Tom Gray Box Set Books 1 to 3 Alan McDermott, 2020-10-24 Books 1 to 3 in the million-copy bestselling Tom Gray action thriller series Gray Justice When ex-soldier Tom Gray loses his wife and child to a career criminal, it seems life can't get much worse. But when the killer is let off with time served on remand, Gray knows there is something fundamentally wrong with the justice system. Engaging the help of his ex-SAS buddies, he kidnaps five repeat offenders and asks the public to vote on their fate: Should they be allowed to continue their criminal ways with inadequate punishment, or has Britain had enough? His website attracts a worldwide audience and, although the authorities know where he is, they are powerless to stop him. Can Gray carry out his audacious plan? Will Andrew Harvey and his fellow MI5 operatives find a way to stop him? Gray Justice, the first book in the Tom Gray series, is more than a simple tale of revenge: it's a rollercoaster ride with an ending you'll never forget. Gray Resurrection After the terrorist explosion in which he is believed to have died, Tom Gray has been living a quiet life in the Philippines as Sam Grant, under the watchful eye of his government handler, James Farrar. His peace is short-lived; Farrar recruits him for a mission that needs Grant's particular skills, but fate intervenes when Grant is taken hostage in the southern islands by Abu Sayyaf, a militant organisation, and comes face-to-face with a dangerous former enemy. Gray Resurrection, the second book in the series, is an exciting and fast-paced thriller with an explosive conclusion that reintroduces the inimitable man-of-action, Tom Gray. Gray Redemption A year after he was declared dead and began living under an assumed name in the Philippines, Tom Gray wants his life back... Along with two ex-army buddies and a woman he rescued from terrorists, Gray attempts to make his way home to the UK to clear his name: no easy feat when members of the British government want to kill Gray and his loyal friends, and the long clandestine journey home on a container ship gives Gray's nemesis, James Farrar, the time to hatch a plot to intercept him. In Gray Redemption, the third book in the popular and action-packed series that began with Gray Justice, the hunted and the hunters converge. Tom Gray's only hope is to seek the help of an old adversary and pray he still believes in justice.

Guerrilla Publishing Derek Murphy,2017-01-24 TRAIN THE INTERNET TO SELL BOOKS FOR YOU Book marketing doesn't need to be an exhausting hamster wheel of promotion and publicity. Put your book sales on autopilot... so you can focus on writing your next bestseller. FAST AND EFFECTIVE BOOK MARKETING This book is a crash course on some of the more creative book marketing strategies I've discovered in my first year of publishing fiction. It will provide simple, actionable, measurable steps to publishing a high quality book quickly, doing only as much marketing as is necessary to launch your book like a rock star, and keep it selling enough to support you while you write another. I only mention the things I actually use, that I know work, and ignore options that don't get results. We'll discuss paid advertising, release strategies, pricing and pre-orders, book giveaways, how to target your audience, viral exposure and press coverage, marketing hacks, and how to reach your first \$1000 on Kindle. LAUNCH BIG EVEN IF YOU'RE STARTING SMALL Guerrilla is a style of warfare intended to surprise and harass enemies. It can also mean using unconventional and usually inexpensive means to generate interest or raise concern among the public. That's basically how I'll use it: book marketing strategies from the trenches to help you win the publishing war. However, instead of surprise and harass I will focus on surprise and delight. First you need to show up and get in front of the right people. Then you need to surprise and delight them. You need to be remarkable enough to be noticed. Few authors are using these strategies (yet) so it's relatively easy to outrank your competition, get more visibility and reach new readers.

Curious Video Game Machines Lewis Packwood,2023-11-30 The story of video games is often told as the successive rise of computers and consoles from famous names like Atari, Commodore, Nintendo, Sega, Sony and Microsoft. But beyond this familiar tale, there's a whole world of weird and wonderful gaming machines that seldom get talked about. *Curious Video Game Machines* reveals the fascinating stories behind a bevy of rare and unusual consoles, computers and coin-ops - like Kimtanktics, a 1970s wargame computer made out of calculator parts, or the suite of Korea-exclusive consoles made by car manufacturer Daewoo. Then there's the Casio Loopy, a 1990s console that doubled up as a sticker printer, the RDI Halcyon, a 1985 LaserDisc-based machine that could recognize your voice, and the Interton VC 4000, a German console made by a hearing-aid company, as well as a range of bizarre arcade machines, from early attempts at virtual reality to pedal-powered flying contraptions. There are tales of missed opportunities, like the astonishingly powerful Enterprise 64 computer, which got caught in development hell and arrived too late to make an impact on the British microcomputer market. And there are tales of little-known triumphs, like the Galaksija DIY computer kit that introduced a whole generation of Yugoslavians to computing before the country became engulfed by war. Featuring exclusive interviews with creators, developers and collectors, *Curious Video Game Machines* finally shines a light

on the forgotten corners of video-game history.
