**Manager's Desktop Consultant** Louellen Essex, Mitchell E. Kusy, Mitchell Kusy, 2007 Ideal for any leader or manager forced to fly solo in the face of daily and strategic challenges. Or an invaluable tool to help managers get the most out of their working relationship with either an internal or external coach. Manager's Desktop Consultant cuts through the maze of people challenges in the workplace to identify the six most common issues affecting performance, productivity, and profitability. Through detailed scenarios, these experienced consultants and authors describe each problem situation and lay out the key action strategies necessary to build a solid foundation for management success.

*A Desktop Guide for Nonprofit Directors, Officers, and Advisors* Jack B. Siegel, 2006-06-05 How to keep any nonprofit out of trouble, running smoothly, and accomplishing its mission Jack Siegel--lawyer, accountant, management consultant, and computer whiz--takes the putative director or officer of a nonprofit organization on a useful and often entertaining voyage throughout the realm of the tax-exempt organizations universe, pointing out its quirks, foibles, and legal liabilities along the way. His handbook will make mandatory--and arresting--reading for those who are already serving as trustees, directors, officers, and key employees of exempt organizations, particularly charitable ones. Siegel's goal, in which he succeeds, is to help directors and officers of nonprofit organizations 'make better decisions.' The book is full of large policy analyses and paragraphs on the details, such as board size, board committees, board meeting formats, the contents of minutes, and the duties of officers. Salted with some excellent real-life examples, what also sets this book apart from most in its genre is the tone: the writing style, the brusqueness, the bluntness. He complains that too many directors 'check their good judgment at the boardroom door.' He advises individuals who 'desire agreement and demand adulation' to stay off boards; he insists on 'commitment' and 'institutional tension' with the executive director. He warns prospective directors that some organizations want, in addition to time and judgment, 'either your money or your ability to raise money.' To my delight, he extols the virtues of 'some level of expenditures' for qualified lawyers and accountants. Please join me in adding this most helpful handbook to your nonprofit library. --Bruce R. Hopkins, Attorney at Law, author of *The Law of Tax-Exempt Organizations*, Eighth Edition and *Starting and Managing a Nonprofit Organization: A Legal Guide*, Fourth Edition

I won't bother talking about the benefits of certifications. This book tries to reinforce the knowledge that you have gained in your process of studying. It is meant as one of the end steps in your preparation for the PL-200 exam. This book is short, but It will give you a good gauge of your readiness. Learning can be seen in 4 stages: 1. Unconscious Incompetence 2. Conscious Incompetence 3. Conscious Competence 4. Unconscious Competence This book will assume the reader has already gone through the needed classes, labs, and practice. It is meant to take the reader from stage 2, Conscious Incompetence, to stage 3 Conscious Competence. At stage 3, you should be ready to take the exam. Only real-world scenarios and work experience will take you to stage 4, Unconscious Competence. I am not an author by trade. My goal is not to write the cleanest of a book. This book will get to the gist of things, no frills no thrills. The only purpose is to have the reader pass the PL-200 exam. Before we get started, we all have doubts when preparing to take an exam. What is your reason and purpose for taking this exam? Remember your reason and purpose when you have some doubts. Obstacle is the way. Control your mind, attitude, and you can control the situation.
