**International Financial Statistics Yearbook, 2014** International Monetary Fund. Statistics Dept.,2014-07-25 This chapter presents a report on International Financial Statistics (IFS). The country tables normally include data on a country's exchange rates, IMF position, international liquidity,

monetary statistics, interest rates, prices, production, labor, international transactions, government accounts, national accounts, and population. Selected series, including data on Fund accounts, international reserves, and international trade, are drawn from the country tables and published in world tables as well. Exchange rates in IFS are classified into three broad categories, reflecting the role of the authorities in determining the rates and/or the multiplicity of the exchange rates in a country. In IFS, exchange rates are expressed in time series of national currency units per SDR (the unit of account for the IMF) and national currency units per US dollar, or vice versa. The country tables, euro area tables, and world tables provide measures of effective exchange rates, compiled by the IMF's Research Department, Strategy, Policy, and Review Department, Statistics Department, and area departments.

International Financial Statistics Yearbook, 2015 International Monetary Fund. Statistics Dept.,2015-07-17 This paper presents the International Financial Statistics (IFS) 2015 yearbook. The monthly printed issue of IFS reports current monthly, quarterly, and annual data, while the yearbook reports 12 observations of annual data. Most annual data on the CD-ROM and Internet begin in 1948; quarterly and monthly data generally begin in 1957; most balance-of-payments data begin in 1970. The different sections describe conceptual and technical aspects of various data published in IFS. The reader will find more detailed descriptions—about coverage, deviations from the standard methodologies, and discontinuities in the data—in the footnotes in the individual country and world tables in the monthly and yearbook issues of IFS, in the Print\_Me file on the CD-ROM, and in the PDF pages on the Internet. Data on members' Fund accounts are presented in the Fund Position section in the country tables and in four world tables.
