The Roman Guide to Slave Management Jerry Toner,2014-09-04 A scholar explores the history of slavery in Ancient Rome using a fictional story as a backdrop. Marcus Sidonius Falx is an average Roman citizen. Born of a relatively well-off noble family, he lives on a palatial estate in Campania, dines with senators and generals, and, like all of his ancestors before him, owns countless slaves. Having spent most of his life managing his servants—many of them prisoners from Rome's military conquests—he decided to write a kind of owner's manual for his friends and countrymen. The result, *The Roman Guide to Slave Management*, is a sly, subversive guide to the realities of servitude in ancient Rome. Cambridge scholar Jerry Toner uses Falx, his fictional but true-to-life creation, to describe where and how to Romans bought slaves, how they could tell an obedient worker from a troublemaker, and even how the ruling class reacted to the inevitable slave revolts. Toner also adds commentary throughout, analyzing the callous words and casual brutality of Falx and his compatriots and putting it all in context for the modern reader. Written with a deep knowledge of ancient culture—and the depths of its cruelty—this is the Roman Empire as you've never seen it before. "By turns charming, haughty, and brutal . . . an

ingenious device.” –The New Yorker “[Toner’s] history and commentary provides context for the dirty institution upon which modern civilization is built.”

Covering political masterminds and military geniuses such as Alexander the Great and Genghis Khan, great kings and queens like Elizabeth I and Catherine the Great, icons of religion and rebellion from Mohammad to the Dalai Lama to Mahatma Ghandi, and captains of industry, *Leaders Who Changed History* explores and explains the world-changing actions of history's heroes and villains.

Visual Basic 6.0 Programming By Examples Sergey Skudaev, 2019-12-24 Visual Basic is one of the easiest to learn computer programming language. Yes, it is obsolete but all MS Office products include VBA (Visual Basic for Application) and if you learn VB you will know VBA! In my tutorial, I used VB 6 to explain step by step how to create a simple Visual Basic Application and a relatively complex one (a Patient Management system) that is using a

database. A patient Management application source code is explained in details. You will learn how to design and create a database in MS Access and how to create tables and queries. The book includes a sample application that shows how to use Windows API function. You will learn how to convert VB program that can be run only in Visual Basic development environment to a distributable application that can be installed on any client computer. For illustration, I included more than 100 screenshot images and links to a video. You will be able to download from my website complete source code for 7 Visual Basic projects including a Password Keeper, a Patient Management and a Billing Management application. Java 7 Recipes Josh Juneau,Mark Beaty,Carl Dea,Freddy Guime,John OConner,2012-03-20 Java 7 Recipes offers solutions to common programming problems encountered every day while developing Java-based applications. Fully updated with the newest features and techniques available, Java 7 Recipes provides code examples involving Servlets, Java FX 2.0, XML, Java Swing, and much more. Content is presented in the popular problem-solution format: Look up the programming problem that you want to solve. Read the solution. Apply the solution directly in your own code. Problem solved! The problem-solution approach sets Java 7 Recipes apart from other books on the topic. Java 7 Recipes is focused less on the language itself and more on what you can do with it that is useful. The book respects your time by always focusing on a task that you might want to perform using the language. Solutions come first. Explanations come later. You are free to crib from the book and apply the code examples directly to your own projects. Covers all-new release of Java: Java 7 Focuses especially on up-and-coming technologies such as Java FX 2.0 Respects your time by focusing on practical solutions you can implement in your own code

Love Virtually & Every Seventh Wave Daniel Glattauer,2018-07-12 Have you ever just clicked with someone? LOVE VIRTUALLY and its sequel EVERY SEVENTH WAVE - the most addictive love story of the internet age . . . Just what you need WENDY HOLDEN Is there a safer space for secret desires than virtual reality? .It begins by chance: Leo receives emails in error from an unknown woman called Emmi. Being polite he replies, and Emmi writes back. A few brief exchanges are all it takes to spark a mutual interest in each other, and soon Emmi and Leo are sharing their innermost secrets and longings. The erotic

tension simmers, and it seems only a matter of time before they will meet in person. But they keep putting off the moment - the prospect both unsettles and excites them. And, after all, Emmi is happily married. Will their feelings for each other survive the test of a real-life encounter? Translated from German by Jamie Bulloch and Katharina Bielenberg

Introduction to Computing and Programming in Python Plus My Programming Lab -- Access Card Package Mark J. Guzdial, Barbara Ericson, 2013-10-28

Introduction to Computing and Programming in Python, 3e, uses multimedia applications to motivate introductory computer science majors or non-majors. The book's hands-on approach shows how programs can be used to build multimedia computer science applications that include sound, graphics, music, pictures, and movies. The students learn a key set of computer science tools and topics, as well as programming skills; such as how to design and use algorithms, and practical software engineering methods. The book also includes optional coverage of HCI, as well as rudimentary data structures and databases using the user-friendly Python language for implementation. Authors Guzdial and Ericson also demonstrate how to communicate compatibly through networks and do concurrent programming. 0133591522 / 9780133591521

Cosmic Astrology Mantak Chia, William U. Wei, 2012-07-26 Combining Chinese Taoist astrology, Western zodiac astrology, and birth destiny cards to develop your innate talents and transform your negative traits • Includes charts to discover your Chinese animal year, your Western zodiac sun sign, your moon sign, and your birth destiny card as well as those of your friends, lovers, relatives, and colleagues • Provides insightful and accurate descriptions for each animal year, zodiac sun sign, and birth card as well as each year and sun sign combination and each sun and moon sign combination • Offers career suggestions based on your innate gifts and relationship advice on which animals, sign combos, and birth cards to seek out and which to avoid With your first breath of life, you take in the energy pattern radiated by the sun, moon, and stars at that moment in time and space. This internal energy pattern underlies your persona--your behavioral patterns, personality traits, and life's path. Understanding these underlying patterns enables you to balance and transform your negative traits and highlight and develop your innate talents. Blending Eastern and Western astrological methods, Master Mantak Chia and William Wei explain how to identify the five key patterns of your internal energy persona based on the year, month, and day of your birth. Including charts to discover your Chinese animal year, your Western zodiac sun sign, your moon sign, and your birth destiny card, they explore how each of these astrological profiles interact to build your unique persona and provide profoundly accurate descriptions for each year and sun sign combination, each sun and moon sign combination, and each birth card. Each description also includes career recommendations to best utilize your innate gifts and relationship advice on which animals, sign combinations, and birth cards to seek out and which to avoid. Not only useful for personal insight and self-development, this new astrological approach can also be used to understand the underlying energetic personality patterns of your lovers, friends, relatives, and colleagues.
