Cowboy Necromancer Harmon Cooper,2021-02-11 Sterling Monedero is not your typical necromancer. Even with the game system and mancer class forced onto him by the alien monoliths known as Godwalkers, Sterling just wants to farm his peppers in peace and live out the rest of his troubled existence in quiet. He did that whole 'trying to get revenge on the Godwalkers' thing five years ago, and failed miserably. But when the Godwalkers show back up for their own bit of revenge - and Killbilly bandits appear trying to impose a pepper tax - the tough-as-bones loner decides enough is enough. It's time to reassemble the team, kick some much needed ass, and put an end to the alien threat once and for all. Or die trying. Set in a richly imagined post-apocalyptic New Mexico, this gritty LitRPG western features superpowered mancans, terrifying animal-skeletal hybrids, an intricate game system, and a big dose of Southwestern mysticism. Inspired by The Dark Tower, Old Man Logan, and Red Dead Redemption, best-selling author Harmon Cooper takes you on a high-octane thrill ride through desolate landscapes and dystopian urban decay, on an adventure that doesn't know how to back down from a challenge.

Harvesting Lisa Harding,2018-09 Winner of the Kate O'Brien Award 2018. Shortlisted for the Kerry Group Irish Novel of the Year 2018. Shortlisted for Newcomer of the Year at the Bord Gáis Energy Irish Book Awards. Sammy is a spiky, quick-witted and sharp teenager living in Dublin; Nico is a warm and conscientious girl from Moldova. When they are thrown together in a Dublin brothel in a horrific twist of fate, a peculiar and important bond is formed . . . This is a novel about a flourishing but hidden world, thinly concealed beneath a veneer of normality. It's about the failings of polite society, the cruelty that can exist in apparently homely surroundings, the bluster of youth and the often appalling weakness of adults. Harvesting is heartbreaking and funny, gritty, raw and breathtakingly beautiful, where redemption is found in friendship and unexpected acts of kindness.

Forgetting My Way Back to You Karina Bartow,101-01-01 At one point or another, everybody finds themselves wanting a second chance, whether it be missing the mark on an investment, failing to live up to a certain goal, or letting a true love slip away. After a decade-long estrangement, the high school sweethearts reconnect when Hunter, fresh off a career in arena football, returns to his hometown. Their reunion catches both of them by surprise, and they quickly recapture the love they once shared. When Hunter begins to rethink his choices, though, tragedy strikes. When she awakens with no clue who he is, he seizes the chance to right his wrongs, but it proves more challenging than he expects. On top of romancing her, he must overcome her father's displeasure, another ex-boyfriend vying for her love, and her own mission to regain her memory. Through charm and deception, can he win back her love...before she discovers the truth?

German Army Uniforms of World War II Stephen Bull,2021-02-04 In the years after World War I, the defeated and much-reduced German Army developed new clothing and personal equipment that drew upon the lessons learned in the trenches. In place of the wide variety of uniforms and insignia that had been worn by the Imperial German Army, a standardized approach was followed, culminating in the uniform items introduced in the 1930s as the Nazi Party came to shape every aspect of German national life. The outbreak of war in 1939 prompted further adaptations and simplifications of uniforms and insignia, while the increasing use of camouflaged items and the accelerated pace of weapons development led to the appearance of new clothing and personal equipment. Medals and awards increased in number as the war went on, with grades being added for existing awards and new decorations introduced to reflect battlefield feats. Specialists such as mountain troops, tank crews and combat engineers were issued distinctive uniform items and kit, while the ever-expanding variety of fronts on which the German Army fought - from the North African desert to the Russian steppe - prompted the rapid development of clothing and equipment for different climates and conditions. In addition, severe shortages of raw materials and the demands of clothing and equipping an army that numbered in the millions forced the

simplification of many items and the increasing use of substitute materials in their manufacture. In this fully illustrated book noted authority Dr Stephen Bull examines the German Army's wide range of uniforms, personal equipment, weapons, medals and awards, and offers a comprehensive guide to the transformation that the German Army soldier underwent in the period from September 1939 to May 1945.

The Clay Girl Tucker, Heather, 2016-10-11 A stunning and lyrical debut novel Vincent Appleton smiles at his daughters, raises a gun, and blows off his head. For the Appleton sisters, life had unravelled many times before. This time it explodes. Eight-year-old Hariet, known to all as Ari, is dispatched to Cape Breton and her Aunt Mary, who is purported to eat little girls. But Mary and her partner, Nia, offer an unexpected refuge to Ari and her steadfast companion, Jasper, an imaginary seahorse. Yet the respite does not last, and Ari is torn from her aunts and forced back to her twisted mother and fractured sisters. Her new stepfather, Len, and his family offer hope, but as Ari grows to adore them, she's severed violently from them too, when her mother moves in with the brutal Dick Irwin. Through the sexual revolution and drug culture of the 1960s, Ari struggles with her father's legacy and her mother's addictions, testing limits with substances that numb and men who show her kindness. Ari spins through a chaotic decade of loss and love, the devilish and divine, with wit, tenacity, and the astonishing balance unique to seahorses. The Clay Girl is a beautiful tour de force about a child sculpted by kindness, cruelty, and the extraordinary power of imagination, and her families „ the one she's born in to and the one she creates.

Start with Why Simon Sinek, 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

A Single Light Tosca Lee, 2020-08-18 In this gripping, high-octane sequel to The Line Between, which New York Times bestselling author Alex Kava calls “everything you want in a thriller,” cult escapee Wynter Roth and ex-soldier Chase Miller emerge from their bunker to find a country ravaged by disease. Six months after vanishing into an underground silo with sixty-one others, Wynter and Chase emerge to an altered world. There is no sign of Noah and the rest of the group that was supposed to greet them when they surfaced—the same people Wynter was counting on to help her locate the antibiotics her gravely ill friend, Julie, needs. the clock ticks down on Julie’s life, Wynter and Chase embark on a desperate search for medicine and answers. But what they find is not a nation on the cusp of recovery but one decimated by disease. What happened while they were underground? With food and water in limited supply and their own survival in question, Chase and Wynter must venture further and further from the silo. They come face-to-face with a radically changed society, where communities scabble to survive under rogue leaders and cities are war zones. As hope fades by the hour and Wynter learns the terrible truth of the last six months, she is called upon again to help save a nation she no longer recognizes—a place so chaotic she’s no longer sure it can even survive.
