

Dutch Tulips

Celia Fisher

Tulipomania Mike Dash,2010-02-10 A vivid narration of the history of the tulip, from its origins on the barren, windswept steppes of central Asia to its place of honor in the lush imperial gardens of Constantinople, to its starring moment as the most coveted—and beautiful—commodity in Europe. In the 1630s, visitors to the prosperous trading cities of the Netherlands couldn't help but notice that thousands of normally sober, hardworking Dutch citizens were caught up in an extraordinary frenzy of buying and selling. The object of this unprecedented speculation was the tulip, a delicate and exotic Eastern import that had bewitched horticulturists, noblemen, and tavern owners alike. For almost a year rare bulbs changed hands for incredible and ever-increasing sums, until single flowers were being sold for more than the cost of a house. Historians would come to call it tulipomania. It was the first futures market in history, and like so many of the ones that would follow, it crashed spectacularly, plunging speculators and investors into economic ruin and despair. This colorful cast of characters includes Turkish sultans, Yugoslav soldiers, French botanists, and Dutch tavern keepers—all centuries apart historically and worlds apart culturally, but with one thing in common: tulipomania.

Tulip Mania Charles River Charles River Editors,2018-06-26 *Includes pictures *Includes contemporary accounts *Includes online resources and a bibliography for further reading If one were to glide over the Dutch countryside via helicopter in the springtime, the beauty below them would seem almost surreal. The rolling rectangular fields are composed of immaculately neat, horizontal stripes in vibrant swatches of scarlet, pink, lavender, cream-white, and midnight-blue. The ethereal sight is even more breathtaking when one takes a stroll along these fields, surrounded by endless carpets of bright color. These world-famous three-petal, three-sepal flowers, all craning their necks towards the dazzling sun, are none other than Dutch tulips. The Netherlands is now the world's leading commercial producer of tulips, shipping out more than 3 billion of these colorful beauties each year. Standard tulips, depending on where one is based, typically sell for anywhere between \$1.00 to \$3.50 USD per stem today. They are a creative alternative to roses, lilies, and other traditional flowers. Needless to say, like every other floral breed, special tulips - such as hybrids, or ones with unique, multi-colored streaks and patterns - will cost buyers a pretty penny, but a bouquet is certainly not going to break the bank. Legend has it, however, that this was not always the case. As a matter of fact, these delightful harbingers of spring were supposedly once so rabidly sought-after that it wasn't just more valuable than gold - men threw themselves into financial ruin all for the sake of attaining just one of these sacred flowers. At the crescendo of what is now remembered as Tulip Mania, or the Tulip Craze, a single, shallot-like bulb of an unripe tulip was worth 20 times the annual salary of a skilled laborer. This aggressively volatile period, marked by convoluted and careless market speculation, inevitably culminated in the disastrous bursting of one of the world's first financial bubbles, an example of the perils of herd mentality. But how much truth is there to this oft-repeated story of the Tulpenmanie, really? Tulip Mania: The History and Legacy of the World's First Speculative Bubble during the Dutch Golden Age analyzes the legendary mania, and whether it was as dramatic as portrayed. Along with pictures of important people, places, and events, you will learn about Tulip Mania like never before.

Tulipmania Anne Goldgar,2008-09-15 In the 1630s the Netherlands was gripped by tulipmania: a speculative fever unprecedented in scale and, as popular history would have it, folly. We all know the outline of the story—how otherwise sensible merchants, nobles, and artisans spent all they had (and much that they didn't) on tulip bulbs. We have heard how these bulbs changed hands hundreds of times in a single day, and how some bulbs, sold and resold for thousands of guilders, never even existed. Tulipmania is seen as an example of the gullibility of crowds and the dangers of financial speculation. But it wasn't like that. As Anne Goldgar reveals in *Tulipmania*, not one of these stories is true. Making use of extensive archival research, she lays waste to the legends, revealing that while the 1630s did see a speculative bubble in tulip prices, neither the height of the bubble nor its bursting were anywhere near as dramatic as we tend to think. By clearing away the accumulated myths, Goldgar is able to show us instead the far more interesting reality: the ways in which tulipmania reflected deep anxieties about the transformation of Dutch society in the Golden Age. “Goldgar tells us at the start of her excellent debunking book: ‘Most of what we have heard of [tulipmania] is not true.’ . . . She tells a new story.”—Simon Kuper, *Financial Times*

