Return to the Deep Michael Bray, 2015-01-29 Held in captivity for five years, the offspring of the creature which brought devastation to the oceans has existed in solitude as the government continues its attempts to genetically engineer without success. Henry Rainwater has become a drunk and a recluse, a broken man plagued by guilt over the devastation caused by his quest for the creature which ultimately cost his friends their lives. After a security breach necessitating moving the creature to a new facility is disrupted by a group of animal rights activists, the beast is set free into ocean, forcing those who vowed never to return to face their demons one last time, and for one man whose life was devastated by the first creature to formulate his lethal plan for revenge. Unbeknownst to them all, flamboyant billionaire Charles Decker had designs of his own on the creature, and will stop at nothing to take it for his own needs no matter the cost, financial or otherwise. As the creature decimates all that is set before it, unlikely alliances will be formed, trusts broken and lives risked as the individual groups seek to find the creature first for their own agenda, unaware that they will soon become the hunted rather than the hunters...

Run Silent, Run Deep Edward L. Beach, 2016-10-15 This is a story of the silent service—the submarine crews which destroyed the Japanese merchant marine. A narrative taut with drama, told with the intimacy of a confession, it deals with two strong-headed men: their loves, their jealousies, and their destinies in the lonely and desperate struggle between the hunter and the hunted. Few war novels will rival *Run Silent, Run Deep* in the naked realism of its action. None will surpass its rising excitement and brilliant descriptions of men in combat. Unlike many war novels, here is a story that deals with war from the perspective of command. Edward Beach re-creates with fidelity the anguish, agony, and triumphs of command decisions. In Commander Richardson, he has created a character who embodies all that is fine, all that is human, in an excellent naval officer. In a sense, *Run Silent, Run Deep* is a monument, not to the misfits and the mistakes, but to those men who rose to greatness under the sometimes unbearable tensions of action.

The Deep Nick Cutter, 2015-01-13 When a seemingly miraculous healing agent is discovered in the Pacific in the wake of a devastating plague, a team of brave heroes descends through pitch-black waters to an incommunicado research lab in the ocean deep. By the author of *The Troop*. 60,000 first printing.

A roller coaster ride of romance, suspense, mystery and intrigue, this page-turner surprises at every turn and offers a stunning ending you'll never suspect. M. Baron- Author of *Stumble Stones*: A novel Rocked by her husband's tragic death, Kendall Jackson strives to put her life back together. Before his death, her husband arranged a diving expedition as a birthday gift for his son. Kendall persuades Ryder to honor his father's last wish. From the campus of Western Maryland College to the woods of Camp David and the caves of the Yucatán, Kendall and Ryder take a journey to discover what her husband worked so hard to hide, and to protect his treasured secrets from falling into the wrong hands. Will they risk everything for the truth? □□□□□ With its suspenseful pacing, twisty plot and conspiracy theories, *A Deep Thing* is a surprising mystery, certain to shock you with its

final turn. Think an Indiana Jones-type thriller with the nonstop staccato beat of jungles, dangerous dives, and a treasure hunt like no other. Then wrap this adventure in the cloak of a mother's struggles with grief and a conspiracy that reaches out to replace her husband's memory with something beyond anything she's ever known. D. Haunting the Deep Adriana Mather, 2018-12-11 The delicious horror of Ransom Riggs and the sass of Mean Girls meets Titanic in this follow-up to the #1 New York Times bestseller *How to Hang a Witch*, in which a contemporary teen finds herself a passenger on the famous "ship of dreams"—a story made all the more fascinating because the author's own relatives survived the doomed voyage. Samantha Mather knew her family's connection to the infamous Salem Witch Trials might pose obstacles to an active social life. But having survived one curse, she never thought she'd find herself at the center of a new one. This time, Sam is having recurring dreams about the Titanic . . . where she's been walking the deck with first-class passengers, like her aunt and uncle. Meanwhile, in Sam's waking life, strange missives from the Titanic have been finding their way to her, along with haunting visions of people who went down with the ship. Ultimately, Sam and the Descendants, along with some help from heartthrob Elijah, must unravel who is behind

the spell that is drawing her ever further into the dream ship . . . and closer to sharing the same grim fate as its ghostly passengers. Praise for *How to Hang a Witch*: “It’s like *Mean Girls* meets history class in the best possible way.” —Seventeen “Mather shines a light on the lessons the Salem Witch Trials can teach us about modern-day bullying—and what we can do about it.” —Bustle.com “Strikes a careful balance of creepy, fun, and thoughtful.” —NPR “I am utterly addicted to Adriana Mather’s electric debut. It keeps you on the edge of your seat, twisting and turning with ghosts, witches, an ancient curse, and—sigh—romance. It’s beautiful. Haunting. The characters are vivid and real. I. Could. Not. Put. It. Down.” —Jennifer Niven, bestselling author of *All the Bright Places*

