Future Aeronautical Communications Simon Plass,2011-09-26 There are well-founded concerns that current air transportation systems will not be able to cope with their expected growth. Current processes, procedures and technologies in aeronautical communications do not provide the flexibility needed to meet the growing demands. Aeronautical communications is seen as a major bottleneck stressing capacity limits in air transportation. Ongoing research projects are developing the fundamental methods, concepts and technologies for future aeronautical communications that are required to enable higher capacities in air transportation. The aim of this book is to edit the ensemble of newest contributions and research results in the field of future aeronautical communications. The book gives the readers the opportunity to deepen and broaden their knowledge of this field. Today's and tomorrow's problems / methods in the field of aeronautical communications are treated: current trends are identified; IPv6 aeronautical network aspect are covered; challenges for the satellite component are illustrated; AeroMACS and LDACS as future data links are investigated and visions for aeronautical communications are formulated.

The Mosaic Tile Company Larisa Harper,2022-03-24 Founded in 1894, the Mosaic Tile Company was the dream of two ceramic pioneers who intended to manufacture innovative ceramic mosaic murals while also dominating the utilitarian market. One of the largest such companies in the United States at the time, MTC's most significant contribution to the burgeoning Ohio pottery industry was the development of innovative and varied proprietary tile production and installation methods. Compared to its emphasis on mosaic murals, MTC's utilitarian and giftware goods were produced in limited quantities and were not well received at the time, making them rarer today. This book chronicles the history of ceramic creativity in Zanesville, Ohio, from its earliest days as a bustling town before the Great Depression through its recovery in the 1960s. It examines the Mosaic Tile Company's whole history, the bygone details of this long-lost business, its products and its employees, and incorporates images and postcards illustrating its products in each chapter.

New Jersey Ceramist ,1924

Tile Jill Herbers,2002-01-01 Surveys the use of tile in both conventional and less traditional settings, showcasing lavish photography of tile applications in bathrooms, staircases, outdoor courtyards, and other locations while addressing such topics as glazes, maintenance, and decorating within a budget. Reprint.
