Competition in Higher Education Branding and Marketing Antigoni Papadimitriou, 2017-10-06 This volume provides a critical examination of branding and marketing in higher education from national, regional, and global perspectives. Contributors with expertise in higher education, sociology, comparative and international education, marketing, rankings, and educational philanthropy use novel theoretical frameworks and cases from Africa, Asia, Europe, Latin America, and the US to map the brandscape of higher education. Empirical cases and literature analysis show that brand building is becoming a deliberate goal for higher education. This book illustrates student-institution dynamics, as well as the critical role of policy and professionalization to support branding and marketing strategies in higher education in relation to equity.

Disorder Helen Thompson, 2022 Explains why we in the West, live in the political times we do; a moment of historical time arising from systemic dynamics that have wrought predicaments to confront and not problems to be solved. A retrospective and predictive account of the political shocks of 2016 and onwards, and how the specific consequences of the structural historical forces at work are ongoing and in good part inexorable. Argues that these political times arise and disruption will continue from the intersection of fault lines generated by a geopolitical cycle that has been disrupted, but is not over--Publisher's description.

Hybrid Play Adriana de Souza e Silva, Ragan Glover-Rijkse, 2020-02-26 This book explores hybrid play as a site of interdisciplinary activity—one that is capable of generating new forms of mobility, communication, subjects, and artistic expression as well as new ways of interacting with and understanding the world. The chapters in this collection explore hybrid making, hybrid subjects, and hybrid spaces, generating interesting conversations about the past, current and future nature of hybrid play. Together, the authors offer important insights into how place and space are co-constructed through play; how, when, and for what reasons people occupy hybrid spaces; and how cultural practices shape elements of play and vice versa. A diverse group of scholars and practitioners provides a rich interdisciplinary perspective, which will be of great interest to those working in the areas of games studies, media studies, communication, gender studies, and media arts.

Rock and Roll Terrorist Reid Chancellor, 2020-10-13 Born as Jesus Christ Allin and raised in rural isolation by a violently abusive religious fanatic, GG Allin grew up to be one of punk's most controversial figures. His music was overshadowed by his on-stage antics, including throwing blood and

feces at the audience and hurting himself and audience members. In this first substantial biography of the man who wanted to make rock dangerous again, Hardcore Anxiety author and illustrator Reid Chancellor portrays Allin's life and early death with sensitivity, asking us to look beyond the shocking spectacle to understand the troubled human behind the scenes, and the societal forces that pushed him to the edge of creative expression.

The Routledge Handbook of Pink Floyd Chris Hart, Simon A. Morrison, 2022-09-20 The Routledge Handbook of Pink Floyd is intended for scholars and researchers of popular music, as well as music industry professionals and fans of the band. It brings together international researchers to assess, evaluate and reformulate approaches to the critical study and interpretation of one of the world's most important and successful bands. For the first time, this Handbook will 'tear down the wall,' examining the band's collective artistic creations and the influence of social, technological, commercial and political environments over several decades on their work. Divided into five parts, the book provides a thoroughly contextualised overview of the musical works of Pink Floyd, including coverage of performance and sound; media, reception and fandom; genre; periods of Pink Floyd's work; and aesthetics and subjectivity. Drawing on art, design, performance, culture and counterculture, emergent theoretical resources and analytical frames are evaluated and discussed from across the social sciences, humanities and creative arts. The Handbook is intended for scholars and researchers of popular music, as well as music industry professionals. It will appeal across a range of related subjects from music production to cultural studies and media/communication studies.

Techniques for Coding Imagery and Multimedia: Emerging Research and Opportunities Hai-Jew, Shalin, 2017-08-10 A variety of applications have been developed in order to engage with society. These tools have enabled computer scientists to capture large sets of unstructured data for machine learning and make the information widely available in academia. *Techniques for Coding Imagery and Multimedia: Emerging Research and Opportunities* is a pivotal reference source featuring the latest scholarly research on ways researchers code imagery and multimedia for research purposes, as well as describe some of the applied methods for research value. QGIS and Applications in Water and Risks Nicolas Baghdadi, Clément Mallet, Mehrez Zribi, 2018-02-14 Our four volumes propose to present innovative thematic applications implemented using the open source software QGIS. These are applications that use remote sensing over continental

surfaces. The four volumes detail applications of remote sensing over continental surfaces, with a first one discussing applications for agriculture. A second one presents applications for forest, a third presents applications for the continental hydrology, and finally the last volume details applications for environment and risk issues.

White Pickups Larry Kollar, 2015-01-26 “Legends are about ordinary people who stepped up and did what had to be done.” At summer’s end, mysterious white pickup trucks take to the roads and compel nearly everyone to “drive off.” Some of those who remain gather in a suburban Atlanta subdivision, and struggle to cope with a world whose infrastructure is rapidly crumbling. One of the few who are mentally and emotionally prepared for the end of the world is Cody Sifko, a youth who quickly becomes the inspiration for the others. When a strange homeless woman names him “Father of Nations,” is she seeing his future or her own delusions? As winter and a hate group try to destroy Laurel Hills, can Cody overcome personal tragedy and seize his destiny? Love, hate, survival, and an apocalypse like no other—*White Pickups* is ready to take you on the ride of your life!

