Deadly Diamond D. J. Martin,2014-07-29 DEADLY DIAMOND by D. J. Martin The Special Investigator team of Matt Diamond and Natasha Cutter had returned to their new office in Beverly Hills, California, and were going over a large list of potential clients when one caught their eye. They had received a call from Ms. Gloria Goldstein regarding the murder of her parents and the theft of a large twenty-carat light pink diamond from their jewelry store. The police had been of little help, and she was most anxious for them to investigate the tragedy. Although events began in Beverly Hills, the location quickly changed to Johannesburg, South Africa, which meant that the globe-traveling team would again return to the country where they had worked in their previous case. The hunt for the thieves and murderers had to begin at the original source, the antiques studio of Martin Clause in Johannesburg. He was the first to purchase what he named the Empress Diamond for \$500,000, then sold it to the Goldsteins for a solid \$1,000,000 a few days later. The Empress, from Tanzania, was the largest light pink diamond ever found. The Empress Diamond would be worth millions more if it could reach the United States. The Goldsteins provided the way to get the precious stone to the American market. Three former American Special Forces veterans also entered into pursuit of the Empress, as well as a sinister figure with the code name The Red Fox, who would pay any price to obtain the Empress for billionaire Sir Fredrick Marsh. Marsh wanted to give it to his wife as a birthday gift. It was up to Matt Diamond and Natasha Cutter to follow the trail of the Deadly Diamond, a trail that would result in more deaths and a stone that many believed was cursed. Intrigue and suspense – who has the Empress now? – make this an exciting read, and the ending will surprise the reader with its strange twist of fate.

Diamonds Can be Deadly Merline Lovelace,2002

Deadly Diamonds John Dobbyn,2013-08-24 Blood Diamonds—the deadly brutality of Sierra Leone comes to the streets of Boston What do Boston, Dublin, and Sierra Leone have in common? The movement of blood diamonds at enormous profit but grave human expense: mafia killings in Boston and Ireland and child enslavement and murder in Sierra Leone. And who is ensnared in the middle of all of this — Michael Knight and Lex Devlin. Can they stop the enormously profitable trade of these tainted jewels? They must come between the Italian Mafia in the North End of Boston and the Irish Mob in South Boston including some remnants of the IRA in Ireland. They must also pit themselves against the enslaved and deadly child-army in Sierra Leone, who smuggle these diamonds into the mainstream for cash to buy weapons and drugs. At great personal risk, Knight and Devlin struggle to find a solution that satisfies this disparate combination of characters and, hopefully, dampens the diamond flow. Perfect for fans of Nelson DeMille While all of the novels in the Knight and Devlin Thriller Series stand on their own and can be read in any order, the publication sequence is: Neon Dragon Frame-Up Black Diamond Deadly Diamonds Fatal Odds High Stakes

Diamonds Are Deadly Ted Smith,2001-02-09 The West African diamond mining industry makes a good setting for this adventure mystery. Nigel Ballantyne works for the diamond mining company, WADMINCO. His job is to stop the rampant illegal digging of diamonds which goes on in the WADMINCO lease area. But he finds this is difficult in the pervading political climate. Some of the illegal miners are financed by a shadowy figure known as Mama Sia. Nigel swears he will close her operations down. But as the story unfolds we sense that Mama Sia is gaining the upper hand. One of the main mysteries is to her identity. Who or what is she? From the beginning Nigel realizes he is fighting a losing battle against the illegal miners? One of the main reasons is there is a ready market for their diamonds. How do you tell if a diamond has been mined legally or illegally? Intertwined with some violent events is a romance between Nigel and a Sierra Leonean named Rose Dunway. The story illustrates how difficult it is, in an economically poor country, to extract diamonds without suffering a high level of criminal activities.

Ill Winds Larry Diamond,2019-06-11 *Shortlisted for the 2020 Arthur Ross Book Award* From America's leading scholar of democracy, a personal, passionate call to action against the rising authoritarianism that challenges our world order—and the very value of liberty Larry Diamond has made it his life's work to secure democracy's future by understanding its past and by advising dissidents fighting autocracy around the world. Deeply attuned to the cycles of democratic expansion and decay that determine the fates of nations, he watched with mounting unease as illiberal rulers rose in Hungary, Poland, Turkey, the Philippines, and beyond, while China and Russia grew increasingly bold and bullying. Then, with Trump's election at home, the global retreat from freedom spread from democracy's margins to its heart. Ill Winds' core argument is stark: the defense and advancement of democratic ideals relies on U.S. global leadership. If we do not reclaim our traditional place as the keystone of democracy, today's authoritarian swell could become a

tsunami, providing an opening for Vladimir Putin, Xi Jinping, and their admirers to turn the twenty-first century into a dark time of despotism. We are at a hinge in history, between a new era of tyranny and an age of democratic renewal. Free governments can defend their values; free citizens can exercise their rights. We can make the internet safe for liberal democracy, exploit the soft, kleptocratic underbelly of dictatorships, and revive America's degraded democracy. Ill Winds offers concrete, deeply informed suggestions to fight polarization, reduce the influence of money in politics, and make every vote count. In 2020, freedom's last line of defense still remains We the people.
