DEEP Blue Sea ,2000

Blue Sea Robert Kalan,1992-04-20 On a deep-blue background, the words 'blue sea' appear...and then the first of Crews's eye-filling paintings....The author and illustrator of Rain have invented another winner.--Publishers Weekly.

A Blue Water Navy William Alexander Binny Douglas,Roger Sarty,2007 Although the Royal Canadian Navy had spent the early years of the Second World War in a desperate struggle against German U-boats on the North Atlantic convoy routes, the service's professional officers never lost sight of the need to build a balanced national navy, one that included the larger warships required for Canada to project its naval power around the globe. Part 2 of the Official Operational History continues the story of the Royal Canadian Navy begun in No Higher Purpose and carries the narrative into the decisive final years of the Second World War, as the navy largely achieves its blue water ambitions. Based on extensive research in Canadian, British, American and German archives, A Blue Water Navy follows the RCN's path to victory from 1943 to 1945 as Canadian warships engage the enemy across the globe in the Atlantic, Arctic and Pacific Oceans as well as in the dangerous waters of the European littoral. Beginning with the Allies' North Atlantic triumph over the German submarine arm in April-May 1943, the volume examines the navy's many roles in European waters, including the RCN's combined operations role in the amphibious assaults on Dieppe, northwest Africa and Sicily; the procurement of large fleet destroyers and their operations guarding important Arctic and Mediterranean bound convoys; and the culmination of the RCN's overseas buildup with Operation Neptune and the invasion of Normandy. A Blue Water Navy recounts the multitude of tasks Canadian naval forces performed in the war's final phases, from motor-torpedo boat, minesweeping and fleet operations to the inshore anti-submarine campaign. In tracing the acquisition of cruisers and Canadian-manned escortcarriers, this important and well-illustrated history thoroughly explores the world-wide scope of the Royal Canadian Navy's involvement in the Second World War and its transition from a small-ship navy into a balanced force. A Blue Water Navy was written by a team of professional historians and has been in preparation for many years. The first volume of this official history, No Higher Purpose, was highly praised by veterans of the RCN, current sailors and naval officers, and students of military and naval history. This second volume will be equally well received. **REVIEWS** .,.Unlike many official histories, the writing in this book is clear and easy to read while still being quite informative. The section on naval support at D-Day is perhaps the best and most complete that I've ever read.Books-On-Line 7-07

Our Noise Laura Ballance,John Cook,Mac McCaughan,2009-09-15 Merge Records defies everything you've heard about the music business. Started by two twenty-year-old musicians, Merge is a lesson in how to make and market great music on a human scale. The fact that the company is prospering in a failing industry is something of a miracle. Yet two of their bands made the Billboard Top 10 list; more than 1 million copies of Arcade Fire's Neon Bible have been sold; Spoon has appeared on Saturday Night Live and The Tonight Show; and the Magnetic Fields' 69 Love Songs is a contemporary classic. In celebration of their twentieth anniversary, founders Mac and Laura offer first-person accounts—with the help of their colleagues and Merge artists—of their work, their lives, and the culture of making music. Our Noise also tells the behind-the-scenes stories of Arcade Fire, Spoon, the Magnetic Fields, Superchunk, Lambchop, Neutral Milk Hotel, and Butterglory. Hundreds of personal photos of the bands, along with album cover art, concert posters, and other memorabilia are included.

Popular Song Index Patricia Pate Havlice,1975 This third supplement covers books published from 1979 to 1987 plus a few earlier titles. As in the second supplement, Havlice includes titles issued by music publishers and trade houses. The arrangement of this supplement is identical to its predecessors.

Land of a Thousand Dances David Reyes,Tom Waldman,1998 Evolving from blues, R&B, boleros, funk, punk, and the British invasion, Chicano rock 'n' roll out of Southern California has enriched the music scene forever with the likes of Ritchie Valens, Thee Midniters, Cannibal and the Headhunters, El Chicano, The Brat, and Los Lobos, to name a few. This book tells the story of this uniquely American sound beginning with Lalo Guerrero and Chico Sesmamusical forefathers in East LA and the white DJs and black musicians who in the 1950s first recognised Mexican Americans as a powerful market. Next came the producers who travelled the garage circuit looking for new talent, and, of course, the kids who sang and composed their way to record labels. The constant through it all has been the Chicano fans who to this day hand down oldies like cherished heirlooms. Through interview and anecdote, Land of a Thousand Dances formally installs Chicanos in the history of rock 'n' roll.

The Mercury Labels: The 1945-1956 era Michel Ruppli,Ed Novitsky,1993 Mercury Records was founded in 1945 and soon became a major force in jazz and blues, classical, rock, and country recording. This five-volume discography provides a listing of all recordings made or issued by the Mercury label and its subsidiaries (Blue Rock, Cumberland, Emarcy, Fontana, Limelight, Philips, Smash, and Wing) as well as leased and purchased materials and recordings by independent labels distributed by Mercury. Much of the discography is devoted to recording session listings, which include details on personnel, recording dates, and master and issue numbers. Each volume ends with an artist index, which includes all the names appearing in the session listings of the volume. In addition to providing details on stereo/mono master number equivalences, and information on various formats, the fifth volume concludes with a general artist index, including all the names which appear in the earlier volumes. This discography is invaluable to all who seek details on the music and artists recorded in the second half of the twentieth century.

Hollywood Movie Songs Marion Short,1999 Hollywood Movie Songs concentrates on movie music after sound took over-from the dazzling Busby Berkeley movies of the 1930s to the present day. Included are more than 700 colorful sheet music covers from famous movies, featuring beloved film stars from Al Jolson through each decade of development, including biographical sketches and representative photos of stars on sheet movie covers. You ain't heard nothing yet!
