The American Directory of Writer's Guidelines Stephen Blake Mettee,Michelle Doland,Doris Hall,2005-12 Perhaps the best-kept secret in the publishing industry is that many publishers--both periodical publishers and book publishers--make available writer's guidelines to assist would-be contributors. Written by the staff at each publishing house, these guidelines help writers target their submissions to the exact needs of the individual publisher. The American Directory of Writer's

Guidelines is a compilation of the actual writer's guidelines for more than 1,600 publishers. A one-of-a-kind source to browse for article, short story, poetry and book ideas.

The Koehler Method of Dog Training William R. Koehler, 2016-04-09 When the complexities of modern living demanded that, for his own protection as well as his master's convenience, the dog be made controllable, the average owner sought advice from the most available source, which was, too often, some local dog-show exhibitor. Not realizing that, excepting a few praiseworthy individuals, these exhibitors were only superficially concerned with the qualities of use and companionship, an unfortunate dog owner would accept the sight of trophies or ribbons as the credits of an expert. Growing numbers of people and dogs continued to emphasize the advantages of proper dog-behavior and when, in 1935, The American Kennel Club instituted its obedience trials, the competition necessary to focus attention on results and improvement of methods was provided. And something else was observed. It was evident that thorough obedience training does more than assure a dog's response to his master's command; capacities for learning and emotional stability could be increased and integrated as permanent qualities of character. Recently, leading magazines of both general and specialized nature have made the public aware of the trained dog's potential, and of the recreational possibilities of dog training as a hobby. Interest in dog-training classes and other activities where dogs are dignified by usefulness, rather than merely looked at, is evidence that the dog-training public has outgrown the "make a game" and "tid-bit tossing" techniques that, by not being founded on positive and proper motivations, demonstrate the inadequacy of the master, thus promoting failure of response at those times when control is most needed, as well as contributing to the dog's feeling of insecurity. Dog owners of perspective have come to want the type of obedience upon

which a blind person might stake his life, and the emotional stability that is vital to dogs in the presence of small, unpredictable children. This classic includes the following chapters: Introduction Lesson I. Fables and Foibles Lesson II. Correct Equipment Lesson III. The Foundation Lesson IV. Heeling Lesson V. Sitting Lesson VI. The Automatic Sit Lesson VII. The Sit-Stay Lesson VIII. The Down Lesson IX. Down-Stay Lesson X. Stand-For-Examination Lesson XI. Recall Lesson XII. Finish Lesson XIII. Polishing Lesson XIV. The Throw-Chain Lesson XV. The Light Line Lesson XVI. Don't Lose It—Use It Problems

The Fast-track Course on how to Write a Nonfiction Book Proposal Stephen Blake Mettee, 2002 The hard, cold fact about getting a book published is that without something close to divine intervention an author is going to have to write a sales piece, called a book proposal, that will attract the attention of an editor or an agent. In fact, at most publishers, this sales piece is going to have to hold up under the scrutiny of a committee made up of a bevy of editors and a pod of sales and marketing people. With *The Fast-Track Course on How to Write a Nonfiction Book Proposal*, Mettee, a seasoned book editor and publisher, cuts to the chase and provides simple, detailed instruction that allows anyone to write a professional book proposal and hear an editor say Yes! According to Mettee, the first rule is: Do no harm. Too many authors don't pay enough attention to the small things like spelling and grammar and manuscript format that are needed to make their book proposals appear professional. They may have a great idea for a book and be eminently qualified to write it but they schmuck it up with slovenly disregard for the easy stuff. The last rule is: Be persistent. If you quit after your first rejection slip or after the thirteenth or the thirtieth, you'll

never get published. Many books that are rejected scores of times go on to be best-sellers. You're not defeated until you give up.

The Other End of the Leash Patricia McConnell, Ph.D.,2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.
