Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Remake the World Astra Taylor, 2021-05-04 Over the last decade, author and activist Astra Taylor has helped shift the national conversation on topics including technology, inequality, indebtedness, and democracy. The essays collected here reveal the range and depth of her thinking, with Taylor tackling the rising popularity of socialism, the problem of automation, the politics of listening, the possibility of rights for the natural and non-human world, the future of the university, the temporal challenge of climate catastrophe, and more. Addressing some of the most pressing social problems of our day, Taylor invites us to imagine how things could be different while never losing sight of the strategic question of how change actually happens. Curious and searching, these historically informed and hopeful essays are as engaging as they are challenging and as urgent as they are timeless. Taylor's unique philosophical style has a political edge that speaks directly to the growing conviction that a radical transformation of our economy and society is required.
