The Wiz Biz Rick Cook, 2016-01-16 It all began when the wizards of the White League were under attack by their opponents of the Black League and one of their most powerful members cast a spell to bring forth a mighty wizard to aid their cause. What the spell delivered was master hacker Walter Wiz Zumwalt. The wizard who cast the spell was dead and nobody—*not* the elves, *not* the dwarves, *not* even the dragons—*could* figure out what the shanghaied computer nerd was good for. But spells are a lot like computer programs, and, in spite of the Wiz's unprepossessing appearance, he was going to defeat the all-powerful Black League, win the love of a beautiful red-haired witch, and prove that when it comes to spells and sorcery, nobody but nobody can beat a Silicon Valley computer geek! At the publisher's request, this title is sold without DRM (Digital Rights Management).

**Something Greedy This Way Comes** Elizabeth Marx, 2016-09-28 Locke embraces the magical legacy he wields, but it didn't help him save the girl he loved. Now he'll have to use everything he's learned since the Seer's death to safeguard Keleigh and find a magical object hidden and only whispered about for centuries. By the light of the next blue moon, the ShiningOnes plan to infiltrate this realm and retrieve the mighty relic. The Elders are prepared to sacrifice anyone to acquire it. The Sisters will manipulate anyone to safeguard it. While every other witch in the Order whispers and warns about the artifact's power, Locke and Keleigh follow clues from her mother's message, hoping to retrieve it. But if Locke and Keleigh don't locate the relic first, the battle brewing between sacred knowledge and modern communication will destroy everything—even their love. When fairy tales hold ancient secrets, many may have to be revealed because something greedy this way comes.

**Learning Curve** Terry McLaughlin, 2011-11-15 Lesson learned? High school history teacher Joe Wisniewski may be in a rut, but he dug it himself

and he's not planning on getting out anytime soon. The last thing he wants is to mentor a starry-eyed newcomer, so when he gets an unexpected assignment—Emily Sullivan, a student teacher with a steamroller smile and dynamite legs—he digs in deeper and ducks for cover. Emily has looked up to the legendary Wiz for along time. In her opinion, the man is coasting these days, and she's sure a little change in his routine is exactly what he needs. Besides this assignment is her chance to prove to her family—and herself—that she can stick to one project. The question is: Will Emily get Joe fired up or just plain fired?

Then Deb's prospective "investors" increase their threats to physical violence. Guarding Deb and her bakery gives Michael's life meaning. Long nights lead to growing attraction and affection for both. But Deb has misjudged men before—can she

trust Michael with her heart?

**Dragon Hearts** Cree Storm, 2017-07-01 Rene and his men are known as D.O.A., Dragons of Anarchy. They were created centuries ago, by the great Heck, to find and destroy serialists by any means necessary. Each member was gifted with a dragon that was connected to their soul. If one died, so did the other. The men didn't shift into the dragon, but they would call out and the maharishi would join them in the fight against evil. Not wanting their secret discovered, D.O.A. lived in a town called Drago, just outside Poconos Boulevard, and they hid behind their image as a bad ass motorcycle club Children were being murdered and Rene, otherwise known as Pit, along with his men were out to find out who was behind the copycat murders of a long time serial killer known as the Alphabet Killer. While questioning a victim's mother, Rene discovered his sentience, his mate. Now all he had to do was figure out how to tell the man he was not exactly human, and he better do it fast because his dragon heat was already kicking in. Bren was the local town veterinarian. He figured something was off about SI Rene Telkin. If not from the leather jacket with a large D.O.A. patch on the back, then maybe because he drove a navy Blue Harley Davidson CVO Street glider instead of a tan sedan. Bren was not the type to get mixed up with a biker club, even if the man was a cop. However, something kept drawing him to the sexy man and it seemed that nothing would break the bond they were forming. Not even when he

discovered the secret all D.O.A. agents held. A large dragon for a partner. Now Rene needs to do his best to claim his mate and also track down a serial killer, because on the last body was a note threatening the good doctor of Poconos Boulevard.
