Global Bollywood Sangita Gopal, Sujata Moorti, 2008 Bollywood movies and their signature song-and-dance spectacles are an aesthetic familiar to people around the world, and Bollywood music now provides the rhythm for ads marketing goods such as computers and a beat for remixes and underground bands. These musical numbers have inspired scenes in Western films such as *Vanity Fair* and *Moulin Rouge*. *Global Bollywood* shows how this currency in popular culture and among diasporic communities marks only the latest phase of the genre's world travels. This interdisciplinary collection describes the many roots and routes of the Bollywood song-and-dance spectacle. Examining the reception of Bollywood music in places as diverse as Indonesia and Israel, the essays offer a stimulating redefinition of globalization, highlighting the cultural influence of Hindi film music from its origins early in the twentieth century to today. Bollywood's New Woman Megha Anwer, Anupama Arora, 2021-06-18 *Bollywood's New Woman* examines Bollywood's construction and presentation of the Indian Woman since the 1990s. The groundbreaking collection illuminates the contexts and contours of this contemporary figure that has been identified in sociological and historical discourses as the "New Woman." On the one hand, this figure is a variant of the fin de siècle phenomenon of the "New Woman" in the United Kingdom and the United States. In the Indian context, the New Woman is a distinct articulation resulting from the nation's tryst with neoliberal reform, consolidation of the middle class, and the ascendancy of aggressive

Hindu Right politics.

100 Bollywood Films Rachel Dwyer, 2019-07-25 Bollywood film is the national cinema of India, describing movies made in Mumbai, distributed nationally across India and with their own production, distribution and exhibition networks worldwide. This informative screen guide reflects the work of key directors, major stars and important music directors and screenplay writers. Historically important films have been included along with certain cult movies and top box office successes. No guide to Hindi film would be complete without discussing: Mother India, the national epic of a peasant woman's struggle against nature and society to bring up her family; Sholay, a 'curry western' where the all-star cast sing and dance, romance and kill; Dilwale Dulhania le jayenge, the greatest of the diaspora films, in which two British Asians fall in love on a holiday in Europe before going to India where they show their elders how to incorporate love into family traditions; Junglee, showing how love transforms a 'savage' (junglee) who yells 'Yahoo!' before singing and dancing like Elvis, creating a new youth culture; Pyaasa, dramatically shot in black and white film with haunting songs as the romantic poet suffers for his art in the material world; Fans of Bollywood film can debate Rachel Dwyer's personal selection of these 101 titles while those new to the area will find this an invaluable introduction to the best of the genre.

Understanding Bollywood Ulka Anjaria, 2021-03-04 This book offers an

introduction to popular Hindi cinema, a genre that has a massive fan base but is often misunderstood by critics, and provides insight on topics of political and social significance. Arguing that Bollywood films are not realist representations of society or expressions of conservative ideology but mediated texts that need to be read for their formulaic and melodramatic qualities and for their pleasurable features like bright costumes, catchy music, and sophisticated choreography, the book interprets Bollywood films as complex considerations on the state of the nation that push the boundaries of normative gender and sexuality. The book provides a careful account of Bollywood's constitutive components: its moral structure, its different forms of love, its use of song and dance, its visual style, and its embrace of cinephilia. Arguing that these five elements form the core of Bollywood cinema, the book investigates a range of films from 1947 to the present in order to show how films use and innovate formulaic structures to tell a wide range of stories that reflect changing times. The book ends with some considerations on recent changes in Bollywood cinema, suggesting that despite globalization the future of Bollywood remains promising. By presenting Bollywood cinema through an interdisciplinary lens, the book reaches beyond film studies departments and will be useful for those teaching and studying Bollywood in English, sociology, anthropology, Asian studies, and cultural studies classes.

