Ask a Manager Alison Green,2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

The Flowering Wand Sophie Strand,2022-11-29 A deep exploration of the regenerative and magical secrets of sacred masculinity hidden in familiar myths both ancient and modern • Reveals the restorative fungi archetype of Osiris, the Orphic mysteries as an underground mycelium linking forests and people, how Dionysus teaches us about invasive species and playful sexuality, and the ecology of Jesus as depicted in his nature-focused parables • Liberates Tristan, Merlin, and the Grail legends from the bounds of Campbell's hero's journey and invites the masculine into more nuanced, complex ways of dealing with trauma, growth, and self-knowledge Long before the sword-wielding heroes of legend readily cut down forests, slaughtered the old deities, and vanquished their enemies, there were playful gods, animal-headed kings, mischievous lovers, trickster harpists, and vegetal magicians with flowering wands. As eco-feminist scholar Sophie Strand discovered, these wilder, more magical modes of the masculine have always been hidden in plain sight. Sharing the culmination of eight years of research into myth, folklore, and the history of religion, Strand leads us back into the forgotten landscapes and hidden secrets of familiar myths, revealing the beautiful range of the divine masculine, including expressions of male friendship, male intimacy, and male creative collaboration. In discussing Dionysus and Osiris, Strand encourages us to think like an ecosystem instead of like an individual. She connects dying, vegetal gods to the virtuous cycle of composting and decay, highlighting the ways in which mushrooms can restore soil and heal polluted landscapes. Exploring esoteric Christianity, the author celebrates the Gnostic Jesus of the Gospel of Thomas, imagining the ecology that the Rabbi Yeshua would have actually been referencing in his nature-focused parables. Strand frees Tristan, Merlin, and the Grail legends from the bounds of Campbell's hero's journey and invites the masculine into more nuanced, complex ways of dealing with trauma, growth, and self-knowledge. Strand reseeds our minds with new visions of male identity and shows how each of us, regardless of gender, can develop a matured ecological empathy

and witness a blossoming of sacred masculine powers that are soft, curious, connective, and celebratory.

Underwater Dogs Seth Casteel,2012-10-23 The exuberant, exhilarating photographs of dogs underwater that have become a sensation From the water's surface, it's a simple exercise: a dog's leap, a splash, and then a wet head surfacing with a ball, triumphant. But beneath the water is a chaotic ballet of bared teeth and bubbles, paddling paws, fur and ears billowing in the currents. From leaping Lab to diving Dachshund, the water is where a dog's distinct personality shines through; some lounge in the current, paddling slowly, but others arch their bodies to cut through the water with the focus and determination of a shark. In more than eighty portraits, award-winning pet photographer and animal rights activist Seth Casteel captures new sides of our old friends with vibrant underwater photography that makes it impossible to look away. Each image bubbles with exuberance and life, a striking reminder that even in the most loveable and domesticated dog, there are more primal forces at work. In *Underwater Dogs*, Seth Casteel gives playful and energetic testament to the rough-and-tumble joy that our dogs bring into our lives.

The American Farmer, 1875

Catalog Robin Cherry, 2008-09-04 Since 1872 when traveling salesman Aaron Montgomery Ward realized he could eliminate the middleman and sell goods directly to his customers, Americans have had an ongoing love affair with the mail-order catalog, which continues undiminished even in today's online-driven world. The practical can find deals on furniture and clothing in L.L.Bean and Sears, the extravagant can consider his and hers matching helicopters, windmills, hot-air balloons, and submarines in the Neiman Marcus Fantasy Catalog; those looking to get their pulses racing can browse Victoria's Secret and Abercrombie & Fitch; while our inner swashbuckler can travel the world through the pages of the J. Peterman Owner's Manual where Moroccan caftans, Russian Navy t-shirts, and wooden water buckets from rural China entice the imagination. In *Catalog: The Illustrated History of Mail Order Shopping*, Robin Cherry traces the timeline of these snapshots from American history and discovers along the way how we dressed, decorated our houses, worked, played, and got around. From corsets to bell-bottoms, from baby-doll dresses and Doc Martens all the way to iPods, the history of these catalogs is the history of our lives and our culture. GIs during World War II were kept company by the models in the pages of lingerie catalogs; hockey goalies fashioned makeshift shin guards out of them during the Great Depression, and creative children across the country still play with homemade paper dolls cut from clothing catalogs. A number of celebrities got their start modeling for catalogs: Gregory Peck, Lauren Bacall, Katherine Heigl, Matthew Fox, and Angelina Jolie. Jimi Hendrix and Bob Dylan both got their first guitars from the Sears catalog. Organized into categories such as clothing, food, animals, and houses, author Robin Cherry explores the vivid stories behind Sears, Montgomery Ward, Lillian Vernon, Harry & David, Jackson & Perkins, and of course, 45 years of the Neiman Marcus Christmas Book. Insightful historical commentary places these catalogs in their social context, making this book a visual pleasure and a historically important piece of Americana.

You Are Special Max Lucado, 2007-08-17 Teaches children that God loves them just the way they are. A classic story in a unique limited edition.
