Creating Effective Conference Abstracts and Posters in Biomedicine Jane Fraser, Louise Fuller, Georgina Hutber, 2009 For most biomedical researchers and academics, preparing conference abstracts and posters is an important part of professional life. With good preparation and practice, all scientists can produce abstracts that act as effective ambassadors for their research. A well designed poster can help you to enhance your professional reputation in addition to communicating your data. This book aims to help you achieve these objectives. This book is designed for you to use when you are actually preparing a conference abstract or poster. It is intended to answer the most frequent questions, and to help you avoid the most common problems and pitfalls. Just dip into any chapter and you will find a range of tips relevant to the abstract or poster you are preparing right now. As a researcher and academic, you need to be able to disseminate and communicate your research work and findings. While many will view writing for peer-reviewed journals as the pinnacle of the academic communication hierarchy, being able to write and present conference abstracts and posters is also extremely important. Taking your work to conferences allows you to meet experts from all around the world, to exchange ideas in person and to network with potential employers and collaborators. 'This book is a gem of useful, practical tips covering the entire process - from reading the abstract submission guidelines, through to writing and laying out your poster and creating e-posters. If you are a novice this is the ideal book to guide you through every step. And, even if you consider yourself an expert, there is bound to be some useful information you can glean from the 500 or so tips. By reading this book, in sequence, or by dipping into relevant chapters, you will have all the necessary help with preparing abstracts and posters right at your fingertips' - Catherine Dunbar in her Foreword.

Retos de la educación bilingüe Richard Johnstone, Yen-Ling Teresa Ting, Raquel Cañadas Blanco, Borja Garrido Aguayo, Denise Beverley Heather, Claire Manners, Anna Amin, Alan Dobson, Maite Vega Manjón, Lia Limcaoco, Elena Del Pozo Mazano, Jesús Fidalgo Fernández, 2011 Desde 1996, los programas de enseñanza bilingüe con lenguas extranjeras están presentes en el panorama educativo español. En los últimos cinco años se ha producido una notable expansión de estos proyectos. Como toda novedad, esta situación plantea nuevos retos al profesorado y los centros: ¿Cómo plantear la transmisión de conocimientos en otras lenguas? ¿Cómo conseguir mantener los niveles de rendimiento con el aumento del esfuerzo requerido por parte del alumnado y profesorado? ¿Cómo encontrar materiales didácticos apropiados? ¿Cómo hacer frente a las necesidades lingüísticas y de contenido en cada área? ¿Cómo evaluar los contenidos a través de una segunda lengua? Esta publicación surge con la intención de ofrecer respuestas prácticas a estos cuestionamientos del profesorado. Se presentan propuestas generales de trabajo en el aula, propuestas más específicas de trabajo en distintas áreas curriculares, propuestas de evaluación y vías de trabajo para alumnado con dificultades de aprendizaje de naturaleza lingüística.

The Library Student Advisory Board Amy L. Deuink, Marianne Seiler, 2009-03-23 This is a practical guide written by two professionals with real-world experience establishing a library student advisory board. Penn State University’s Schuylkill campus library has such a board, operating beautifully. Different from traditional student advisory boards, the club at Penn State Schuylkill resembles a public library’s “friends” group. The activities of the club benefit not only the library and campus but the club members themselves. Just how much time, effort, and know-how is required to form a library student advisory board? Here is the answer. Useful advice is offered on how to get a club started, how to recruit new members and keep them active, the duties of the club advisor, basic “do’s and don’ts” of fundraising, and how to build a successful relationship between the club, the library director, and the library staff.