Reflections on Myanmar Reshmi Banerjee, 2023-02-17 Myanmar is known for its engaging history, rich cultural heritage, and diverse ethnic communities. Its tumultuous political past has been discussed by academics and policy makers for decades; however, the land of the Shwedagon cannot only be defined by conflict and contestation. Myanmar is complex and multi-layered with innumerable issues shaping its identity and manifold interpretations creating its distinctiveness. A deeper comprehension of its past glory with thoughtful deliberation on its socio-economic challenges helps to understand the country better. This book fills this gap by focusing on four broad themes—reminiscence, restoration, re-evaluation, and resurrection. It studies interconnected issues ranging from nostalgia and belonging to Myanmar's contribution to art and heritage (through its museums, cinema, folk traditions); from the problems of landlessness, resource dispossession, and climate change to the experience of marginalized groups. The author weaves these themes into a common narrative of discovering Myanmar through a holistic lens. The book aims to explore the country through its history, culture, communities, and challenges. A unique contribution, the book highlights the myriad facets of Myanmar by contemplating on its inherent strengths and visible weaknesses. It would be indispensable for scholars and researchers of Southeast Asian studies, Asian studies, area studies, Myanmar studies, political studies, cultural studies, and sociology.

Humour and the Performance of Power in South Asia Sasanka Perera, Dev Nath Pathak, 2022-01-25 This book critically examines the role and politics of humour and the performance of power in South Asia. What does humour do and

how does it manifest when lived political circumstances experience ruptures or instability? Can humour that emerges in such circumstances be viewed as a specific narrative on the nature of democracy in the region? Drawing upon essays from India, Sri Lanka and Bangladesh, this volume discusses many crucial historical and contemporary themes, including dance-drama performances in northern India; caste and stand-up comedy in India; cartoon narratives of citizens' anxieties; civic participation through social media memes in Sri Lanka; media, politics and humorous public in Bangladesh; the politics of performance in India; and the influence of humour and satire as political commentaries. The volume explores the impact of humour in South Asian folklore, ritual performances, media and journalism, and online technologies. This topical and interdisciplinary book will be essential for scholars and researchers of cultural studies, political science, sociology and social anthropology, media and communication studies, theatre and performance studies, and South Asian studies.

First Day First Show Anupama Chopra, 2011 For more than a hundred years now, Indians have watched movies made in the subcontinent, sung the songs and gossiped about the stars. Bollywood has been a pion, a popular tradition and a shared national conversation. In recent decades, as India has experienced economic and social change, both the film industry and the entertainment it produces have transformed themselves as well. *First Day First Show* is Anupama Chopra's guide to this dazzling world of lights, cameras and stars but also to its shadowing darkness. She takes us into the lives of the stars and into the struggles of those who never make it to centre stage; she lets us participate in the making of legendary hits like *Sholay* and *Dilwale Dulhania Le Jayenge* and also the hard-won successes of independent film-makers; she shows us the glamour as well as the murky links with the underworld. There is also the odd story of the royal bodyguard of Bhutan who became a scriptwriter; of the embarrassed Pakistani soldiers at Wagah border who did not allow their favourite Indian superstars to shoot.

Conjugations Sangita Gopal, 2012-01-26 Bollywood movies have been long known for their colorful song-and-dance numbers and knack for combining drama, comedy, action-adventure, and music. But when India entered the global marketplace in the early 1990s, its film industry transformed radically. Production and distribution of films became regulated, advertising and marketing created a largely middle-class audience, and films began to fit into genres like science fiction and horror. In this bold study of what she names New Bollywood, Sangita Gopal contends that the key to understanding these changes is to analyze films' evolving treatment of romantic relationships. Gopal argues that the form of the conjugal duo in movies reflects other social forces in India's new consumerist and global society. She takes a daring look at recent Hindi films and movie trends—the decline of song-and-dance sequences, the upgraded status of the horror genre, and the rise of the multiplex and multi-plot—to demonstrate how these relationships exemplify different formulas of contemporary living. A provocative account of how cultural artifacts can embody globalization's effects on intimate life, *Conjugations* will shake up the study of Hindi film.
