**Additional Ways to Earn More They Don't Teach** Nathen Hache,2019-08-05 I am not a financial adviser. I'm a single father of two with passive income solution. As any parent knows, having kids will teach you lessons in finances that no economics course ever could (although I do have a

business degree). When my wife and I divorced in 2018, it was like a bomb went off. I had no more help with childcare, no more partner to stay up at night with a sick baby. I knew I had to get my finances in better shape in order to provide for myself and my family. I knew I wanted to provide for my children and their future, needing such things as college fund, a home where they had more space, and their own rooms. I interacted with the individuals whose finances trumped mine. I began to see patterns on how to make money and what makes someone successful and applied them to my own life. The idea of ways to make money, leveraging my income, and making my money work for me instead of me working for it triggered, and it became my goal to build passive income. Especially now, I realize how expensive it is to raise children, be single, and pay for day care. Even though as of writing this book we share the kids fifty-fifty, I still have to take them to day care so I can work. Not all the passive income ideas and tips mentioned in this book will work for you. Personally, I've implemented a few of the tips written. Each tip is different for each individual, and you have to do what you feel is best for you. What works for me may not necessarily work for you, and vice versa. I hope something in this book will ignite that fire in you to run with it in your life. Whether it's to build wealth, add to your retirement, or just put a few more bucks in your pocket, I am sure there's something in here for you. And, oh yes, I would like to thank our Lord and Savior because without Him, none of this would be possible.

**My Money My Way** Kumiko Love, 2022-02-01 Does fear and insecurity keep you from looking at your bank account? Is your financial anxiety holding you captive? You don't have to stress about money anymore. YOU can take back control. As a newly divorced single mom making \$24,000 per year and facing down \$77,000 in debt, Kumiko Love worried constantly about money. She saw what other moms had—vacations, birthday parties, a house full of furniture—and felt ashamed that she and her son lived in a small apartment and ate dinner on the floor. Worse, when her feelings began to exhaust her, she binge-shopped, reasoning that she'd feel better after a trip to the mall. On the day she needed to pay for a McDonald's ice cream cone without her credit card, she had an epiphany: Money is not the problem. Self-Doubt is the problem. Shame is the problem. Guilt is the problem. Society's expectations for her are the problem. She is the solution. Once she reversed the negative thinking patterns pushing her toward decisions that didn't serve her values or goals, her financial plan wrote itself. Now, she's not only living debt-free in her dream home, which she paid for in cash, but she has spread her teachings around the world and helped countless women envision better lives for themselves and their families. Now, building on the lessons she's taught millions as the founder of The Budget Mom, she shares a step by step plan for taking control back over your financial life—regardless of your level of income or your credit card balance. Through stories from navigating divorce to helping clients thrive through

recessions, depression, eviction, layoffs and so much more, you will learn foundational practices such as: How to use your emotions to your financial advantage, instead of letting them control you How to create a budget based on your real life, not a life of self-denial How to create a motivating debt pay-off plan that makes you excited about your future, instead of fearing it My Money My Way will give you the tools to align your emotional health with your financial health—to let go of deprivation and embrace desire. Love’s paradigm-shifting system will teach you how to honor your unique personal values, driving emotions, and particular needs so that you can stop worrying about money and start living a financially fulfilled life.
