Doctor Faustus Thomas Mann, 1999-07-27 John E. Woods is revising our impression of Thomas Mann, masterpiece by masterpiece. —The New Yorker Doctor Faustus is Mann's deepest artistic gesture. . . . Finely translated by John E. Woods. —The New Republic Thomas Mann's last great novel, first published in 1947 and now newly rendered into English by acclaimed translator John E. Woods, is a modern reworking of the Faust legend, in which Germany sells its soul to the Devil. Mann's

protagonist, the composer Adrian Leverkühn, is the flower of German culture, a brilliant, isolated, overreaching figure, his radical new music a breakneck game played by art at the very edge of impossibility. In return for twenty-four years of unparalleled musical accomplishment, he bargains away his soul—and the ability to love his fellow man. Leverkühn's life story is a brilliant allegory of the rise of the Third Reich, of Germany's renunciation of its own humanity and its embrace of ambition and nihilism. It is also Mann's most profound meditation on the German genius—both national and individual—and the terrible responsibilities of the truly great artist.

Home Remedies from a Country Doctor Jay

Heinrichs, Dorothy Behlen Heinrichs, 2011-02-28
Offers simple and effective healing techniques from New England country doctors, with natural remedies for aches, pains, infections, allergies, and other common problems.

The Modern Horse Doctor George H. Dadd,1854

The Dare and the Doctor Kate Noble,2016-11-22

With writing that is “nothing less than brilliant” (Booklist) comes the third in the witty, sexy Winner Takes All series from Kate Noble! Dr. Rhys Gray and Miss Margaret Babcock are friends—strictly friends. But over the course of the year, as they exchange dozens of letters, they share personal details that put them on the path to something more. When Dr. Gray helps Margaret realize her dearest dream and she comes to his defense in the uproar that follows, it seems that their connection cannot be denied. But will their relationship stand the scruples of society and jealous intendeds, or are they destined to be only friends, and nothing more? The perfect novel for fans of Regency Era romance, *The Dare* and the Doctor is a clever and passionate love story worth sharing.

The young doctor, by the author of 'Lady Granard's nieces'. Jane Vaughan Pinkney, 1851

Huguenot Church in Charleston, The Margaret Middleton Rivers Eastman, Richard Donohoe & Maurice Eugenie Horne Thompson, with Robert P. Stockton, 2018 Discover the history and heritage of the last Huguenot Church in America and national landmark located in Charleston, South Carolina. The Huguenot heritage in the United States cannot be overstated. In the latter part of the sixteenth century, France was plunged into a series of religious wars. In 1589, Henry of Navarre became Henry IV of France, but peace was not achieved until he issued the Edict of Nantes in 1598, which recognized the Huguenots' right to worship in the towns they controlled. While Henry IV lived, the financial and military security of the country was

ensured. After his assassination in 1610, it ceased. Religious persecution resumed, and in 1685, Louis XIV revoked the Edict of Nantes, and many French Protestants fled. Of the estimated 180,000 Huguenot refugees, approximately 3,000 crossed the Atlantic. This book is about their descendants and their influence on the development of the American republic and the rights enshrined in the U.S. Constitution. The Huguenot Church in Charleston, a national landmark, is the last Huguenot church in America.

Indecent Secrets Christina Vella, 2006-01-20 On a hot summer day in Italy in 1902, the brutally stabbed body of Count Francesco Bonmartini was discovered, by means of its decomposing stench, inside his locked apartment. He was a typical Italian provincial aristocrat in all but one way: he had married into a prominent but deeply troubled family. His father-in-law was one of the nation's most famous doctors. His wife, Linda, a young freethinker, was the apple of her father's eye. Linda's brother dabbled in anarchism. Linda's lover was her father's top assistant. Her relations with them were illicit, incestuous -- and murderous. The scandal that erupted was a top news story in Europe and America for three consecutive years. Investigators uncovered successive layers of a conspiracy that constantly twisted and changed its shape. The suspects included all these men as well as their servants and lovers. There was a diverse array of murder weapons, including knives, heavy pellets, and poison. There were rumors of missing accomplices. Intimate relations among many suspects were

uncovered through sensational letters and testimonials. Witnesses died mysteriously. A suspect tried to kill himself. One question lingered throughout and still haunts researchers today: what role did Bonmartini's widow, Linda, known as The Enchantress, play? Was she the spider at the center of the vast web, or did the plot originate with the key men who loved her so desperately? Scholar and writer Christina Vella combines meticulous research with a novelist's eye for a great story. As she unspools the tight, tense drama, she offers a fascinating picture of Italian society in the early 20th century, with a historian's insights into life at both the top and the bottom. From sexual dysfunctions, to prison conditions, to the patronage systems that permeated medicine, law, and politics, the Bonmartini murder provides a window into a rich world. The result is an unforgettable story and an invaluable introduction to an Italy that is still recognizable today.
