Dream Job Discovery Ken Steven, 2021-08-26 Ken Steven spent most of his career working in jobs he disliked, chasing opportunities for bigger paychecks to fund a better lifestyle he became too miserable to enjoy. He desperately wanted to find a job he could feel passionate about doing. Frustrated that the conventional passion discovery methods were fruitless for him, Steven spent sixteen years researching, developing, and testing a better way. The result was the DreamJob Type Indicator (DJTI), a career assessment specifically designed to identify the type of work that will bring you enjoyment and fulfillment. In Dream Job Discovery, he reveals finding your dream job is no longer just a dream. When you follow his revolutionary four-step process, you'll eliminate the frustrating trial and error associated with more conventional methods of finding a job you love. By reading this book, you'll:

- better understand your personal values, a crucial first step if you want joy in your job—these are your DreamJob Truths;
- use the DJTI assessment to discover your passions even if you have no clue right now what your passions are—this is your DreamJob Type;
- identify your aptitudes, personality type, behavioral style, and natural talents—these are your DreamJob Traits;
- master how to leverage your Truths, Type, and Traits to land a job you'll love—this is your DreamJob Transition;
- find out how to crush any obstacles standing in your way of escaping paycheck purgatory to earn a passion paycheck.

In this groundbreaking work, Saraf helps you learn how to: Tap into your genius and present yourself uniquely Conquer a job even when you do not meet all requirements Go after a dream job even when that job does not exist Stay in control of difficult interviews and recover from mistakes after the interview Differentiate yourself in every step and become a must-hire candidate Negotiate a salary and get even more than you thought possible Manage the transition process so that you are always in control Eliminate fear surrounding a transition by operating from your genius Get back into action when a position of interest is cancelled and then claim it

Dig This Gig: Laura Dodd,2011-04-01 Ready to claim or create your ideal job? Ready to stop dreaming and start digging? When Laura Dodd started talking with her twentysomething peers about working, it didn't take long for her to see that people are passionate about the jobs they do and the jobs they'd like to do. What started as a few questions mushroomed into a viral discussion that is energizing and inspiring young professionals around the globe. Hundreds of interviews later, Dodd transforms the career horizon with Dig This Gig, a modern-day Working for millennials. Meet an array of dynamic young people--from genetics counselors to adventure guides to food bloggers-- and get their firsthand views of entirely new fields taking off because of technological, demographic, and cultural shifts. And meet industry icons as never seen before--from Dan Rather to Christina Norman, CEO of The Oprah Winfrey Network, to Jeffrey Sachs, to congressman and civil rights hero John Lewis-- as Dodd uncovers their candid perspectives, regrets and hopes, and indispensable advice.

Job Search Journal Henry Lee,2020-10-18 It has been reported in various business websites, news stations, newspapers and social media that the US unemployment rate is at around 13.3% as of May

2020. That means 86.7% of the working population is employed. The bad news is you might be, or might know someone, who is still a part of the remaining 13.3%. Unfortunately, things are even more uncertain nowadays with COVID-19. As workers, things are even more uncertain than ever. Now, with the competition that includes knowledge, experience, personality and determination as the main criteria for judging, you have to prove yourself worthy of a position in that small group of lucky individuals who have a job. It does not matter if you have been laid off, you resigned or a fresh graduate; what is important is that you want the bosses to know what you are capable of. If you have been looking around and trying for quite some time now but is still not getting that offer, you might want to revamp your plans. This guide aims to help you find and get that job you have always dreamed of. It will guide you through the whole process of job-hunting: from the searching, to preparing your documents, the interview and whatever comes next. These are proven effective ways on how to get a job in 30 days without sacrificing your passion or talent. In the end, I want to help you maximize your potential and your resources. Not being offered a job does not mean you are not good. It may just be that it is not the right job for you, or you are not selling yourself the right way. Either way, I am here to help you.

Amplify Your Job Search Jeffrey Ton, 2020-08-24 Book describes a process for identifying, locating, and gaining an interview for your dream job.

How to Get a Job Garry Bolton, 2017-08-10 Hey everyone, Anyone who's ever searched for a new job can confirm that doing so is not easy. The person involved in such a search faces this eternal and seemingly unanswerable question: Where and how I find my dream job? Any type of search involves some difficulties and finding a job is no exception. In the process of a job search, job seekers have to face many problems, such as high competition in the labor market, lack of experience and skills, being aged over 40 years old, barriers between the employer and job seeker, and many other obstacles. My experience as a consultant in many ways confirms this. People, who come to me for consultations, ask the question: What should a job seeker do when looking for a new job? Traditionally, job seekers believe that it is necessary and sufficient to prepare a good resume and cover letter, send them to the employer, and then wait patiently for an interview invitation. Often, this is all that job seekers do. Of course, it is important to know how to write a resume and a cover letter competently and properly conduct oneself in an interview, but this is not enough. It's no secret that the Head of the HR department and their employees spend very little time getting acquainted with a candidate's resume and cover letter. Plus, the final part of the job application process - the interview -

will take no more than 20 minutes, which is a very limited time for the applicant to make a memorable impression on the employer. As the interview is the final stage of a successful job search, it often receives a lot of attention, but it is preceded by several other equally crucial parts of the process. To successfully pass each of these steps, the job seeker requires a lot of effort, knowledge, and patience. In this book, you will learn the reasons why many people look for a new job; the kinds of problems a job seeker may encounter; the skills, forms, and methods of a job search, including an extensive range of job search tools and resources; strategies for a successful job search for your dream job; and how to manage your search so that the work itself is looking for you. This book gives you access to many practical tips and recommendations that will help improve your search for that ultimate dream job. The implementation of these hints and recommendations will require you minimal financial input. Buy this book now! Do not delay!

Land Your Dream Job Anywhere ,2017-02-01 Job hunting is not an innate ability; no one is born with the magical power to land a great job. It is a learned skill that anyone can master with practice. Unfortunately, most people are never taught how to look for a job. High school and college teach us the technical skills to use in our career, but we are never taught the nuts-and-bolts of how to conduct a strategic job search. Instead, we are left mostly to rely on trial and error. That's the reason this book exists--to outline a proven job-search strategy that actually works. You'll find a process that results in a faster, less frustrating job search--one that maximizes your chances of finding a job you love.
