Twentieth-Century Lutheran Theologians Mark C. Mattes, 2013-08-14 This collection of essays examines important twentieth-century Lutheran theologians, including European and North American voices. Each essay provides an overview of the life and thought of important confessional Lutherans who shaped theology with an ecumenical, world-wide impact. The focus here is not on later twentieth-century figures but earlier ones, selected similar to the spirit manifest in Karl Barth's contention »lest we forget where contemporary theology came from« (Protestant Theology From Rousseau to Ritschl). The essays composed over the last five years were initiated by Lutheran Quarterly in order to assess our recent past as we move into a new millennium. The goal of each author, each a leading theologian, has been to describe each thinker's life and vocation and how each thinker's work continues to impact theology today.

Complying With Colonialism Suvi Keskinen, Salla Tuori, Sara Irni, Diana Mulinari, 2016-05-23
Complying with Colonialism presents a complex analysis of the habitual weak regard attributed to the colonial ties of Nordic Countries. It introduces the concept of 'colonial complicity' to explain the diversity through which northern European countries continue to take part in (post)colonial processes. The volume combines a new perspective on the analysis of Europe and colonialism, whilst offering new insights for feminist and postcolonial studies by examining how gender equality is linked to 'European values', thus often European superiority. With an international team of experts ranging from various disciplinary backgrounds, this volume will appeal

not only to academics and scholars within postcolonial sociology, social theory, cultural studies, ethnicity, gender and feminist thought, but also cultural geographers, and those working in the fields of welfare, politics and International Relations. Policy makers and governmental researchers will also find this to be an invaluable source.

Culture and Rights Jane K. Cowan, Marie-Bonnie Diction-Dembour, Richard A. Wilson, 2001-11-29 Part I: Setting universal rights

The Role of the Member of Parliament Since 1868 Michael Rush, 2001-09-20 This wide-ranging study, by one of the UK's leading scholars of British politics, presents a fascinating picture of the role of the MP during the last 150 years. The author examines the various roles of Members of Parliament since the middle of last century.

Backbench MPs have three major roles—a partisan role, a constituency role, and a scrutiny role. They increasingly expect and are expected to support their parties; to help constituents with individual problems and look after their collective interests; and they are expected to keep a check on the government and its policies. These roles existed 150 years ago, but the balance between them has changed. The partisan role now dominates at Westminster, the constituency role has expanded beyond all recognition, and the scrutiny role is widely seen as the poor relation. Moreover, while constituency work has been virtually hived-off as a non-partisan role, the conflict between the partisan and the scrutiny role creates a dilemma at the heart of parliamentary government.
