Demolition Man Richard Osborne,1993-10

The Demolished Man Alfred Bester,2018-01-08 #4 in the Millennium SF Masterworks series, a library of the finest science fiction ever written. The first Hugo Award winner for best novel in 1953. “One of the all-time classics of science fiction.”—Isaac Asimov “Bester's two superb books have stood the test of time. For nearly sixty years they’ve held their place on everybody’s list of the ten greatest sf novels” —Robert Silverberg In a world policed by telepaths, Ben Reich plans to commit a crime that hasn’t been heard of in 70 years: murder. That’s the only option left for Reich, whose company is losing a 10-year death struggle with rival D’Courtney Enterprises. Terrorized in his dreams by The Man With No Face and driven to the edge after D’Courtney refuses a merger offer, Reich murders his rival and bribes a high-ranking telepath to help him cover his tracks. But while police prefect Lincoln Powell knows Reich is guilty, his telepath's knowledge is a far cry from admissible evidence. Alfred Bester was among the first important authors of contemporary science fiction. His passionate novels of worldly adventure, high intellect, and tremendous verve, *The Stars My Destination* and the Hugo Award winning *The Demolished Man*, established Bester as a s.f. grandmaster, a reputation that was ratified by the Science Fiction Writers of America shortly before his death. Bester also was an acclaimed journalist for *Holiday* magazine, a reviewer for the *Magazine of Fantasy and Science Fiction* and even a writer for *Superman*.

Demolition Man Brian LaFave,2020-01-15 The newest short story from writer Brian LaFave explores the dynamic between a famous writer and his son, who is trying to get into the literary world, one way or another. When Lincoln Vernon quit his construction job (after an accident netted him a six-figure payout) to focus on his writing career, little did he know that three years later he would be back working construction for his brother-in-law. While demolishing old houses for a new subdivision build, Lincoln stumbles upon a manuscript hidden in the walls of an ancient farmhouse. What will Lincoln do with the manuscript and how will his famous father (a Pulitzer Prize winner) factor into his moral dilemma to publish the manuscript under his own name or give the original writer his dues?

Demolition Man TD Conner,101-01-01 Adolf Hitler, the Nazi Fuhrer, is recognized as the most wicked, bloodthirsty mind of the 20th Century. But what drove this face-in-the-crowd from rural and small town Austria to commit his hate-fueled aggressions and atrocities? How did a high school dropout come to rule from the Arctic Circle to the shores of the Mediterranean Sea? How was he able to persuade a great, civilized nation to march in lockstep with him past the very gates of Hell? When Hitler was done, 60 million people were dead and a continent lay in ruins. He introduced mankind to unspeakable evil--automated, assembly-line, never-ending death. Men in the 21st Century must now face the question: did Hitler's Nazi creed really die when he crunched his teeth down on his poison capsule in the damp underground pit where he took his own life? Or does the seething hatred he represented still breathe and fester today?

*Sting* Christopher Sandford,1998-08-26 The first full-length portrait of the Grammy Award-winning pop star chronicles his eventful career, from his fractious but fecund relationship with his former bandmates in The Police, to his campaigns on behalf of Brazil's rain forest. 25,000 first printing.

Demolition Angel Robert Crais,2020-05-26 “Crais is at the top of his game, and *Demolition Angel* delivers the goods. With a bang. . . . It’s *Silence of the Lambs* meets *Speed*. . . . Crais knows how to press all the right buttons in keeping the story line taut and the action, well, explosive.”—*San Francisco Chronicle* Carol Starkey is struggling to pick up the pieces of her former life as L.A.’s finest bomb squad technician. Fueled with liberal doses of alcohol and Tagamet, she’s doing time as a Detective-2 with LAPD’s Criminal Conspiracy Section. Three years have passed since the event that still haunts her: a detonation that killed her partner and lover, scarred her body and soul, and ended her career as a bomb tech. When a seemingly innocuous bomb call explodes into a charred murder scene, Carol catches the case and embarks on an investigation of a series of explosions that reveal chilling intentions. The bombs are designed expressly to kill bomb technicians. Now, as the one tech who survived the deadliest of blasts, Carol is in for the most perilous fight of her life. . . . Praise for *Demolition Angel* “Terrific . . . explosive . . . [a] high powered thrill ride.”—*The Wall Street Journal* “Gripping . . . Crais piles on plot twists . . . gathering the separate threads at the end and igniting them like a string of fireworks.”—*People* “A powerful, self-contained novel of suspense that has the compactness, velocity, and effectiveness of a well-aimed bullet . . . This is a thriller that works on every level, a pivotal work from a crime novelist operating at the top of his game.”—*Los Angeles Times* “Fascinating and frighteningly believable . . . Starkey is one of the toughest characters to grace the crowded field of thriller books in a long time.”—*USA Today* “A flammable techno-thriller with the kind of force that knocks out windows.”—*The New York Times Book Review* Packs an explosive punch. Though the pace of the book moves like a quick-burning fuse, Crais still takes the time in *Demolition Angel* to sketch out some memorable characters: Starkey, haunted and hollow-eyed, covering up her pain with a Bogart-tough demeanor; and John Michael Fowles (aka Mr. Red), a sociopath who gets all sorts of information from the Internet without breaking

a sweat. . . . Crais keeps things wound so tight that readers will be getting paper cuts in their rush to finish this one.”—The Denver Post

**Demolition Means Progress** Andrew R. Highsmith,2016-12-30 Flint, Michigan, is widely seen as Detroit's Detroit: the perfect embodiment of a ruined industrial economy and a shattered American dream. In this deeply researched book, Andrew Highsmith gives us the first full-scale history of Flint, showing that the Vehicle City has always seen demolition as a tool of progress. During the 1930s, officials hoped to renew the city by remaking its public schools into racially segregated community centers. After the war, federal officials and developers sought to strengthen the region by building subdivisions in Flint's segregated suburbs, while GM executives and municipal officials demolished urban factories and rebuilt them outside the city. City leaders later launched a plan to replace black neighborhoods with a freeway and new factories. Each of these campaigns, Highsmith argues, yielded an ever more impoverished city and a more racially divided metropolis. By intertwining histories of racial segregation, mass suburbanization, and industrial decline, Highsmith gives us a deeply unsettling look at urban-industrial America.

**#Republic** Cass R. Sunstein,2018-04-03 From the New York Times bestselling author of Nudge and The World According to Star Wars, a revealing account of how today's Internet threatens democracy—and what can be done about it As the Internet grows more sophisticated, it is creating new threats to democracy. Social media companies such as Facebook can sort us ever more efficiently into groups of the like-minded, creating echo chambers that amplify our views. It's no accident that on some occasions, people of different political views cannot even understand one another. It's also no surprise that terrorist groups have been able to exploit social media to deadly effect. Welcome to the age of #Republic. In this revealing book, New York Times bestselling author Cass Sunstein shows how today's Internet is driving political fragmentation, polarization, and even extremism—and what can be done about it. He proposes practical and legal changes to make the Internet friendlier to democratic deliberation, showing that #Republic need not be an

ironic term. Rather, it can be a rallying cry for the kind of democracy that citizens of diverse societies need most.