The Night It Got Out Patrick James Ryan, 2015-04-23 During a blustery winter night, two retired Navy Seals transporting a top secret cargo to NORAD are besieged by an unexpected blizzard. A terrible car accident unleashes a creature with unparalleled killing capacity. Within hours dozens of people are carved up and dismembered in the town of Mangas Pass, Colorado with no end in sight to the carnage. Police Chief, Don Girard pairs up with retired Green Beret Colonel, Elliot Harmon to try to stop the creature from decimating the entire town. Harmon will be forced to face the sins of his past, while Girard helplessly agonizes over every death in an effort to protect the town and his own family. As the bloody body count rises, both men become consumed by a horrifying sequence of events that will forever change their lives *The Night It Got Out!* From the author of the popular short story collection, *Blood Verse*, comes a horrifying novel of suspense and terror that you won't be able to put down!

Essays on Evolutions in the Study of Political Power Giulio M. Gallarotti, 2021-11-24 This book deals with the most important developments in the study of political power over the last four decades. From the writings of the great Greek philosophers of antiquity to the present, the idea of power has been the major subject in the study of politics. Indeed, some would say it defines the very field of politics itself as a social science. Penned by the leading scholars in the field, this collection gives a broad overview of the most important issues in the study of political power, tracing the evolution of scholarly thinking about them and in doing so revealing crucial innovations therein. This will be a major contribution in the understanding of the concepts and practices of how power manifests itself across social and political contexts. This book will be of great interest to scholars, students and individuals who wish to understand the very foundations of social and political life. The chapters in this book were originally published as a special issue of the *Journal of Political Power*, volume 14, issue 1 (2021).

Trump is F*cking Crazy Keith Olbermann, 2017-10-17 Witty, acerbic, hard-hitting, and timely, Keith Olbermann's Donald Trump commentaries come adapted from his hit GQ series *The Resistance*. Since Donald Trump's presidential nomination, Keith Olbermann has emerged as one of the web's most popular anti-Trump screedists—each installment of his GQ web series *The Resistance* receives nearly four million views, and his fiercely progressive monologues have garnered a new generation of fans and followers. In *TRUMP IS F*CKING CRAZY*, Olbermann takes our Commander in

Chief and his politics apart with journalistic acuity and his classic in-your-face humor. With more than 50 individual essays adapted from his GQ commentaries, including new up-to-the-minute material, TRUMP IS F*CKING CRAZY is essential reading for concerned citizens who—like Olbermann—refuse to normalize or accept our new political reality.

Glass House Brian Alexander, 2017-02-14 In 1947, Forbes magazine declared Lancaster, Ohio, the epitome of the all-American town. Today it is damaged, discouraged, and fighting for its future. In *Glass house*, journalist Brian Alexander uses the story of one town to show how seeds sown thirty-five years ago have sprouted to give us Trumpism, inequality, and an eroding national cohesion.--Jacket flap.

Cross-Channel Modernisms Claire Davison, 2020-03-27 Explores modernist aesthetics and cultural exchange in Britain, France and beyond Offers cutting-edge explorations of different aspects of artistic exchange between Britain and France, written by experts on both sides of the Channel Provides original close readings of canonical and marginalised modernist texts Opens up new conceptual paradigms by probing multiple meanings related to 'crossing' and 'channelling' modernism Organises chapters around three key themes of 'translating', 'fashioning', 'mediating' that intervene in the new modernist studies Described by Katherine Mansfield in 1921 as 'a great cold sword between you and your dear love Adventure', in the early twentieth century the English Channel, or 'La Manche' in French, represented both a political and intellectual barrier between European avant-gardism and British restraint, and a bridge for cultural connection and aesthetic innovation. Organised around key terms 'Translating', 'Fashioning' and 'Mediating', this book presents ten original essays by scholars working on both sides of the Channel. *Cross-Channel Modernisms* historicises artistic exchanges in Britain, France and beyond and proposes a rich conceptual apparatus of 'crossings' and 'channels' through which we can read modernism and understand it as emerging from, and intervening in, an always-already shifting, multivalent, international context.

A Fool's Errand Lonnie G. Bunch III, 2019-09-24 Founding Director Lonnie Bunch's deeply personal tale of the triumphs and challenges of bringing the Smithsonian National Museum of African American History and Culture to life. His story is by turns inspiring, funny, frustrating, quixotic, bittersweet, and above all, a compelling read. In its first four months of operation, the Smithsonian National Museum of African American History and Culture surpassed one million visits and quickly became a cherished, vital monument to the African American experience. And yet this accomplishment was never assured. In *A Fool's Errand*, founding director Lonnie Bunch tells his story of bringing his clear vision and leadership to realize this shared dream of many generations of Americans. Outlining the challenges of site choice, architect selection, building design, and the compilation of an unparalleled collection of African American artifacts, Bunch also delves into his personal struggles--especially the stress of a high-profile undertaking--and the triumph of establishing such an institution without mentors or guidebooks to light the way. His memoir underscores his determination to create a museum that treats the black experience as an essential component of every American's identity. This inside account of how Bunch planned, managed, and executed the museum's mission informs and inspires not only readers working in museums, cultural institutions, and activist groups, but also those in the nonprofit and business worlds who wish to understand how to succeed--and do it spectacularly--in the face of major political, structural, and financial challenges.
