Perceptions of Female Offenders Brenda Russell,2012-12-09 Female offenders are often perceived as victims who commit crimes as a self-defense mechanism or as criminal deviants whose actions strayed from typical ‘womanly’ behavior. Such cultural norms for violence exist in our gendered society and there has been scholarly debate about how male and female offenders are perceived and how this perception leads to differential treatment in the criminal justice system. This debate is primarily based upon theories associated with stereotypes and social norms and how these prescriptive norms can influence both public and criminal justice response. Scholars in psychology, sociology, and criminology have found that female offenders are perceived differently than male offenders and this ultimately leads to differential treatment in the criminal justice system. This interdisciplinary book provides an evidence based approach of how female offenders are perceived in society and how this translates to differential treatment within the criminal justice system and explores the ramifications of such differences. Quite often perceptions of female offenders are at odds with research findings. This book will provide a comprehensive evidence-based review of the research that is valuable to laypersons, researchers, practitioners, advocates, treatment providers, lawyers, judges, and anyone interested in equality in the criminal justice system.

Mokole James Ray Comer,1999-11 Werewolf: The Apocalypse is about anger over the loss of what the shapeshifting Garou hold dearest: Gaia, the Earth itself. Corruption from without and within has caused the destruction not only of the Garou's environment, but also of their families, friends and culture, which extends in an unbroken line to the very dawn of life. No matter how righteously the Garou hold themselves, no matter how they prey on their destroyers, the corruption spreads. Now the time for reconciliation is past. This grave insult against Gaia can end in only one way: blood, betrayal... and rage. Details the werecrocodilians of the World of Darkness.

Children of Amarid David B Coe,2016-06-22 For a millenium, the Children of Amarid have served the people of Tobyn-Ser. Drawing upon the Mage-Craft, which flows from the psychic bond they forge with their avian familiars, the Mages of the Order have fulfilled their oaths by healing the injured and ill, repelling invasions by the land's enemies, and caring for the people in times of crisis. They are governed by laws handed down by Amarid, the first of their kind, who committed the Mage-Craft to the people's protection. Only once in a thousand years has a mage defied those laws. Theron, a contemporary of Amarid, sought to use his powers to gain wealth and glory. For that he was punished, though not before he brought down a terrible curse on his fellow mages and all who would come after them. Recently, dark rumors have spread across Tobyn-Ser. Children of Amarid have been seen destroying crops, vandalizing homes, massacring men, women, and children. Have the mages forsaken their oaths? Has Theron returned from beyond death to take his vengeance? Or does Tobyn-Ser face a new threat, one it is ill-prepared and ill-equipped to face? With the land in turmoil and faith in the Mage-Craft badly shaken, it falls to Jaryd, a young mage with extraordinary potential, but little knowledge of the power he wields, to find and destroy Tobyn-Ser's enemies before they destroy all he holds dear. CHILDREN OF AMARID is the first volume of the LonTobyn Chronicle, David B. Coe's Crawford Award-winning debut series. This is the Author's Edit of the original book.

Dead Man's Reach D. B. Jackson,2015-07-21 Let the battle for souls begin in Dead Man's Reach, the fourth, stand-alone novel in D.B. Jackson's acclaimed Thieftaker series. Boston, 1770: The city is a powder keg as tensions between would-be rebels and loyalist torries approach a breaking point and one man is willing to light the match that sets everything off to ensure that he has his revenge. The presence of the British Regulars has made thieftaking a hard business to be in and the jobs that are available are reserved for Sephira Pryce. Ethan Kaille has to resort to taking on jobs that he would otherwise pass up, namely protecting the shops of Torries from Patriot mobs. But, when one British loyalist takes things too far and accidentally kills a young boy, even Ethan reconsiders his line of work. Even more troubling is that instances of violence in the city are increasing, and Ethan often finds himself at the center of the trouble. Once Ethan realizes why he is at the center of all the violence, he finds out that some enemies don't stay buried and will stop at nothing to ruin Ethan's life. Even if that means costing the lives of everyone in Boston, including the people that Ethan loves most.

If the Universe Is Teeming with Aliens ... WHERE IS EVERYBODY? Stephen Webb,2002-10-04 In a 1950 conversation at Los Alamos, four world-class scientists generally agreed, given the size of the Universe, that advanced extraterrestrial civilizations must be present. But one of the four, Enrico Fermi, asked, If these civilizations do exist, where is everybody? Given the fact that there are perhaps 400 million stars in our Galaxy alone, and perhaps 400 million galaxies in the Universe, it stands to reason that somewhere out there, in the 14 billion-year-old cosmos, there is or once was a civilization at least as advanced as our own. Webb discusses in detail the 50 most cogent and intriguing solutions to Fermi's famous paradox.

Spell Blind David B. Coe,2014-12-16 Book #1 in The Case Files of Justis Fearsson, a new contemporary fantasy series from fantasy all-star David B. Coe. A hardboiled, magic-using private detective hunts a serial killer in Phoenix, Arizona. Justis Fearsson is a private investigator on the trail of a serial killer in Phoenix, Arizona. Justis is also a weremyste—a person with a wizard’s gifts and the ability to see into the paranormal world. Unfortunately, weremystes also tend to go crazy on the full moon—which is why Justis is no longer a cop. Hard to explain those absences as anything but mental breakdown. But now an old case from his police detective days has come back to haunt him, literally, as a serial killer known as the Blind Angel strikes again. His signature stroke: burning out the victims’ eyes with magic. Now the victims are piling up, including the daughter of a senator, and Justis must race to stop the Blind Angel before he, she, or it kills again. There’s only one clue he’s got to go on: the Blind Angel is using the most powerful magic Justis has ever encountered, and if he doesn’t watch his own magical step, he may end up just as dead as the other vics. At the publisher's request, this title is sold without DRM (Digital Rights Management). About David B. The Cactus Eaters Dan White,2009-10-13 “In the well-written, laugh-out-loud, self-deprecating spirit of Bill Bryson’s A Walk In the Woods and Nora Ephron’s When Harry Met Sally, Dan White takes us along for a walk on the wild side of adventure and love. I couldn’t put it down.” –Eric Blehm, National Outdoor Book Award-winning author of The Last Season When Dan White and his girlfriend Melissa set out to hike the Pacific Crest Trail, which stretches from Mexico to Canada through boiling desert and snowcapped mountain passes, his parents wondered how two people who had never shared an apartment could survive in a tent in the desert. But when Dan and Melissa, dubbed “The Lois and Clark Expedition” by a fellow hiker, quit their doldrum jobs to set out into the wilderness, the hardships of the trail provided these addled adventurers with a crystalline view of the American wilderness, themselves, and each other. In his wickedly funny memoir, Dan White also shares the story of Warren Rogers, who risked ruin to chart the trail during the Great Depression. As he walks in Rogers’ footsteps, he starts to wonder if he’s assumed the man’s bravery—or his insanity. Both hilarious and harrowing, this account of a young couple's hike along the 2,650-mile Pacific Crest Trail is a testament to the power of nature to change us and the power of love to get us through the uphill climbs.