Tulipomania Mike Dash,2011-05-12 'A fascinating exploration of human greed and self-delusion and also a tribute to our ageless search for beauty' DEBORAH MOGGACH. In 1630s' Holland thousands of people, from the wealthiest merchants to the lowest street traders, were caught up in a frenzy of buying and selling. The object of the speculation was not oil or gold, but the tulip, a delicate and exotic bloom that had just arrived from the east. Over three years, rare tulip bulbs changed hands for sums that would have bought a house in Amsterdam: a single bulb could sell for more than £300,000 at today's prices. Fortunes were made overnight, but then lost when, within a year, the market collapsed. Mike Dash recreates this bizarre episode in European history, separating myth from reality. He traces the hysterical boom and devastating bust, bringing to life a colourful cast of characters, and beautifully evoking Holland's Golden Age.

Tulip Celia Fisher,2017-04-15 A long time ago, you could only find them on the slopes of remote mountain ranges in Asia, but today they are the very symbol of modern genetics, a species unrivalled for the variety of colors and forms that breeders can create: tulips. In this book, Celia Fisher traces the story of this important and highly popular plant, from its mountain beginnings to its prevalence in the gardens of Mughal, Persian, and Ottoman potentates; from its migration across the Silk Road to its explosive cultivation in the modern European world. Fisher looks at how tulips' intensely saturated color has made them an important species for botanists and gardeners. Initially rare in sixteenth century Netherlands, tulips sparked such frenzy among aristocratic collectors that they caused the first economic bubble and collapse. Exploring the ways cultivators have created one hybrid after another—in an astonishing range of colors and shapes—Fisher also shows how tulips have inspired art and literature throughout the centuries, from Ottoman Turkey to the paintings of the Dutch Masters, from Alexandre Dumas's novel *The Black Tulip* to contemporary artist David Cheung painting them atop pages of the *Financial Times*. Stunningly illustrated, this book offers a unique cultural history of one of our most important flowers.

Holland Randall P. Vande Water,2002-08-13 On April 26, 1927, Lida Rogers, a Holland High School biology teacher, suggested an idea to members of the Holland, Michigan Women's Literary

Club. The idea was that the city present a Tulip Day every spring. Two years later, on May 18, 1929, after scores of visitors viewed more than 100,000 tulips along Holland's curbs, Tulip Time became an annual event. The 1930 Holland Evening Sentinel banner headline read: Tulip Reigns as Queen of City. Throughout the decade, motion picture and radio personalities visited to promote the festival. The Holland Furnace Company, then the city's largest corporation, sponsored special radio programs that were broadcast nationwide. After World War II, Holland saw the festival grow into the nation's third largest annual event. Visitors have enjoyed parades that included street scrubbing, klompen dancing, floats, and more than 50 bands. When Tulip Time began, 85 percent of the names in the Holland telephone directory were Dutch. Over time, the community's cultural diversity has evolved and is now reflected in the festival.

