collapse. But their close friends have a secret, one that will open their eyes to a world beyond the realm of human understanding, a world of heavenly angels and sinister demons; a world of sacrifice, betrayal, and death, and of those who would change God's will for good and evil purposes. Hell is on its way to Marquette. As the darkness closes around each of them, Rick's greatest choice could be his very last. *Dark Forces Rising*, the first novel in the Will Changer Series, exposes the ultimate spiritual battle raging with all of us: If you had

Eyes of the Tarot Bruce Coville, 2014-09-30 Bonnie must make the choice to unleash or destroy an ancient power, but can she unlock her own memories in time to make the right choice? Bonnie McBurnie remembers the old trunk in her grandmother's attic, full of weird souvenirs collected by her seafaring ancestors. But she didn't recollect the secret compartment or its deck of tarot cards—cards that feel strangely familiar. Back home, Bonnie studies the mysterious tarot deck. The cards seem to be trying to tell her something—but how can she be sure which ones to believe? And why can't she recall what happened on her last visit to the attic—a childhood memory that hovers just out of reach? With the help of the town spiritualist, Madame LePanto, Bonnie delves into the origin of the cards and races to discover their connection to her family, even as the powers trapped within them threaten to tear apart her world . . . and the people she loves. This ebook features an illustrated personal history of Bruce Coville including rare images from the author's collection.
