Windows?XP Gigabook For Dummies Peter Weverka,Mark L. Chambers,Greg Harvey,Woody Leonhard,Margaret Levine Young,Doug Lowe,2004-04-30 What's a Gigabook? A collection of just about everything you need to know on a topic, all in one convenient place! Windows XP Gigabook For Dummies takes the best from five other For Dummies books and squeezes out everything but the most important stuff. This single super-sized reference — more than 800 pages' worth — gives you a go-to guide on everything connected with Windows XP, PCs and peripherals, the Internet, Office 2003, and Money 2004. You might think of it as a “greatest hits” collection. Want to know how to set up, navigate, use, and maintain Windows XP? It's all in Book I. Book II covers the care and feeding of PCs in general and takes you on a complete tour of peripherals—those add-ons that make computing cool. Want to explore the world via the World Wide Web? Check Book III. And if you finally have to do some work, check into Book IV, where you'll get the complete story on Office 2003 and Money 2004. You'll discover how to: Customize Windows XP, set up user accounts, and share files Work with digital photos, Windows Media Player, and Windows Movie Maker Choose a printer, scanner, game hardware, and additional storage Set up a wireless home network Get online safely, protect your kids, create your own Web pages, and cruise for bargains on eBay Use Word, Outlook, Excel, and PowerPoint Manage your finances with Microsoft Money Windows XP Gigabook For Dummies is packed with information that's easy to find and even easier to understand. Keep it handy for reference—you'll be gigapleased with how useful it is!

Fundamentals of Computers J.B. dixit,2010

Windows 8.1 in easy steps Nick Vandome,2013-10-31 Windows 8 was a revolutionary update of the popular operating system from Microsoft. With a brand new interface, new ways of getting around and accessing items and new possibilities for mobile devices, Windows 8 took the computing experience to the next level. However, there were still a few areas for improvement and these have been addressed with Window 8.1. Windows 8.1 in easy steps shows you how to get up to speed with this latest version of Windows and begins by detailing how to get to grips with the Windows 8.1 interface. It deals with the basics such as accessing items, personalizing your screen and using additional controls that are available from the sides of the screen. The books includes the new features that have been added since Windows 8: the return of the Start button; options for booting up to the Desktop; viewing up to four apps on screen at the same time; an enhanced SkyDrive feature for online storage and sharing; and a unified search facility that enables you to search over your computer and the Web. A lot of the functionality of Windows 8.1 is aimed at touchscreen devices, whether they are desktop computers, laptops or tablets. This is dealt with in terms of navigating around, as well as showing how everything can still be done with a traditional mouse and keyboard. Apps are at the heart of Windows 8.1 and the newly designed Windows Store has an app for almost everything you could want to do. The book shows how to access and download apps and then how to work with them, and organize them, when you have them. As well as the new features that are covered, all of the old favourites are looked at in detail, such as working with folders and files, accessing the Internet, using email, working with photos and video, networking with Windows and system security. Windows 8.1 will open your eyes to a new way of computing and Windows 8.1 in easy steps will help you see clearly so that you can quickly feel comfortable and confident with this exciting new operating system. Covers the 8.1 update released October 2013 and the Windows 8.1 Update 1 released April 2014.

Microsoft Windows Vista Simplified Paul McFedries,2007-01-03 An introduction to Windows Vista, this title covers the new features, including interface, a Media Player that plays video, DVD,

and music, and the new and improved Internet Explorer.
