Peterson's answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. Humorous, surprising and informative, Dr. Peterson tells us why skateboarding boys and girls must be left alone, what terrible fate awaits those who criticize too easily, and why you should always pet a cat when you meet one on the street. Debra's Gifts Lorraine Paul Noznisky,2013-08-01 Mother's Statement: This book is about our experience with my daughter Debra's walk with cancer. It is every mother's nightmare – losing a child. It began the first day my daughter was diagnosed. Never did I consider the possibility that my diary would serve any purpose other than to try to understand the mystery and confusions, or lack of information, or misinformation during her treatments; also our hopes, disappointments, the roller-coaster of emotions, and the confusing medications. We have never been able to verify her treatments, as after numerous requests, we were not given Debra's medical records.
