Global Trends 2040 National Intelligence Council, 2021-03 The ongoing COVID-19 pandemic marks the most significant, singular global disruption since World War II, with health, economic, political, and security implications that will ripple for years to come. -Global Trends 2040 (2021) Global Trends 2040-A More Contested World (2021), released by the US National Intelligence Council, is the latest report in its series of reports starting in 1997 about megatrends and the world's future. This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow's world: - Demographics-by 2040, 1.4 billion people will be added mostly in Africa and South Asia. - Economics-increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-a hotter world will increase water, food, and health insecurity. - Technology-the emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers, entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading.

**Indistractable** Nir Eyal, 2019-09-10 Indistractable provides a framework that will deliver the focus you need to get results. —James Clear, author of Atomic Habits If you value your time, your focus, or your relationships, this book is essential reading. I'm putting these ideas into practice. —Jonathan Haidt, author of The Righteous Mind National Bestseller Winner of the Outstanding Works of Literature (OWL) Award Included in the Top 5 Best Personal Development Books of the Year by Audible Included in the Top 20 Best Business and Leadership Books of the Year by Amazon Featured in The Amazon Book Review Newsletter, January 2020 Goodreads Best Science & Technology of 2019 Finalist You sit down at your desk to work on an important project, but a notification on your phone interrupts your morning. Later, as you're about to get back to work, a colleague taps you on the shoulder to chat. At home, screens get in the way of quality time with your family. Another day goes by, and once again, your most important personal and professional goals are put on hold. What would be possible if you followed through on your best intentions? What could you accomplish if you could stay focused? What if you had the power to become indistractable? International bestselling author, former Stanford lecturer, and behavioral design expert, Nir Eyal, wrote Silicon Valley's handbook for making technology habit-forming. Five years after publishing Hooked, Eyal reveals distraction's Achilles' heel in his groundbreaking new book. In Indistractable, Eyal reveals the hidden psychology driving us to distraction. He describes why solving the problem is not as simple as swearing off our devices: Abstinence is impractical and often makes us want more. Eyal lays bare the secret of finally doing what you say you will do with a four-step, research-backed model. Indistractable reveals the key to getting the best out of technology, without letting it get the best of us. Inside, Eyal overturns conventional wisdom and reveals: • Why distraction at work is a symptom of a dysfunctional company culture—and how to fix it • What really drives human behavior and why time management is pain management • Why your relationships (and your sex life) depend on you becoming indistractable • How to raise indistractable children in an increasingly distracting world Empowering and optimistic, Indistractable provides practical, novel techniques to control your time and attention—helping you live the life you really want.

Rules We're Meant to Break Natalie Williamson, 2019-06-11 Honest and full of heart, this clever contemporary romance debut deftly combines utterly relatable family drama with all the sweetness and uncertainty that comes with falling in love. Rule #1: Don't get attached. Amber lives by strict rules to survive her mother's love life: Always keep your eyes on the horizon and never get close to anyone connected to Mom's boyfriends. But after they move in with Kevin, the latest of her mom's "soul mates," the rules become increasingly difficult to follow. Kevin's daughter, Cammie, keeps acting like Amber's friend, even though she's definitely not. And Jordan—star basketball player, hottest boy in school, and Cammie's best friend—keeps showing up at the most inconvenient moments. Amber has reasons for every one of her rules, and following them is the only way to protect her heart when her mom inevitably moves on. But as she spends more time with Kevin, his daughter, and especially Jordan, she starts to wonder if the rules might be worth breaking this time. Chosen by readers like you for Macmillan's young adult imprint Swoon Reads, Rules We're Meant to Break is a charming, heartachingly real story of family and young love by debut author Natalie Williamson.
