Deadly Diamonds John Dobbyn, 2013-08-24 Blood Diamonds—the deadly brutality of Sierra Leone comes to the streets of Boston What do Boston, Dublin, and Sierra Leone have in common? The movement of blood diamonds at enormous profit but grave human expense: mafia killings in Boston and Ireland and child enslavement and murder in Sierra Leone. And who is ensnared in the middle of all of this – Michael Knight and Lex Devlin. Can they stop the enormously profitable trade of these tainted jewels? They must come between the Italian Mafia in the North End of Boston and the Irish Mob in South Boston including some remnants of the IRA in Ireland. They must also pit themselves against

the enslaved and deadly child-army in Sierra Leone, who smuggle these diamonds into the mainstream for cash to buy weapons and drugs. At great personal risk, Knight and Devlin struggle to find a solution that satisfies this disparate combination of characters and, hopefully, dampens the diamond flow. Perfect for fans of Nelson DeMille While all of the novels in the Knight and Devlin Thriller Series stand on their own and can be read in any order, the publication sequence is: Neon Dragon Frame-Up Black Diamond Deadly Diamonds Fatal Odds High Stakes

The Deadly Blue Diamond John Raffensperger, MD, The Deadly Blue Diamond, a fast-paced thriller, pits a young surgeon against vicious mobsters, crooked cops, and Chicago politicians. Little Louie, who killed his first man at age fifteen, organized a robbery to steal the Blue Diamond, a power symbol, that belonged to Al Capone. The heist goes bad. Rooky cops shoot Louie's punch-drunk accomplice after he swallowed the diamond. A young surgeon, who lost his confidence in the Korean War, operates for the gunshot, but doesn't find the diamond. The patient dies. The cops and a big-time politician claim the surgeon stole the diamond. The surgeon and a sexy reporter steal the body from the morgue to retrieve the diamond, but the hit man shoots a cop and kidnaps the reporter, the surgeon, and the corpse. The surgeon does an autopsy with a switchblade, finds the diamond, and stabs the mobster. The chase is on, through the streets of Chicago into Bubbly Creek and onto storm-tossed Lake Michigan. The reporter uses her charms to lay hands on the diamond.

*Diamonds Are Deadly* Ted Smith, 2001-02-09 The West African diamond mining industry makes a good setting for this adventure mystery. Nigel Ballantyne works for the diamond mining company, WADMINCO. His job is to stop the rampant illegal digging of diamonds which goes on in the WADMINCO lease area. But he finds this is difficult in the pervading political climate. Some of the illegal miners are financed by a shadowy figure known as Mama Sia. Nigel swears he will close her

operations down. But as the story unfolds we sense that Mama Sia is gaining the upper hand. One of the main mysteries is to her identity. Who or what is she? From the beginning Nigel realizes he is fighting a losing battle against the illegal miners? One of the main reasons is there is a ready market for their diamonds. How do you tell if a diamond has been mined legally or illegally? Intertwined with some violent events is a romance between Nigel and a Sierra Leonean named Rose Dunway. The story illustrates how difficult it is, in an economically poor country, to extract diamonds without suffering a high level of criminal activities.

Deadly Diamonds John Wilson, Richard

Wilson, 2014-07-28 Badger was sitting at his desk in his office when the mail arrived. A letter in a plain envelope with three foreign stamps across the top and the word 'CONFIDENTIAL' at the bottom was hidden within a short stack of letters and memoranda. Badger scanned the letter quickly, a frown darkening his features. "Jesus Christ," he exclaimed audibly to his empty room. "I don't believe it." Deadly Diamonds carries forward the adventures (and misadventures) of Massoud Anssari, formerly dean and now professor at a midwestern law school that attracts trouble like a magnet attracts iron filings. The registrar dies under mysterious circumstances; a stupendously rich foreign benefactor withdraws his promise to the school of several million dollars; and Ansari, attempting to rectify the problem, is drawn into major skullduggery at a remote diamond mine in a semi-arid region of West Africa. One heinous crime tops another. Finally, with the aid of revelations from Ansari, the enormously obese wife of the benefactor helps – in her own uniquely bumbling way – to reveal the culprit and the secretive theft of diamonds. Ansari returns to America, discovers who (or what) killed the registrar, and a sense of peace – albeit temporary – returns to the law school... A well-crafted, descriptively written and fast-paced story of theft, intrigue and murder, interwoven throughout with humour, Deadly Diamonds will appeal to fans of John Wilson's former books – Badger, Boomer and Bathroom Bob and Death by Duck – and Richard

Wilson's former books – American Redemption and The Hardtack Diary – and is a must-read for fans of The Pink Panther, crime and suspense fiction.

*Deadly Diamond* Anna Kern, 2015-05-28 A thief making his get-away from a jewelry store heist, runs into an antiques shop and hides a priceless loose-cut diamond in one of the little drawers of an old slant-front desk, unaware that he has been observed by the store's mascot, Murphy the cat, and his female feline friend--Misty. Unfortunately, Murphy has no way to inform his mistress and the store's owner, Alyx Hille, of what he's seen. That same day the desk is delivered to Althea Burns, an elderly customer, who is later found murdered in her condominium. Could her death be connected to the diamond hidden in the desk? Murphy decides he must let his mistress, Alyx, know what he knows. But how? He can communicate perfectly well with his cat friends--but not so well with humans. Murphy enlists the help of his other feline housemate, Pooky, and they quickly embark on a mission to discover the story behind the hidden diamond and how it might be connected to the killing of Althea Burns. Will Murphy get his message across to Alyx so she can discover who killed her friend? Will he be able to protect Alyx from a wily murderer who is not yet done killing? And will he be able to uncover the true story of the DEADLY DIAMOND?

*Deadly Diamonds* Laurence Swinburne, Mariam Weist-Meyer, Irene Swinburne, 1998-01-01 Briefly traces the history and attendant bad luck of the Regent, Bigott, Hope, and other famous diamonds.

**Blood Diamonds : Tracing the Deadly Path of the**

**World's Most Precious Stones** ,2015 Journalist Greg Campbell leads the reader down the international diamond trail of brutality, horror, and profit - providing an on-the-ground and in-the-mines story of global consequence. First discovered in 1930, the diamonds of Sierra Leone have funded one of the most savage rebel campaigns in modern history. These "blood diamonds" are smuggled out of West Africa and sold to legitimate diamond merchants in London, Antwerp, and New York, often with the complicity of the international diamond industry. Eventually, these very diamonds find their way into the rings and necklaces of brides and spouses the world over. **Blood Diamonds** is the gripping tale of how the diamond smuggling works, how the rebel war has effectively destroyed Sierra Leone and its people, and how the policies of the diamond industry - institutionalized in the 1880s by the De Beers cartel - have allowed it to happen. Award-winning journalist Greg Campbell traces the deadly trail of these diamonds, many of which are brought to the world market by fanatical enemies, including the Al Qaeda network. These repercussions of diamond smuggling are felt far beyond the borders of the poor and war-ridden country of Sierra Leone, and the consequences of overlooking this African tragedy, as the world has seen, are both shockingly deadly and unquestionably global.