Outside her front door stand two police officers, messengers bearing tragic news. Joe, Jen's recently estranged husband, is missing, the victim of a scuba diving accident. Joe Puck Johnson is a master carpenter. He is quiet, thoughtful, and passionately loves his deeply scarred wife. Their separation, unwanted, painful, and immersed in unfinished business, is now punctuated by this unfathomable loss. Tom Hyden is a high profile banker. He has the perfect home, the perfect wife, the perfect child, the perfect everything; yet beneath the surface of his well manicured life Tom carries a dark and shameful secret. Born and raised in the small Iowa town of Lake Pulaski, these two men cannot remember a time before their friendship. It is a bond most recently sealed by their mutual love of scuba diving. Beneath the waves diving provides a peaceful respite. However on the surface, their worlds are reeling and the peace they so desire is being torn asunder. Both men find their families disintegrating and their lives twisting apart, the result of events they cannot talk about, even with each other. So Tom and Joe are lost, and they must now take a journey that for one will lead to tragedy and the other redemption...

Exploring the Deep, Dark Sea Gail Gibbons, 2019-01-15 Dive deep with Gail Gibbons as she explains the mechanics and discoveries of deep-sea exploration. The surface of the moon is more familiar to us than the deep sea of our own planet. Many oceanographers are trying to change that. To explore the deep sea, they climb into submersibles and employ Remotely Operated Vehicles to find out more about the ocean and ocean floor. In *Exploring the Deep, Dark Sea*, nonfiction rockstar Gail Gibbons invites readers along for a journey to the depths of the ocean. Without leaving home, readers will learn about the types of animals found at different sea levels. With her trademark combination of clearly-labeled diagrams, infographics, and accessible language, Gibbons explains the technology for exploration, and the many fascinating discoveries scientists have made in the darkest reaches of the ocean. A perfect introduction for aspiring oceanographers, marine biologists, and conservationists, this new edition has been vetted by an expert oceanographer.

The Deep Peter Benchley, 1979-09 One of a series of bestsellers which have been simplified to bring them within range of reluctant readers. This book, which is intended for the older secondary school reader, retains the style and flavour of the original and has the appearance of any other paperback.

Deep Shadow Nick Sullivan, 2018-05 Divemaster Boone Fischer thought he had seen it all after spending three years on the island of Bonaire. But on a routine afternoon dive, he spots something that will turn his tranquil life upside down.

From the Deep Michael Bray, 2014-11-18 Something has awoken. Roused from its slumber following an Antarctic ice quake, an immense beast has risen from the depths. Dwarfing even the mighty blue whale, the gargantuan wonder of evolution takes charge of the oceans, setting a catastrophic chain of events in motion. Henry Rainwater is a rookie crab fisherman trying to shake the family namesake and make his own way in life. After surviving an encounter with the beast which sees his father and the rest of the crew of

their family boat killed, Rainwater becomes a recluse, deathly afraid of the creature which lurks in the ocean. The only man that believes Rainwater is Andrews, an ambitious scientist charged by the government to investigate the existence of the creature. Rainwater soon finds out that Andrews has different motivations for locating the beast. Driven to find his redemption and clear his name, Henry must overcome his terror and set out to sea in order to track down and kill the creature, in the hope of finding it before Andrews and his unhinged superior, Russo can put their own plan into action, one which could have terrible repercussions for the entire human race...

Feelings Run Deep Jessica Clavell, 2012-08-25 Feelings Run Deep is a memoir chronicling the terrifying paranormal experiences of a young girl that left her and the entire household restless and terrified. It was those terrifying paranormal experiences that revealed to her how spirit beings are endowed with feelings and led by them just as physical beings are. It also consists of horrific child abuse and domestic violence, and it depicts issues that blended families may experience; therefore, explicitly giving the reader insight on how to circumvent the abuse of anyone in their household when their desire is to have a home filled with love and peace. This book depicts incidents that the author experienced that lies outside of the natural realm of physical life, but occasionally those experiences were also witnessed by other family members; particularly the strange and painful things brought about by those filled with hatred and revenge. Some of the incidents experienced in this book seem so incredulous that the author is willing to receive medically administered Sodium Pentothal to attest to the veracity of the contents of this book.
