Game, Set, Match-Life James Patrick Wilbanks, 2010-09 James Patrick Wilbanks' background, experience, and success in the arena of tennis, including playing and teaching, coupled with his creative mindset resulted in *Game, Set, Match-Life*, a novel that is set in the tennis world. It tells the story of a young tennis player named Nicky who began playing tennis at the early age of four. Many years later, he finds himself in a relationship with his girlfriend, Juli, and plans to play college tennis in Hawaii. However, geographical destruction and relationship demise weigh heavy on this young man's heart as he attempts to figure out his future. Sweeping changes in the tennis world may be a blessing in disguise. Will Nicky's dreams of college and pro tennis be realized?

How to Be Your Own Best Tennis Pro Paul Johan Stokstad, 2003-10-15 You've had what seems like a million tennis lessons, but you get out on the court and it all goes away. You revert back to old habits and what made sense in the clean green and white world of the tennis pro is lost out there on the gritty high school courts where you are losing again to Hacker Charlie. You get steamed, throw your racket and go home frustrated. This book addresses the problem of getting what you learn in lessons out onto the court where you are hitting the ball with an actual opponent. The book challenges you to take charge of your own growth as a tennis player. It presents a system of point projects to help you systematically gather tennis knowledge and effectively incorporate it into actual play situations. This system is applicable to tennis practice, practice matches, match warm-ups, and during competitive match play. The book includes a number of sample point projects on every major stroke for you to try, plus a goal-setting chapter to give you the beginnings of an overall plan for self-improvement built around your own list of point projects. For less than the cost of one tennis lesson, you can double the value of all your other lessons, and start to become your own (best) tennis pro. Praise for *How to be Your Own Best Tennis Pro* Paul Stokstad's book puts the attention of the player where it belongs: on self-development. Only by taking a serious look at your own game, by pulling apart and examining the details of every stroke, can you put it all together again as a bigger and better game. The book has an interesting, systematic method of analysis that should take any player to a new level of understanding of their own game and of tennis in general. -Jack Kramer

Tennis Through the Eyes of an "Old Pro" Bob Kurlander, 2013-06-18 *TURNING TENNIS PRO*: I was a very young Tennis Pro in the late 1940's with jobs at the Mountain Ridge Country Club, NJ and the Mayfair Inn, Stanford, FL. I was not satisfied with my income. I was offered a lucrative job with the Gilman Paper Company, New York City, NY that required my moving to Montgomery, AL to promote and sell a packaging machine that filled chemicals into multi-wall kraft bags, manufactured by Gilman. I had a lot of success with this marketing venture and was moved back to the New York office. A career with Gilman looked good with an excellent pension for my old age. BUT, my love for TENNIS changed everything! My brother, Jack convinced Playboy Hotels International that his Great Gorge Ski Area was a great place to build a hotel that they were planning. He suggested I renew my Tennis Life by accepting the Director of Tennis with Playboy. My Tennis Career was back on track - which my book deals with.
