📖 **Windows 7** William Stanek,2009-10-10 A guide to Windows 7 is organized by feature, furnishing details on all new features, tools, and enhancements, including the multimedia, security, search, and data organization capabilities, and offering helpful tips on system setup, upgrading, and troubleshooting.

📖 **Windows 98 for Busy People** Peter Weverka,Ron Mansfield,1997-09 Covers new features - Active Desktop, channels, backup, improved multimedia tools. Includes chapters on Explorer 4 and Outlook Express.

📖 **Ubuntu 9.10 Desktop Guide** Fultus,Ubuntu Documentation Project,2009-11 The official Ubuntu 9.10 Desktop Guide contains information on how to using Ubuntu in a desktop environment.

📖 **Mac OS X Leopard** Mike Lee,Scott Meyers,2008-05-14 Mac OS X Leopard: Beyond the Manual is written for the sophisticated computer user who would find an introductory manual tedious. Features new to Leopard are emphasized, as are complex features that, though available in earlier versions of OS X, were not readily accessible. The narrative is fast-paced, concise, and respectful of the reader's familiarity with earlier versions of the program.

📖 **UbiComp 2007: Ubiquitous Computing** John Krumm,Gregory D. Abowd,Aruna Seneviratne,Thomas Strang,2007-09-14 This book constitutes the refereed proceedings of the 9th International Conference on Ubiquitous Computing, UbiComp 2007. It covers all current issues in ubiquitous, pervasive and handheld computing systems and their applications, including tools and techniques for designing, implementing, and evaluating ubiquitous computing systems; mobile, wireless, and ad hoc networking infrastructures for ubiquitous computing; privacy, security, and trust in ubiquitous and pervasive systems.

📖 **Mac OS X Leopard: The Missing Manual** David Pogue,2007-12-07 With Leopard, Apple has unleashed the greatest version of Mac OS X yet, and David Pogue is back with another meticulous Missing Manual to cover the operating system with a wealth of detail. The new Mac OS X 10.5, better known as Leopard, is faster than its predecessors, but nothing's too fast for Pogue and this Missing Manual. It's just one of reasons this is the most popular computer book of all time. Mac OS X: The Missing Manual, Leopard Edition is the authoritative book for Mac users of all technical levels and experience. If you're new to the Mac, this book gives you a crystal-clear, jargon-free introduction to the Dock, the Mac OS X folder structure, and the Mail application. There are also mini-manuals on iLife applications such as iMovie, iDVD, and iPhoto, and a tutorial for Safari, Mac's web browser. This Missing Manual is amusing and fun to read, but Pogue doesn't take his subject lightly. Which new Leopard features work well and which do not? What should you look for? What should you avoid? Mac OS X: The Missing Manual, Leopard Edition offers an objective and straightforward instruction for using: Leopard's totally revamped Finder Spaces to group your windows and organize your Mac tasks Quick Look to view files before you open them The Time Machine, Leopard's new backup feature Spotlight to search for and find anything in your Mac front row, a new way to enjoy music, photos, and videos Enhanced Parental Controls that come with Leopard Quick tips for setting up and configuring your Mac to make it your own There's something new on practically every page of this new edition, and David Pogue brings his celebrated wit and expertise to every one of them. Mac's brought a new cat to town and Mac OS X: The Missing Manual, Leopard Edition is a great new way to tame it.

📖 **Mac OS X Leopard** David Pogue,2007 Demonstrates the operating system's basic features, including Internet access, file management, configuring the desktop, installing peripherals, and working with applications.

📖 **101 Tough Conversations to Have with Employees** Paul Falcone,2009-04-30 Inappropriate attire, lateness, sexually offensive behavior, not to mention productivity and communication issues--these are just a few of the uncomfortable topics bosses must sometimes discuss with their employees. With years of experience as the VP of employee relations at major entertainment companies, author Paul Falcone offers unique insight into the tools and skills required for managers to address some of the most common--as well as the most serious--employee problems they are likely to encounter. Falcone's book 101 Tough Conversations to Have with Employees equips managers to facilitate clear, direct interactions with their employees by offering realistic sample dialogues managers can use to sidestep potential awkwardness. Covering everything from substandard performance reviews to personal hygiene to termination meetings, this handy guide helps managers treat their people with dignity, focusing not just on what to say but also on how to say it. With a plethora of proven, realistic techniques, managers will learn how to protect themselves and their organizations--and get the very best from their people.

📖 **Windows 10 May 2019 Update: The Missing Manual** David Pogue,2019-05-10 The Windows 10 May 2019 Update adds a host of new and improved features to Microsoft's flagship operating system—and this jargon-free guide helps you get the most out of every component. This in-depth Missing Manual covers the entire system and introduces you to the latest features in the Windows Professional, Enterprise, Education, and Home editions. You'll learn how to take advantage of improvements to the Game Bar, Edge browser, Windows Online, smartphone features, and a lot more. Written by David Pogue—tech critic for Yahoo Finance and former columnist for The New York Times—this updated edition illuminates its subject with technical insight, plenty of wit, and hardnosed objectivity.

