Do You Feel that Your Salary Does Not Reflect The Hard Work You Put In? Ever Considered Making a Switch To a Different Business? What If You Could Work From The Comfort of Your Own Home, What if You Had The Chance of Being Your Own Boss? People often confuse MLM with pyramid marketing; however there is very clear distinction between the two approaches: pyramid marketing is about getting your money and then using you to recruit other distributors; MLM, on the other hand, is about moving the product through a larger network of distributors so that the business can increase sales volume. Another difference between MLM and pyramid marketing is that Pyramid marketing requires each level to DOUBLE before a new level is created so it isn't fair to people lower down in the levels and also unethical. MLM, however, awards a commission based upon the volume of product sold through own sales efforts as well as that of the down line organization. Since MLM faces the risks of initiating a business that has not been tested by the customers is not recognized, people prefer to wait a couple of years before joining. Hence, they also witness the company's track-record and reliability. Recruit and Grow Rich David M. Ward, 2016-03-08 The Best Network Marketing Book I've Ever Read! --Mitch Jackson By Far The Best & Most Complete Resource for Network Marketing! --Erik Christian Incredible Resource for Anyone in Network Marketing! --Marcia J. LeVoir In network marketing nothing is more important than recruiting. If you want passive income, you've got to build a team. Unfortunately, many MLM distributors struggle with recruiting. They can't get prospects to look at the presentation. They invite people to events but they don't show up. They follow-up repeatedly but people don't call them back. What if there was a way to get almost everyone you approach to look at your business presentation? What if you could find out immediately if they were interested? What if you knew how to get more exposures done in a day than you now do all week? Do you think you might get more people to sign up? In *Recruit and Grow Rich*, that's exactly what you'll learn how to do. Author David M. Ward is an attorney who started a network marketing business to build retirement income. His schedule only allowed him to work the business a few hours a week and his business grew slowly. Frustrated with his results, he set out to find ways to recruit smarter and quickly sign up more prospects. His methods worked. In his first few years he signed up hundreds of distributors and created a six-figure passive income. In this book, Ward lays out the system he used to quickly identify interested prospects, expose them, and get them signed up--often in a single day. In *Recruit and Grow Rich*, you'll learn: ** How to identify the BEST prospects for your multilevel marketing or direct sales business ** How to find out if someone is a good prospect in ONE MINUTE OR LESS ** How to do MORE exposures in a DAY than you now do all WEEK ** How to double or TRIPLE your recruiting results by using different approaches for different people ** A simple way to increase the show up ratio for prospects you invite to live events and conference calls ** How to control the entire exposure process (THE KEY to recruiting MORE people with LESS effort) ** The TRUTH about duplication (and why so many people get it WRONG) ** How to (finally!) stop leaving messages with people who don't call you back ** A simple two question close that really works (PLUS: more closes for different situations) ** Scripts for approaching, exposing, and closing more distributors ** And much more *Recruit and Grow Rich* comes with two bonus chapters: BONUS CHAPTER 1: How to Do Three-Way Calls You'll learn a step-by-step method for using three-way calls to close more prospects. You get the exact words to use to get prospects on the call, and how to introduce them to your third-party expert. BONUS CHAPTER 2: How to Handle Objections How to handle ANY network marketing objection, including, I don't want to sell, I don't want to approach my friends and family, and I don't like MLM. If you've been disappointed with the results you're getting in your business, that's about to change. If you're just getting started and want to know how to make this a profitable business instead of a costly hobby, this book shows you how. You can QUICKLY build a successful network marketing business by recruiting smarter. Get *Recruit and Grow Rich* and learn how.

Fix Your Network Marketing Business David M. Ward, 2017-04-30 Are you frustrated with the growth of your network marketing business? Do you have trouble motivating your team? Is your genealogy a bunch of zeros? I know how you feel. There was a time when I was in the same boat. I had been in the business for about six months and had recruited a lot of distributors. In fact, I was one of the top recruiters in our company. But although I was earning thousands of dollars a month from the business, I had a problem. The problem was that I was the only one on the team who was doing anything. Almost all of my income was coming from my own efforts, not from overrides. So my business wasn't growing. And I didn't know why. I'd done everything my upline taught me. I was signing up people every week. But if nobody does anything, you don't have a business, you have a job and that's not why I started a network marketing business. What did I do? I spoke to a leader in our company named Ron. I told him my story and asked for his advice. Ron explained to me The facts of life about network marketing. Things I'd never been told before. Although our meeting lasted only a few minutes, when it was done, I was excited because I knew exactly what I needed to do to turn things around. I had a plan and followed it. Within a few weeks, things started happening. My team put some sales on the books. They started recruiting, too. My business continued to grow and within a few years, I was earning a six-figure income and MOST of it was from overrides, In this book, I'm going to tell you what Ron told me. I'll also share insights and lessons I've learned from building my business and working with my organization. Here are some of the things you'll learn: - Three things I wish I knew when before I started my business - Strategies for re-activating distributors who have slowed down or quit - Why you only need a FEW leaders to build a HUGE business (and where to find them) - The truth about training, game plans, and working with distributors - What to do when your team won't return your calls - Techniques for getting your team to increase recruiting and production - Multi-level marketing math (and how to use it to keep distributors from quitting) - How to motivate unmotivated distributors-the secret used by top income earners - No team? No problem. Here's what to do to get some - How to get new distributors started right-without being a babysitter - How to find hidden gems in your genealogy - The one thing you should NEVER do with your team (Don't make the mistake I made) - How to dramatically increase your odds of success If your business isn't going the way you want it to, if nobody is doing anything on your team, don't give up. You can fix your business. This book shows you how.
