Essential Affinity Photo Robin Whalley, Quickly learn

Affinity Photo image editing Affinity Photo is the hot photo editing package from Serif. It can compete head on with the latest version of Photoshop. It's also affordable, incredibly powerful and exceptionally flexible. But all this power and flexibility brings its own challenges. Just like Photoshop, Affinity Photo can be confusing and tricky to learn. Even with a background in

Photoshop image editing it's likely you will miss a lot of its features. And unlike Photoshop you won't have an endless choice of books to learn from. Which is where "Essential Affinity Photo" comes to the rescue. In this comprehensive yet easy to follow book, Landscape Photographer Robin Whalley explains the core features of Affinity Photo Desktop. Written in his unique, easy to understand style, Robin explains logically the essential techniques you need to know to learn Affinity Photo. Follow this book and its examples and you will soon be editing images as though you have been using the software for years. The book is arranged into a series of lessons that focus in on the essential image editing skills. Each lesson builds on the previous one, minimising repetition and saving you valuable time. You will learn about: - Different Affinity Photo Personas, what these do and how to navigate them. - The Develop Persona, using it to convert a Raw photo file into a high-quality image. - How layers form the backbone of the Photo Persona and how to use them to improve your editing. - Different Adjustment layers, filters and live filters you can apply, to fine tune and improve your photography. - How to convert your images to black and white as well as important techniques such as Dodging and Burning. - Creating and using layer masks to precisely target your adjustments to specific areas of an image. - Harnessing the power of the Export Persona. - And lots more. Throughout the book there are examples and exercises for you to follow. The author provides the images for these on his website, allowing you to follow along on your own computer. You won't need to wade through hundreds of pages to find answers. This is a comprehensive and concise guide to help you learn Affinity Photo. It doesn't matter if you are a complete novice or have some experience of Affinity Photo, this book could help improve your Affinity Photo editing.

While the interface appears simple, finding the hidden nuances of Photos is not so straightforward. And with the launch of the latest Photos app, there's more to this app than initially meets the eye.

For photographers who are more than just casual snapshooters, or who are making the transition from Aperture, iPhoto, or simply the previous version of Photos, *The Apple Photos Book for Photographers, 2nd Edition*, by Derrick Story shines a light on the true sophistication of this app and the ecosystem it taps into. From the point of view of a working photographer, Derrick provides everything you need to know to get the most out of the imaging tools built into Mac OS X and iCloud.

Follow along with Derrick as he teaches you all about:

- Customizing the interface for organizing and viewing your images
- The thinking behind viewing options such as Moments, Collections, Years, and Albums
- Working with iCloud Photo Library to sync your photos across your devices
- Adding location data to your images so you can map your travels with your photos
- Editing your images with Photos' basic tools, then going beyond with more advanced techniques
- Integrating third-party Editing Extensions into your workflow so you can build a digital darkroom tailored to

your style of photography

- Creating projects such as books, cards, calendars, prints, and slideshows—and showing you how to create your own Fine Art Cards at home with just your Mac and an inkjet printer
- Working with videos as well as still photos
- Sharing your images on social media sites such as Facebook, Twitter, and Flickr

Apple's Photos is a robust, all-in-one solution for managing, editing, and sharing your photos. And *The Apple Photos Book for Photographers* is all you need to make the most of this great imaging ecosystem!