📖 **Computing Fundamentals** Faithe Wempen,2014-11-26 The absolute beginner's guide to learning basic computer skills Computing Fundamentals, Introduction to Computers gets you up to speed on basic computing skills, showing you everything you need to know to conquer entry-level computing courses. Written by a Microsoft Office Master Instructor, this useful guide walks you step-by-step through the most important concepts and skills you need to be proficient on the computer, using nontechnical, easy-to-understand language. You'll start at the very beginning, getting acquainted with the actual, physical machine, then progress through the most common software at your own pace. You'll learn how to navigate Windows 8.1, how to access and get around on the Internet, and how to stay connected with email. Clear instruction guides you through Microsoft Office 2013, helping you create documents in Word, spreadsheets in Excel, and presentations in PowerPoint. You'll even learn how to keep your information secure with special guidance on security and privacy. Maybe you're preparing for a compulsory computing course, brushing up for a new job, or just curious about how a computer can make your life easier. If you're an absolute beginner, this is your complete guide to learning the essential skills you need: Understand the basics of how your computer works Learn your way around Windows 8.1 Create documents, spreadsheets, and presentations Send email, surf the Web, and keep your data secure With clear explanations and step-by-step instruction, Computing Fundamentals, Introduction to Computers will have you up and running in no time.

📖 **Beginning Windows 10** Mike Halsey,2015-10-13 Beginning Windows 10 takes you through the new features of this amazing new operating system, revealing some of its surprising capabilities, and helping you customize it to suit you. Whether you are new to Windows, or you want to get up to speed with the latest features and changes, this book has everything you need to get started. Author Mike Halsey shows you how to create an environment for school, work, and play that puts the important things at your fingertips, while combining them in ways you never thought possible. Learn how to carry your personalized Windows experience with you as part of your Microsoft account instead of having it tied to one device, while also keeping everything safe, secure and backed up, so you can enjoy peace of mind with your new PC. With the right start, your PC can become a tool that works for you, not against you, and leaves more of your time and energy free for the things that matter to you. Beginning Windows 10 shows you how. What You'll Learn About the ins and outs of the Windows 10 interface and its new features How to personalize your Windows experience to give trouble-free performance How to manage your Microsoft account across different devices and services in the home, at work, and on the move How to maximize your productivity with Windows 10 How to secure and configure Windows 10 to guarantee a safe and secure experience How to use, hack and manipulate Windows to enable advanced customization Who This Book Is For Beginning Windows 10 is for people new to Windows or who want to get up to speed with the latest version. This book also can help people who already know how to perform routine tasks learn how to get more out of Windows, their computer and their time. Whether you want to get up and running with Windows 10, or want to go to the next level and learn useful ways to minimize problems, maximize performance, and optimize your overall Windows experience, this book is for you.

📖 **Take Control of Sonoma** Joe Kissell,2024-03-20 Meet the latest version of macOS Version 1.2, released March 20, 2024 macOS 14 Sonoma makes your Mac more secure and easier to use, with a wide array of new and improved features. Learn how to upgrade your Mac from an earlier version of macOS, find your way around Sonoma, use new features, and discover extensive changes to built-in apps such as Safari and Messages. Sonoma is Apple's latest effort to make Macs even more powerful and easier to use, and Joe Kissell is back with a complete guide to the upgrade process, as well as an in-depth look at what's new. People participating in video calls or sharing their screens via FaceTime, Zoom, and similar apps have some helpful new tools at their disposal. Widgets can now live on your desktop. Messages adds usability features, Safari offers greater privacy and flexibility, and Notes includes hyperlinks and better PDF support. Take Control of Sonoma walks you through all these changes and many more. This book teaches you things like: • How to tell whether your Mac is compatible with Sonoma • Steps you should take before upgrading • How to perform an in-place upgrade—or do a clean install and migrate your old data from a backup • What's new in the System Settings app • Using new Safari 17 features, such as profiles that separate your Safari data into multiple contexts, turning any website into a standalone app, sharing passwords and passkeys securely, and browsing the web with greater privacy • How to put widgets on your desktop • Navigating long, multi-person Messages conversations more easily, using filters to narrow down searches, sharing your location (or requesting someone else's) within Messages, and more easily working with stickers • Creating categories in Reminders to organize your lists, and getting alerts before a scheduled task is supposed to occur • Viewing complete PDFs within Notes and easily creating link that take you from one note to another • Improving your privacy and security by securely sharing passwords and passkeys and using information from your keychain in apps besides Safari • Small but interesting changes throughout macOS, such as accessibility improvements, a less-annoying autocorrect feature (plus inline typing predictions), AutoFill for PDFs, and new capabilities for AirPods, dictation, screen savers, wallpaper, your lock screen, and screen sharing (among other features) • Improvements to bundled apps, including FaceTime, Find My, Home, Mail, Music, Photos, and Siri

📖 **Your Lifestyle Guide to Digital Photography** Jamison Grall,2004-04 Explains the basics of digital cameras, the principles of digital photography, how to organize and manage images, editing images, printing pictures, and creating slideshows, calendars, and greeting cards.
