Maverick Movies Daniel Herbert, 2023-11-21 *Maverick Movies* tells the improbable story of New Line Cinema, a company that cut a remarkable path through the American film industry and movie culture. Founded in 1967 as an art-film distributor, New Line made a small fortune running John Waters's *Pink Flamingos* at midnight screenings in the 1970s and found reliable returns with the *Nightmare on Elm Street* franchise in the 1980s. By 2001, the company competed with the major Hollywood studios and reached global box-office success with the *Lord of the Rings* franchise. Blurring boundaries between high and low culture, between independent film and Hollywood, and between the margins and the mainstream, New Line Cinema offers a compelling case study of the evolution of contemporary film culture through the disintegration of the mass audience fostered by the classic Hollywood studios into the multitude of niche audiences that Hollywood seeks today--
