Entries include casts, character relationships, plots and storylines, announcers, musicians, producers, hosts, starting and ending dates of the programs, networks, running times, production information and, when appropriate, information on the radio show's adaptation to television. **Mr. Keen, Tracer of Lost Persons** Jim Cox,2015-06-14 That "kindly old investigator," Mr. Keen, sought missing persons and unraveled crimes longer than any other fictional detective ever heard or seen on the air. For 18 years (1937-1955) and 1690 nationwide broadcasts, Keen and his faithful assistant Mike Clancy kept listeners coming back for more. The nearest competitor, Nick Carter, Master Detective, ran for 726 broadcasts. This definitive history recounts the actors and creators behind the series, the changes the show underwent, and the development of the Mr. Keen character. A complete episode guide details all of the program's 1,690 broadcasts.

*On the Air* John Dunning,1998-05-07 Now long out of print, John Dunning's *Tune in Yesterday* was the definitive one-volume reference on old-time radio broadcasting. Now, in *On the Air*, Dunning has completely rethought this classic work, reorganizing the material and doubling its coverage, to provide a richer and more informative account of radio's golden age. Here are some 1,500 radio shows presented in alphabetical order. The great programs of the '30s, '40s, and '50s are all here--Amos 'n' Andy, Fibber McGee and Molly, The Lone Ranger, Major Bowes' Original Amateur Hour, and The March of Time, to name only a few. For each, Dunning provides a complete broadcast history, with the timeslot, the network, and the name of the show's advertisers. He also lists major cast members, announcers, producers, directors, writers, and sound effects people--even the show's theme song. There are also umbrella entries, such as *News Broadcasts*, which features an engaging essay on radio news, with capsule biographies of major broadcasters, such as Lowell Thomas and Edward R. Murrow. Equally important, Dunning provides a fascinating account of each program, taking us behind the scenes to capture the feel of the performance, such as the ghastly sounds of *Lights Out* (a horror drama where heads rolled and bones crunched), and providing engrossing biographies of the main people involved in the show. A wonderful read for everyone who loves old-time radio, *On the Air* is a must purchase for all radio hobbyists and anyone interested in 20th-century American history. It is an essential reference work for libraries and radio stations.

Building the American Dream Gary Knapp,2007-05-23 Building the American Dream depicts the journey of author, Gary Knapp, from his very beginnings on a rural dairy farm in southern Michigan through his teens, his tour of duty in the army, his broadcast training and then follows him as he begins his career in radio broadcasting and branches into television. Through his remarkable passion, ingenuity and enormous energy, he overcomes whatever hurdles he encounters and turns them into advantages which eventually enable him to build a network of television stations to serve the northern Michigan area. His journey is fueled by his inability to accept defeat, his persistence in finding a way to accomplish his goals by creating innovative financing when the traditional routes failed him, his trust in, and loyalty to reliable advisors and a family who supported him through thick and thin. The reader gets a first hand look at what goes on behind the scenes in radio and television production, sales and management. They accompany him as he moves from one phase of his interesting career to the next. Author Knapp, takes us back to the days of our childhood and the simple good life about which we all like to reminisce. We can smell his mom's apple pie baking as the family gathers around the radio set listening to Fibber McGee and Molly. He stimulates our memories of past parades, local celebrations, community events which he covered as a newsman and broadcaster and recreates the home town atmosphere of typical small towns throughout our country. This book, with its motivational and informative hints, could be considered a handbook on how to attain one's goals and dreams, or by some, a guideline showing the steps necessary to succeed in business ventures and by others, just a good read. Gary Knapp has brought to life, a story, rich in human interest, history of radio and television, entrepreneurship and events in the town of Cadillac, Michigan, where Gary took broadcasting to a higher level while building his American dream.
