How to Make Extra Money Christopher S. DIN, 2018-06-07 One of the keys to getting rich and creating wealth is to understand the different ways in which income can be generated. It's often said that the lower and middle-class work for money whilst the rich have money work for them. The key to wealth creation lies within this simple statement. Imagine, rather than you working for money that you instead made every dollar work for you 40hrs a week. Better still, imagine each and

every dollar working for you 24/7 i.e. 168hrs/week. Figuring out the best ways you can make money work for you is an important step on the road to wealth creation. One of the reasons people find it difficult to make the leap from earned income to more passive sources of income is that the entire education system is actually pretty much designed to teach us to do a job and hence rely largely on earned income. However, to become rich and create wealth you will be required to cross the chasm from relying on earned income only. If you search the internet for passive income, you may find a definition or two, but mostly, what you find are websites trying to sell you on the passive-income-flavor-of-the-day. It's frustrating, I know. I don't know about you, but before I jump into any opportunity or even before I take a trip, I like to do my research. That being said, there are a lot of good opportunities out there. But before you start spending money, This BOOK discuss what passive income is, what it isn't, and top 50 online passive income methods you can start creating to earn \$10000.