Tulip Fever Deborah Moggach,2007-12-18 A sensual tale of art, lust, and deception—now a major motion picture In 1630s Amsterdam, tulipomania has seized the populace. Everywhere men are seduced by the fantastic exotic flower. But for wealthy merchant Cornelis Sandvoort, it is his young and beautiful wife, Sophia, who stirs his soul. She is the prize he desires, the woman he hopes will bring him the joy that not even his considerable fortune can buy. Cornelis yearns for an heir, but so far he and Sophia have failed to produce one. In a bid for immortality, he commissions a portrait of them both by the talented young painter Jan van Loos. But as Van Loos begins to capture Sophia's likeness on canvas, a slow passion begins to burn between the beautiful young wife and the talented artist. As the portrait unfolds, so a slow dance is begun among the household's inhabitants. Ambitions, desires, and dreams breed a grand deception—and as the lies multiply, events move toward a thrilling and tragic climax. In this richly imagined international bestseller, Deborah Moggach has created the rarest of novels—a lush, lyrical work of fiction that is also compulsively readable. Seldom has a novel so vividly evoked a time, a place, and a passion. Praise for Tulip Fever “Sumptuous prose . . . reads like a thriller.”—The New York Times Book Review “An artful novel in every sense of the word . . . deftly evokes seventeenth-century Amsterdam's vibrant atmosphere.”—Los Angeles Times “Need a brief escape into a beautiful and faraway world? Deborah Moggach's wonderful Tulip Fever can offer you that.”—New York Post “Taut with suspense and unexpected revelations.”—Entertainment Weekly “Elegantly absorbing.”—The Philadelphia Inquirer

The Tulip Anna Pavord,2019-11-14 A revised and updated edition of the internationally bestselling classic Anna Pavord's now classic, internationally bestselling sensation, The Tulip, is not a gardening book. It is the story of a flower that has driven men mad. Greed, desire, anguish and devotion have all played their part in the development of the tulip from a wild flower of the Asian steppes to the worldwide phenomenon it is today. No other flower carries so much baggage; it charts political upheavals, illuminates social behaviour, mirrors economic booms and busts, plots the ebb and flow of religious persecution. Why did the tulip dominate so many lives through so many centuries in so many countries? Anna Pavord, a self-confessed tulipomaniac, spent six years looking for answers, roaming through eastern Turkey and Central Asia to tell how a humble wild flower made its way along the Silk Road and eventually took the whole of Western Europe by storm. Sumptuously illustrated from a wide range of sources, this irresistible volume has become a bible, a unique source book, a universal gift and a joy to all who possess it. This beautifully redesigned edition features a new Preface by the author, a revised listing of the best varieties of this incomparable flower to choose for your garden and a reorganised listing of tulip species to reflect the latest thinking by taxonomists.

THE BLACK TULIP (Historical Adventure Novel) Alexandre Dumas,2016-02-29 This carefully crafted ebook: THE BLACK TULIP (Historical Adventure Novel)” is formatted for your eReader with a functional and detailed table of contents. The story begins with the 1672 lynching of the Dutch Grand Pensionary Johan de Witt and his brother Cornelis by a wild mob of their own countrymen, considered by many as one of the most painful episodes in Dutch history, described by Dumas with a dramatic intensity. The city of Haarlem, Netherlands, has set a prize of f100, 000 to the person who can grow a black tulip, sparking competition between the country's best gardeners to win the money, honor and fame. Only the city's oldest citizens remember the Tulip Mania thirty years prior, and the citizens throw themselves into the competition. The young and bourgeois Cornelius van Baerle has almost succeeded but is suddenly thrown into the Loevestein prison... Alexandre Dumas, père (1802-1870) was a French writer whose works have been translated into nearly 100 languages and he is one of the most widely read French authors. His most famous works are The Count of Monte Cristo and The Three Musketeers.

The Tulip Anthology Ron van Dongen,2010-08-01 No flower incites passion and fervour quite like the tulip. Revered, cultivated and coveted for more than a thousand years, the tulip is at once historically significant and disarmingly modern. THE TULIP ANTHOLOGY brings its history and enduring power into sharp focus, marrying celebrated photographer Ron van Dongen's exquisite contemporary studies of the Tulipa genus with the words and artworks it has inspired over the last millennium. From eleventh-century poetry, through the Dutch Masters of the early sixteen hundreds, to twenty-first century photographs, it demonstrates our entanglement with a flower that has the capacity to enchant, inspire and even lead men to their ruin.
