Pachinko (National Book Award Finalist) Min Jin Lee,2017-02-07 A New York Times Top Ten Book of the Year and National Book Award finalist, Pachinko is an extraordinary epic of four generations of a poor Korean immigrant family as they fight to control their destiny in 20th-century Japan (San Francisco Chronicle). NEW YORK TIMES NOTABLE BOOK OF 2017 \* A USA TODAY TOP TEN OF 2017 \* JULY PICK FOR THE PBS NEWSHOUR-NEW YORK TIMES BOOK CLUB NOW READ THIS \* FINALIST FOR THE 2018DAYTON LITERARY PEACE PRIZE\* WINNER OF THE MEDICI BOOK CLUB PRIZE Roxane Gay's Favorite Book of 2017, Washington Post NEW YORK TIMES BESTSELLER \* #1 BOSTON GLOBE BESTSELLER \* USA TODAY BESTSELLER \* WALL STREET JOURNAL BESTSELLER \* WASHINGTON POST BESTSELLER There could only be a few winners, and a lot of losers. And yet we played on, because we had hope that we might be the lucky ones. In the early 1900s, teenaged Sunja, the adored daughter of a crippled fisherman, falls for a wealthy stranger at the seashore near her home in Korea. He promises her the world, but when she discovers she is pregnant--and that her lover is married--she refuses to be bought. Instead, she accepts an offer of marriage from a gentle, sickly minister passing through on his way to Japan. But her decision to abandon her home, and to reject her son's powerful father, sets off a dramatic saga that will echo down through the generations. Richly told and profoundly moving, Pachinko is a story of love, sacrifice, ambition, and loyalty. From bustling street markets to the halls of Japan's finest universities to the pachinko parlors of the criminal underworld, Lee's complex and passionate characters--strong, stubborn women, devoted sisters and sons, fathers shaken by moral crisis--survive and thrive against the indifferent arc of history. \*Includes reading group guide\*

It explores the social, political, cultural and spiritual meanings of religions, tracing their historical development and related paradigm shifts. It also analyzes the characteristics of the country's local religions and the process of indigenization of world religions, and describes the peaceful co-existence and harmonious confluence of multiple religions in Chinese spiritual life, revealing the vibrant and diverse colors of its religious culture. Examining these religions' social and cultural functions in contemporary Chinese society, the book demonstrates the rich and complex intertwinement of religious faith, cultural spirit and national disposition among the Chinese people.

**The Combined Action Platoons** Michael Peterson,1989-06-26 This is the first comprehensive history for the academic reader of the Combined Action Program (CAP) in Vietnam. Created as a response by the U.S. Marines to what was known as the other war in Vietnam, the CAP Program was comprised of platoons each combining a fourteen man marine rifle squad, a navy corpsman, and a platoon of South Vietnamese militia. These CAP units were unique to the war. Their function was to capture and hold rather than to search and destroy. While the main forces of the Army and Marines all too often waged war on the Vietnamese hamlets, the CAP marines waged war from the hamlets. Their intent was to keep the hamlet intact. The uniqueness of the CAP Program justifies this study not only from an historical and political perspective but also sociologically. The CAP Marines were among the few Americans who lived with the Vietnamese in their own setting for long periods of time, developing community projects and civic action programs. The 1980s has brought about a resurgence of valuable research, the declassification of official documentation, and most important, an emotional distance from the trauma of defeat. The author takes full advantage of these conditions to present a thorough and comprehensive history and civic program analysis. Many critics of the Vietnam War now agree that the tactics of the Combined Action Program were among the most promising of the war. The CAP Marines fought a deadly and personal war with the Viet Cong and the North Vietnamese Army. In this volume, the author achieves his twofold objective. He not only provides a valuable historical account of the Program, but also analyzes the civic action and community development projects undertaken by the CAP Marines. His study is done with an eye to the future as U.S. counterinsurgency has again found expression in other Third World conflicts.

**Ecstasy and the Demon** Susan Manning,2006 Mary Wigman, Germany's premier dancer between the two world wars, envisioned the performer in the thrall of ecstatic and demonic forces. Widely hailed as an innovator of dance modernism, she never acknowledged her complex relationship with National Socialism. In *Ecstasy and the Demon*, Susan Manning advances a sociological explanation for the collaboration between German modern dancers and National Socialism. She models methods for dance studies that contextualize choreography in relation to changing sociopolitical conditions, bringing dance scholarship into conversation with intellectual trends across the humanities. The introduction to this second edition brings Manning's groundbreaking work to bear on dance studies today and reconsiders Wigman's career from the perspective of queer theory and globalization, further illuminating the interplay of dance and politics in the twentieth century. Susan Manning is professor of English, theater, and performance studies at Northwestern University.

*Letters from Vladivostok, 1894-1930* Eleanor L. Pray,2013-12-01 In 1894, Eleanor L. Pray left her New England home to move with her merchant husband to Vladivostok in the Russian Far East. Over the next thirty-six years — from the time of Tsar Alexander III to the early years of Stalin's rule — she wrote more than 2,000 letters chronicling her family life and the tumultuous social and political events she witnessed. Vladivostok, 5,600 miles east of Moscow, was shaped by a rich intersection of Asian cultures, and Pray's witty and observant writing paints a vivid picture of the city and its denizens during a period of momentous social change. The book offers highlights from Pray's letters along with illuminating historical and biographical information.

