   Build for Tomorrow Jason Feifer,2022-09-06 "Build for Tomorrow will change the way you think so you can overcome any obstacle and reach your full potential."—Jim Kwik, New York Times bestselling author of Limitless The moments of greatest change can also be the moments of greatest opportunity. Adapt more quickly and use the power of change to your advantage with this

guide from the editor in chief of Entrepreneur magazine and host of the Build for Tomorrow podcast. We experience change in four phases. The first is panic. Then we adapt. Then we find a new normal. And then, finally, we reach the phase we could not have imagined in the beginning, the moment when we realize that we wouldn't go back. Build for Tomorrow is designed to accelerate that process—to help you lessen your panic, adapt faster, define the new normal, and thrive going forward. And it arrives as we all, in some way, have felt a shift in our lives. The pandemic forced a moment of collective change, and we are still being forced to make new plans and adjustments to our lives, families, and careers. Many of us will never go back, continuing to work from home, demanding higher wages, or starting new businesses. To help people along this journey, Entrepreneur magazine editor in chief Jason Feifer offers stories, lessons, and concrete exercises from the most potent sources of change in our world. He speaks to the world's most successful changemakers—from global celebrities like Dwayne "The Rock" Johnson and Maria Sharapova to innovative CEOs and Main Street heroes—to learn how they decide what to protect, what to discard, and how to move forward without fear. He also draws lessons from history, looking at how massive changes across time can help us better understand the opportunities of today. For example, he finds guidance for our post-pandemic realities inside the power shifts that occurred after the Bubonic Plague, and he reveals how the history of innovations like the elevator and even the teddy bear can teach anyone to be more forward-thinking. We cannot anticipate tomorrow's needs, but it shouldn't take a crisis to push us forward. This book will show you how to make change on your own terms.

The Slumber Party from Hell Sue Ellen Allen,2010-08 Early on the morning of December 12, 2002, I arrived at Perryville prison in a cold, white MCSO (Maricopa County Sheriff's Office) van with several other women. Besides my battle with breast cancer, I'd been up all night in the jail

in a freezing cold concrete holding cell, and I was tired, anxious, and numb. I had no idea what was in store for me. It turned out to be an unforgettable journey, one that filled me with fear, sorrow, and joy. I met people I never would have in my previous life and experienced things I would not have believed possible. Some were horrific, demeaning, and inhumane; some were wonderful. Gina was part of the wonderful."
