*Deadly Diamond* Rob W Davis,2018-10-30 An Italian Mafia Mogul purchases a rare diamond and dies before the unveiling. His murderers flee to America, Fort Lauderdale, Florida after stealing the diamond and a sum of cash. Before they get to enjoy their new life, more killing occurs. Years later on his prison deathbed, a father tells his sons where he's hidden this rare stone starting the diamond's curse all over again. For Maximillian Merchado and his friends, they once again find themselves in the middle of a murderous rampage spanning two continents. Invited to Italy, they nearly lose their lives. After returning home and putting the ordeal behind them, they discover they are not safe. The question becomes as news of this rare diamond and its immense value driving people's greed; can Max and his friends escape this time?

*Ethics for International Business* John M. Kline,2005-02-01 First published in 2004. Routledge is an imprint of Taylor & Francis, an informa company.

Deadly Diamonds John F. Dobbyn,2018 In the greed-driven world of blood diamonds, a three-sided conflict erupts involving the Irish mob, the Italian Mafia, and a rebel band of child-soldiers in the diamond pits of eastern Sierra Leone. Disparate forces lure Michael Knight and Lex Devlin into this appalling clash at grave personal risk.

**Diamonds Can be Deadly** Merline Lovelace,2002

**Deadly Diamonds** John Dobbyn,2013-08-24 Blood Diamonds—the deadly brutality of Sierra Leone comes to the streets of Boston What do Boston, Dublin, and Sierra Leone have in common? The movement of blood diamonds at enormous profit but grave human expense: mafia killings in Boston and Ireland and child enslavement and murder in Sierra Leone. And who is ensnared in the middle of all of this – Michael Knight and Lex Devlin. Can they stop the enormously profitable trade of these tainted jewels? They must come between the Italian Mafia in the North End of Boston and the Irish Mob in South Boston including some remnants of the IRA in Ireland. They must also pit themselves against the enslaved and deadly child-army in Sierra Leone, who smuggle these diamonds into the mainstream for cash to buy weapons and drugs. At great personal risk, Knight and Devlin struggle to find a solution that satisfies this disparate combination of characters and, hopefully, dampens the diamond flow. Perfect for fans of Nelson DeMille While all of the novels in the Knight and Devlin Thriller Series stand on their own and can be read in any order, the publication sequence is: Neon Dragon Frame-Up Black Diamond Deadly Diamonds Fatal Odds High Stakes

**Ill Winds** Larry Diamond, 2019-06-11 \*Shortlisted for the 2020 Arthur Ross Book Award\* From America's leading scholar of democracy, a personal, passionate call to action against the rising authoritarianism that challenges our world order—and the very value of liberty Larry Diamond has made it his life's work to secure democracy's future by understanding its past and by advising dissidents fighting autocracy around the world. Deeply attuned to the cycles of democratic expansion and decay that determine the fates of nations, he watched with mounting unease as illiberal rulers rose in Hungary, Poland, Turkey, the Philippines, and beyond, while China and Russia grew increasingly bold and bullying. Then, with Trump's election at home, the global retreat from freedom spread from democracy's margins to its heart. Ill Winds' core argument is stark: the defense and advancement of democratic ideals relies on U.S. global leadership. If we do not reclaim our traditional place as the keystone of democracy, today's authoritarian swell could become a tsunami, providing an opening for Vladimir Putin, Xi Jinping, and their admirers to turn the twenty-first century into a dark time of despotism. We are at a hinge in history, between a new era of tyranny and an age of democratic renewal. Free governments can defend their values; free citizens can exercise their rights. We can make the internet safe for liberal democracy, exploit the soft, kleptocratic underbelly of dictatorships, and revive America's degraded democracy. Ill Winds offers concrete, deeply informed suggestions to fight polarization, reduce the influence of money in politics, and make every vote count. In 2020, freedom's last line of defense still remains We the people.

Wandering The Wild Wild West Don Presnell,2021-10-29 The Wild Wild West premiered on CBS in 1965, just as network dominance of television Westerns was waning and the global James Bond phenomenon was in full force. Described as James Bond on horseback, the series was like nothing else on TV before or since--a genre hybrid that followed the adventures of 1870s Secret Service agents James West and Artemus Gordon, on special assignment from President Ulysses S. Grant. The show featured clever gadgets and costumes, carefully choreographed action and fight sequences, and stories that melded elements of Western, science fiction, fantasy, espionage and detective genres. This book provides in-depth critical analysis of this unique, eclectic series, considered one of the primary influences on Steampunk subculture.