**Civilization** Niall Ferguson,2011-11-01 From the bestselling author of *The Ascent of Money* and *The Square and the Tower* "A dazzling history of Western ideas." —The Economist "Mr. Ferguson tells his story with characteristic verve and an eye for the felicitous phrase." —Wall Street Journal "[W]ritten with vitality and verve . . . a tour de force." —Boston Globe Western civilization's rise to global dominance is the single most important historical phenomenon of the past five centuries. How did the West overtake its Eastern rivals? And has the zenith of Western power now passed? Acclaimed historian Niall Ferguson argues that beginning in the fifteenth century, the West developed six powerful new concepts, or "killer applications"—competition, science, the rule of law, modern medicine, consumerism, and the work ethic—that the Rest lacked, allowing it to surge past all other competitors. Yet now, Ferguson shows how the Rest have downloaded the killer apps the West once monopolized, while the West has literally lost faith in itself. Chronicling the rise and fall of empires alongside clashes (and fusions) of civilizations, *Civilization: The West and the Rest* recasts world history with force and wit. Boldly argued and teeming with memorable characters, this is Ferguson at his very best.

**Culture and Customs of Korea** Donald N. Clark,2000-08-30 For centuries, although strongly influenced by the Chinese, Koreans have maintained a unique civilization with their own language, social organization, food, national costume, political institutions, and customs. The disruptions of the 20th century have included a long and difficult period of foreign rule and a devastating civil war. However, Koreans continue to prize their traditional culture, and the younger generations have embraced Koreanness with a determination to assert Korea's place in the world. *Culture and Customs of Korea* artfully depicts the past and present in North and South Korea with chapters on the story of the Korean people, thought and religion, arts and literature, performing arts, daily life and folkways, life in a Korean village, life in urban Korean, and gender, marriage,

and the lives of Korean women. A chronology and glossary supplement the text.

**Carbon Capture and Storage** José Carlos Magalhães Pires,2019-08-23 Climate change is one of the main threats to modern society. This phenomenon is associated with an increase in greenhouse gas (GHGs, mainly carbon dioxide—CO<sub>2</sub>) emissions due to anthropogenic activities. The main causes are the burning of fossil fuels and land use change (deforestation). Climate change impacts are associated with risks to basic needs (health, food security, and clean water), as well as risks to development (jobs, economic growth, and the cost of living). The processes involving CO<sub>2</sub> capture and storage are gaining attention in the scientific community as an alternative for decreasing CO<sub>2</sub> emissions, reducing its concentration in ambient air. The carbon capture and storage (CCS) methodologies comprise three steps: CO<sub>2</sub> capture, CO<sub>2</sub> transportation, and CO<sub>2</sub> storage. Despite the high research activity within this topic, several technological, economic, and environmental issues as well as safety problems remain to be solved, such as the following needs: increase of CO<sub>2</sub> capture efficiency, reduction of process costs, and verification of the environmental sustainability of CO<sub>2</sub> storage.

Photography and Germany Andrés Mario Zervigón,2017-05-15 The idea of photography in Germany evokes everything from the pioneering modernist pictures of the Weimar era to the colossal digital prints that define art photography today. But it also recalls horrifying documents of wartime atrocities and the relentless surveillance of East German citizens. Photography and Germany broadens these perceptions by examining the medium's multi-faceted relationship with Germany's turbulent cultural, political, and social history while rethinking the notion of German photography with fresh insights on its historical context. Andrés Mario Zervigón covers this history from the region's pre-photographic experiments with light-sensitive chemicals to today's tension between analog and digital technologies. Rather than simply providing a survey of German photography, however, he focuses on how the medium, as a product of the modern age, has intervened in a fraught project of national imagining, often to productive ends but sometimes to catastrophic results. Richly illustrated with numerous previously unpublished images, Photography and Germany is the first single-authored history of photography in Germany ever published, one that deepens our broader understanding of how photography cultivates notions of a nation and its inhabitants.

Whiteshift Eric Kaufmann,2019-02-05 "This ambitious and provocative work . . . delves into white anxiety about the demographic decline of white populations in Western nations" (Publishers Weekly). "Whiteshift" is defined as the turbulent journey from a world of racially homogeneous white majorities to one of racially hybrid majorities. In this dada-driven study, political scientist Eric Kaufmann explores how these demographic changes across Western societies are transforming their politics. The early stages of this transformation have led to a populist disruption, tearing a path through the usual politics of left and right. If we want to avoid more radical political divisions, Kaufmann argues, we have to enable white conservatives as well as cosmopolitans to view whiteshift as a positive development. Kaufmann examines the evidence to explore ethnic change in North American and Western Europe. Tracing four ways of dealing with this transformation—fight, repress, flight, and join—he makes a persuasive call to move beyond empty talk about national identity. Deeply thought provoking, enriched with illustrative stories, and drawing on detailed and extraordinary survey, demographic, and electoral data, Whiteshift will redefine the way we discuss race in the twenty-first century.
